### CHARLES EDWARD GRAY, President of Socialist Club.

We live in a crisis of history. The economic structure of the world has collapsed like a house of cards. Factories are idle, millions are unemployed, trade is stagnant. Labor is rumbling ominously—the veterans in Washington, the farmers in Iowa, the coal miners in Illinois and Kentucky, and so on. And over Europe, Asia, and South America war clouds roll darkly. Never has the human race so "walked thru the valley of the shadow of death!" And it is all human fault. Nature has not failed us; granaries are full and food riots are on the ground. Labor and science are available to transform our earth into a paradise. No man or woman in any country wants war. It is our crazy organization of society that is faulty and rushes us on to apparent destruction. Socialism proposes intelligently to reorganize society so that mankind will not suffer when plenty is within reach, that millions will not endure idleness when there is so much to do, that humanity will not be doomed to war when it craves peace. The breakdown of our present capitalist system is due to two fatal defects in it: 1. Lack of co-operation and intelligent economic planning. 2. Inability to distribute its products, or "overproduction."

### SHERWOOD WRITES PLAY

Jenks Portrays Hannibal; Dorothy Zimmer Takes Feminine Lead.

Opening their 1932-33 season with a type of play they have never presented before, the University Players will offer Monday evening for a week's run at the Temple theater "The Road to Rome" by Robert Emmet Sherwood, which ran for a year on Broadway.

The characters of the play are historical personages who lived in the second century B. C. and their costumes are typical of the period, but the playwright has made their speech the most modern jargon.

Jenks Plays Lead.

Hart Jenks, Shakespearean actor, who came to the campus last year to appear in two university plays, "Othello" and "Death Takes a Holiday," takes the lead in the present production as Hannibal, historic conqueror. Dorothy Zimmer as Amytis, wife of Fabia Maximus, plays opposite him, while the role of Fabia is taken by Zetty Lerner. Herb Yenne takes the part of Mago, brother of Hannibal.

The scene of the first act is laid in the home of Fabius Maximus, Roman dictator, while the second and third acts take place in the camp of Hannibal just outside the city. When the plays opens the

### Campus Socialist Club Summarizes Party Platform

There is no other way. This tremendous but necessary transaction from privately owned to publicly owned industry ought to be made peacefully and by degrees. In 1932, socialism proposes to socialize natural resources, basic public utilities, and banking. Further socialization will come later. The postoffice, public schools, libraries, and municipal utilities are examples of successful socialization now. Socialism speaks out clearly for world peace by a policy of envisioned internationalism: 1. In this crisis the world's peace machinery to prevent war must not fail. The United States must accept its responsibility as a member of the family of nations by joining the League of Nations and World Court. 2. Our high tariff forces other nations to build tariff walls too, thus causing world trade to stagnate and hatred to grow between nations. An international economic conference must be called to reduce tariffs, stabilize currencies, etc. The world is so interknit and interdependent that only by international co-operation can prosperity and peace be secured. Talk of

### BIBLEMEN SKIN HEAVIER SQUAD

Huskars Catch Ponderous Jayhawk Team Off Balance At Start of Game; Scarlet Eleven Tallies in Six Minutes of Offensive Play.

### NEBRASKANS SCORE TWICE IN FIRST QUARTER

Mathis Makes Spectacular Forty-Four Yard Scoring Run for Initial Touchdown; Staab Carries Ball To Goal After Intercepted Pass.

LAWRENCE, Kas.—A light but determined Nebraska team swept the much heavier Kansas eleven off its feet to roll up two touchdowns in a great first quarter offensive, and then proceeded to settle down to a defensive game in scoring a 20 to 6 victory at the Memorial stadium Saturday afternoon.

Catching the ponderous Jayhawkers off balance right from the start as per instructions, the Huskers tallied their first touchdown after six minutes of play, when the brilliant running Chris Mathis got away on a wide end sweep to reverse his field for a dazzling 44 yard scoring gallop. Chris started the spectacular dash by swinging far to the right, then cutting back to the left side of the field to cross the last chalk mark without a Jayhawk tackle touching him.

Fine interference aided the Teacup half. Masterson kicked the try for point. Warren Debus, the Scarlet right guard who hails from Belleville, Kas., inaugurated the second touchdown drive when he intercepted Dumm's pass and carried the ball back 5 yards to the Kansas 36-yard line. After a couple of ineffective plays Staab shot a 25 yard aerial to Roby who was downed on the 8-yard line. On the next play Staab tore around right end for a touchdown. Masterson again kicked the goal. There was only 20 seconds left in the first quarter when Staab went over.

Aroused by the ease with which the Cornhuskers counted their markers, Coach Lindsey's men immediately flashed a spectacular passing attack.

Carnie Smith, 195 pound quarterback, was on the throwing end of most of the flips and his 22 yard effort to Hanson resulted in a touchdown for the Jayhawkers. Hanson nabbed the pigskin in a yard or so of sidelines and sped the remaining 10 yards to the goal. Schaska missed the try for point.

Nebraska took the ball down far into Jayhawk territory before the half ended, but Sauer's pass over the goal was incomplete. Rain which began late in the first quarter and continued during the second, stopped at half time and bursts of sunshine cleared away the clouds.
