OFFICIALS ANNOUNCE SECOND AG ELECTION

Committee Refuses to Make Statement Regarding Thursday Vote.

"No election" was the verdict given out by the ag executive board and the faculty election committee at the college of agriculture Saturday regarding the annual spring election supposedly held Thursday.

Coming out from behind closed doors, the two bodies gave out no official statement regarding the actual facts of the election but emphasized the fact that a new election will be held Thursday.

Not only will the students vote for ag club officers as they did last Thursday but they will also cast their ballots for an entire new election slate. Four officers to the club, members of the fair board, fair manager, student council representatives from the college, collagri-fun committee members and woman and man at large for post-tions on the ag executive board will be elected.

Some "Shylock Holmes" dently was largely responsible for the turmoil which followed the counting of the ballots in the Thursday election. Protests began to arise before the evening was yet gone and came to a head Friday evening when the ag executive board and the faculty election committee met for final action

Students Should Seriously Consider Proposed Tax Plan, States Schramm

Building Fund Is Important.

The student activities tax plan, as presented by the student council is one of the most noteworthy and constructive measures introduced by that body in many years, is the opinion of Professor E. F. Schramm, chairman of the department of geology at the university.

"Introduced primarily to benefit the many students who are now unable to participate and receive the benefits of the many student present time. activities, I feel that the proposition is one worth the serious consideration of every student on the deciared Professor campus. Schramm.

EDUCATORS ATTEND MEET NEW STUDENT COUNCIL **WILL MEET FIRST TIME** WITH RETIRING GROUP

Usual Custom Establishes Principle That President Must Be Holdover.

Newly elected student council members will meet for the first time Wednesday afternoon at 5 o'clock to elect officers and lay plans for next year's work. Retir-ing members of the touncil will meet with the new council to complete a few items of business before the new officers of the council are elected.

Some speculation has arisen on the campus as to wether the vic-tory which the Blueshirts won at the polls will in any way influence the selection of officers for the new council. A custom never yet broken has established the principle that the new council president shall be selected from the holdover members of the council. The two men holdovers on the council are representatives of the two factions and politics may enter into which or these two shall be president. Two women holdover members may also be in the running for the presidency altho there has not in many years been a woman president of the council.

The committee which has been working on the activity tax plan will seek permission from the new council to continue its work until the end of the school year. The committee will be in charge of the voting to take place in the various colleges during registration week beginning May 22.
