

WHITES TRIM REDS BY 22 TO 0 SCORE IN LAST SCRIMMAGE

Winners Employ Smashing
Attack From Punt
Formation.

Running a smashing attack from punt formation, the Whites walloped the Reds by a 22 to 0 score in the final scrimmage of the spring practice for the Husker gridsters Saturday afternoon. With weather conditions perfect, except for the heat, the White-jerseyed eleven showed more power than has been exhibited by either team at any previous time during the last few weeks of drill.

This was the "rubber" tilt of the series of three between the Reds and Whites this spring, each crew having taken a 6 to 0 verdict in the previous scraps. The time played in each of the games has been 40 minutes. In the first mix a few weeks back, plays were run from single wingback formation, and last Saturday when the Whites won, double wingback was used.

Three Smash Line.

With George Sauer, Jack Miller, and Bernie Masterson taking turns in smashing the Red line, the White outfit completely outyarded and outplayed its opponents all afternoon. The Red eleven only got one first down, that being in the fourth quarter, when a pass to Yelkin from Williams was ruled complete on the Red 30-yard mark, because of interference.

George Sauer proved to be the individual star of the day, scoring two touchdowns, passing and punting, and playing a whale of a defensive game. He scored his first marker on a 7-yard end sweep after three minutes of play, and then in the third quarter smashed through the middle of the line for 8 yards and a touchdown. The Lincoln husky was also instrumental in the tallying of the third score by Scherer, in the fourth period, passing the ball 35 yards to the sophomore end. Garnick, sophomore tackle, blocked Yelkin's punt on the Red 10-yard mark to score an automatic safety as the ball rolled past the end zone, and Bernie Masterson kicked two points after touchdowns to account for the remainder of the scoring.

Hub Boswell Passes.

Hub Boswell again shone as a pass snagger, hauling in one for a 20-yard gain just before the first tally in the first period, and then in the third quarter nabbing one of Sauer's flips for a 25-yard gain on the Red 15-yard chalk line.

The Red team tightened up quite a bit in the fourth period, holding the Whites when they had advanced to the 8-yard line, but it was only about a minute later when Scherer caught the scoring pass from Sauer.

Johnny Williams again played a fine game, but was unable to chalk up any considerable gains against the staunch White line. He did the passing, carried the ball virtually every time, and stood out on the defense.

Two more days of practice remain, Monday and Tuesday afternoons, to be utilized for brushing up on plays from the three formations taken up during spring drill.

CONFERENCE CATCHES

BY
BURT MARVIN.

Saturday afternoon the Nebraska football squad showed a lot of power when the Whites trounced the Reds 22 to 0 in that forty minute game. The White backfield, composed of Bernie Masterson, George Sauer, Jack Miller, and Hub Boswell was pounding the opposing line to shreds most of the time, and Sauer performed in real old time fashion. Masterson's advent in the lineup, after he failed to show up for spring practice 'till last Tuesday proved a big help in the offense. His blocking and ball carrying were outstanding.

Sauer made two of the three touchdowns, passed to Scherer for the third, did all of the passing and punting, and was one of the leading defensive men. And he is far from fragile with his 198 pounds of weight. However, George usually finds it difficult to go through a season without getting injured and thus handicapped. Many critics deemed him to be as good as any back in the country following his great showing in the Pitt game last fall.

Virgil Yelkin, punting for the Reds, had a tough time getting his punts off in the face of the onrush of the White line, but one of his kicks sailed sixty yards and rolled fifteen for a seventy-five yard total, which is considered a good distance anywhere. Garnick, another sophomore, who played tackle for the Whites, blocked one of Yelkin's kicks, and an automatic safety was chalked up when the ball rolled through the end zone. Garnick felt the shock, and seemed to experience quite a tummy ache afterwards.

Johnny Williams played a one man game for the Reds, and as the game ended he was completely exhausted. The former Lincoln high star, who will be a sophomore, did practically all of the ball-carrying for his team, and tossed all of the passes. Williams is considered one of the best defensive men on the roster, and plays with spirit unequalled by that of any other man in the group.

Saturday was a bit too warm for football, but it certainly was a tennis day. For once the Nebraska winds were quieted (premonitory of a blizzard, probably), and the courts south of Bessey hall were in good early season shape. Nebraska will not have a tennis team this year, unless players in the university want to carry out a schedule on their own expense.

Milton Transchel, who plays tennis right up in the money here in Lincoln during the summer months, and who attends College View high school, does not plan to enter Nebraska next fall. His father has been moved to California by his company, and thus the College View net ace plans to attend Southern California. Transchel is one of the best young players to appear in these parts for several years, and with good coaching at U. S. C. we may hear things about him sometime. Ellsworth Vines attended the same school.
