The May queen and her maid of honor will also be selected at this election by popular vote of junior and senior women. The society wishes to emphasize the fact that Mortar Boards have no part in choosing the May queen, and that student votes alone determine her identity.

Membership in Mortar Board is determined on the basis of scholarship, leadership, and service. No girl will be considered by the society who does not have at least an eighty average and a scholastic record free of delinquencies or failures. Service to the university and participation in extra-curricular activities will be important factors in selecting new members.

## Panhellenic Council to Act On Recommended Changes At April Meeting.

Indications are that a number of changes are being made in last year's program of rushing. Lucille Hitchcock, Alpha Omicron Pi, is chairman of the committee in charge of the revisions.

It has been the aim of the committee to cut out all unnecessary expenses and limit the amount spent to a minimum. This has been done by the elimination of one of the summer rush parties. This new ruling means that each sorority will be allowed to have only one party during the summer. The affair would be given between the first of August and the first of September. The committee revising the rules has set \$50 as the maximum amount to be spent on this party. At the same time it urges that no group spend a sum as large as that.

Will Not Give Favors.

Another of the changes to be made in the plans for both the summer and the regular fall rush parties is that favors will not be given except at the preference party on Wednesday evening. Here
