

BIBLE MAKES FIRST CUT IN GRID SQUAD

Varsity Group Reduced to Thirty Men With Six More To Be Added After Varsity-Nubbins Scuffle Set for Next Saturday Afternoon.

THREE CONTESTS SCHEDULED FOR B TEAM

Closed Practices Are Now in Order on All Days Except Wednesday and Saturday. When Public Drills Will Be Held With Scrimmages.

Coach Bible made his first cut of the season of the football squad Monday, reducing the Varsity squad to thirty-one members for the time being, intending to raise the Varsity to around thirty-six before the opening game with Texas, Oct. 7, in the Memorial stadium. At the same time closed practice starts, every night but Wednesdays and Saturdays when scrimmages will be held, being closed to the public.

About thirty players were scheduled to play on the "B" team, which so far has a program of three games with a possibility of a fourth. The Varsity squad was cut below the normal size and will remain so until after its game with the Nubbins on the regular playing field Saturday afternoon at 2 o'clock in the memorial stadium.

"After the Nubbins game some of the outstanding players on the "B" squad will be promoted to the Varsity. I am making allowance for the fact that I might have been mistaken somewhat in my selection of the Varsity and the "B" team game will allow me to make the necessary corrections," Coach Bible stated.

The following men were named on the Varsity:

ENDS: Bruce Kilbourne, Lincoln; Lee Pomeroy, Taber, Ia.; John Roby, Nelson; Virgil Yelkin, Lincoln; Jim Milne, Crawford and Jack Wilson, Omaha.

TACKLES: Gail O'Brien, Omaha; Walter Pflum, Imperial; Russell Thompson, Whitfox; Edward Uptegrove, Lincoln; Carroll Reese, Chappell; John Keriakodes, Lincoln; Benno Funken, Lincoln.

SOPHOMORES OUT TO FILL SOONER POSTS

Practice Fields at Norman School in Fine Shape For First Drill.

NORMAN. With their long-delayed opening practice just a few hours off, their is a stir in the University of Oklahoma football camp. Forty rocky sophomores, undismayed by the fact they'll have to meet out veteran players for a lot of the positions, are girding themselves for the approaching workouts. A handful of letter men are also on hand, determined to put up the battle of their lives to stave off the encroachment upon their positions by sophomores.

Everything is ready for the rough work. Ted Owen, veteran trainer, has completely renovated the basket room and has each man's white practice jersey and complete outfit all ready so not a minute of time will be lost issuing and fitting equipment. Three practice fields, each a beautiful well-mowed field of Bermuda, await the trappings of the players' cleats. Considerable painting and cleaning up has been done on Memorial stadium which will present a spick and span appearance when Vanderbilt invades Sept. 30. In the Sooner ticket office Bill Cross, ticket man, is busy filling mail orders.

IT SEEMS TO ME

by Irvin Ryan

Due to a unanimous decision by the athletic boards of all Big Six teams, there will be no broadcasting the Big Six circles this year. This has been done because of the fast dwindling gate receipts in the

past few years. All home games on any Big Six field will not be broadcast. This includes games outside the Big Six which plays on a Big Six field.

In effect this means that the Pitt-Husker game to be played at Pittsburgh is the only Nebraska contest which may be broadcast. However, the broadcasting of this game is only problematical, as Pittsburgh refuses to do so except over national hookups. Therefore if there are too many big games in the east when we play Pittsburgh we may not be able to hear how the home town boys are

getting along until after the game is over.

However, to offset the non-broadcasting of home games, the prices have been cut almost in half. This is expected to double the gate receipts. Last year a baseball pitcher came in with a sore shoulder which he wanted "Doc" to fix. After it had been fixed and to enable the athletic department to continue to support minor activities. As you probably

know most of the minor sports are supported by football receipts and when these receipts fall short then some department is bound to suffer, either by total elimination or by equipment shortage.

A new policy has been inaugurated at Kansas State this year toward high school students. A blanket invitation has been extended to all high school students to attend Kansas State games for twenty-five cents. In addition to this members of the "Knot Hole Gang" will be admitted at 10 cents each per game, as in the past.

FRESHMEN GRIDDERS HOLD FIRST PRACTICE MONDAY AFTERNOON

Coach Weir States Material is Best Available in Several Seasons.

MANY LINE POSSIBILITIES

The freshman football squad began work in earnest Monday afternoon on the south field in memorial stadium under the direction of Coach Ed Weir. Prior to this drill the frosh squad was slow in getting started because of the difficulties which the freshmen encountered in working out their schedules. Since a large number of freshmen have jobs they have had considerable trouble in arranging their hours.

Coach Ed Weir plans to start the aspirants out in the same manner in which the varsity squad was managed under the direction of Coach Dana X. Bible. Only three plays were given to the men all of them under punt formation. This is for the purpose of acquainting the men with fundamentals first, but still allowing them to experience actual scrimmaging.

The plays given were drives through inside tackle, outside tackle and around end. No pass plays will be attempted for a time. Coach Weir is well pleased with the setup of freshmen material. This year's men are on the whole much heavier and more experienced than the yearling squad has been for several years. There is also considerable speed among the contestants for the team.

Backfield material is especially good, as most of the backs are heavy, speedy and hard hitting. Lloyd Cardwell, former ace athlete in both track and football at Seaward high, is one of the candidates for a back position.

Coach Weir stated that as there are about two backfield candidate to every lineman there is likely to be considerable shuffling. The fact that there is about double the amount of line material needed, as there are seven positions in the line to only four in the backfield, will add to the need for much switching.
