TIBBETT WILL MAKE FIRST APPEARANCE IN MID WEST HERE

Famous Singer to Be Heard In the Coliseum on April 3.

Lawrence Tibbett, well known singer, will make his first appearance in the midwest Monday evening, April 3, at the University Coliseum. His appearance is under the local management of Florence Gardner and under the sponsorship of the Lincoln Woman's club.

In addition to his career with the Metropolitan Opera company, Tibbett's has appeared in numerous motion pictures including "The Cuban Love Song," "The Rogue Song," and "New Moon." He is now making a tour of the country, and his concert in Lincoln will be the only one in this section of the country.

Tibbett attributes his success to his lack of personal eccentricities and what the public is pleased to call "artistic temperament." "Be yourself" is his favorite expression, and in singing a song or impersonating a role he says, it has never been a question to him of how the others might do it.

Beginning Monday the members of the Lincoln Woman's club, and a committee of university students headed by Miss Dorothy Zimmer, will begin their campaign for the sale of tickets for the concert. All seats are reserved, and the reservations will be filled in the order of their receipt by Florence Gardner at the Hotel Cornhusker.

NUMBER OF FUTURE TEACHERS DECLINES

Registration This Semester Is 131 Less Than Last Year.

Records of the University of Nebraska department of educational service for the period from Sept. 1, 1932, to Feb. 1, 1933, shows a decline in total registrations of prospective teachers amounting to 131. The total registrations for the corresponding period last year was 889 and for the period ending Feb. 1, 1933, the total was 758.

The largest decline was recorded in registrations of applicants for grade school positions. Feb. 1, 1932, total was 232 while the total for the period just ended was 142, or just 90 less. Teachers' bureau officials point out that the grade school field is less crowded than the high school field and yet the former has many less applicants.

A total of 452 women applied for high school positions up to Feb. 1 last year, while this year 406 have filed applications. During the same period last year 205 men made applications for positions in this field and this year 210 have applied so far.

The cast is headed by W. Zolley Lerner who takes the title role of "Porgy." Opposite him will be Dorothy Zollener playing Crown's Bess while Francis Brandt takes the role of Crown.

The play concerns itself with the life of the Gullah-negro, a type little heard of by middle-westerners. Outstanding in the production, is the chorus of thirty selected negro voices who will aid in spiritual selections.

Porgy Plays Gambler.

"Porgy" is a crippled beggar who drives about on the streets of Charleston in a shabby goat cart during the day, and transforms into the chief gambler of the row at night. Crown is a cotton stevedore, the bully of the row, while his gin-swaggering, dope-sniffing (Continued on Page 4.)

Photographs on Exhibition.

The exhibition which is hung in gallery B will be on display until Feb. 12, and the public is invited to view it.

According to photographic authority, there is probably no photographer today who displays a more individual viewpoint than Edward Weston. Concerning his photographs he has said, "once my aim was interpretation now it is presentation."

A Mexican reviewer has said of Weston: "The texture, the physical quality of things rendered with the utmost exactness; the rough is rough, the smooth is smooth, flesh is alive, and stone is hard. Things have a definite proportion and weight, and are placed at a clearly defined distance one from another. In a word, the beauty which these photographs of Weston's possess, is photographic beauty."

BOARD APPROVES NEW MEAL PLAN

Ag College Students Will Dine for \$3.00 Per Week Now.

University of Nebraska students who eat at the college of agriculture cafeteria will now be able to board for \$3 a week. Twenty meals a week, or three a day except Sunday, will be served for this sum. Approved Saturday by the Board of Regents of the university, the plan becomes effective at once.

The new system has a double purpose, according to university officials, reducing as it does the cost of students' board and also to teach the students lessons in co-operative effort and making it possible for them to work part time.

Cafeteria Continues Same.

The new plan will be in addition to the regular cafeteria service offered at the agricultural college. Under the new plan a portion of the dining room will be screened off and good wholesome meals served family style to the students, who will take all their meals in the dining hall.

Students who so desire may be given work preparing, with the exception of the activities of the cooks; serving the meals, and other necessary duties. This work will be divided equally among the students who wish to work and who prove satisfactory and who are not already receiving money from other college departments.

The cafeteria will be operated as before for the benefit of other students. (Continued on Page 4.)

This gift was presented to the school children of Nebraska as a good will token from the children below the Rio Grande. This is the second good will offering received by the museum.

MORTAR BOARDS MAY HOLD PROGRAM DANCE

Society Wants Something Unusual for Annual Affair.

Attempting to create something unusual at their traditional dance Feb. 24, the members of Mortar Board are contemplating a program dance.

While no definite plans have been made, many members of the society feel that it will be acceptable to the student body.

Program dances at Nebraska have never been given serious consideration by the students, although the faculty has advocated such a plan for some time.

Miss Amanda Heppner, Dean of Women, believes that this custom would add much to campus social functions. Miss Heppner says that the purpose of a social affair is to make friends, as well as its being a law of courtesy to exchange dances, a thing which is not entirely fulfilled at the present time.

The custom of not having exchange dances seems to be merely a Nebraska custom, according to Margaret Upton and Jane Axtell, who attended the Mortar Board and A. W. S. conventions respectively last summer. They report that nearly all schools have the tradition of exchange dances, rather than the straight program. Both are anxious to see such a system adopted by the Nebraska students.
