A Finishing
Touch
For the Girl

This gleaming black enamel
vanity will make any girl's
formal attire look absolutely
complete. Clever designs can
be had to match any other ac-
cessories. They're very reason-
able.

A Necessity
For the Man

For formal wear, a lighter is
necessary in order to prevent
that sleek appearance from be-
ing marred by bulging pockets
containing matches. The lighters
are very smart in black enamel
with white design.
