

FADED DIPLOMA RETURNED

New York University to Have 100 Year Old Parchment for Archives.

NEW YORK (CNS). A faded diploma, awarded 100 years ago, this week had been returned to New York university for its archives.

The parchment was awarded to James Joseph Acheson in 1833, and was returned to the Alumni Federation of the university as a valuable document worthy of a place in the archives by Russell A. Chapin, a grandson, of Santa Monica, Calif. Acheson was one of three members of the university's first graduating class, which has since awarded 52,662 degrees.

Huskies Need More Scrimmage Before Texas Game, Says Bible.

SHORT ON RESERVES

Wednesday's Drill With B Team Last Before Frosh Game.

With crisp, cool football weather aiding the squad for the first time this season Coach Bible, feeling that the Huskies are still in need of game practice, has announced a three game scrimmage schedule before the coming conflict with Texas takes place here in the Memorial stadium Oct. 7. Full time regular games will take place this afternoon at 4:30; Saturday afternoon against the freshmen at 2, and the following Wednesday again at 4:30 o'clock.

The Husker defense, which has heretofore been neglected because of the necessity of erecting a smoothly working offense, is now being emphasized by Head Coach Bible. Tuesday's workout was mainly concerned with defensive plays, tackling in particular.

"No team can hope to have a good defense without sure tackling," Bible commented. In yesterday's drill a special method was undertaken by Coach Bible to enable the coaches to see the work which each particular department was doing. Instead of the usual scrimmage only certain designated men carried out their game routine. Tackles for instance, went through their plays while the rest of the squad remained intact. In this manner the coaching staff was enabled to witness each movement of the players as the maneuvers took place. This was done in the case of every position and corrections were made as needed.

An attempt is also being made to build up the reserve material. While it is true that the Huskies have, or are able at the present time to have, a starting lineup of all veterans, the reserve material is exceedingly weak.

Coach Schulte remarked, "Eleven men never make a great football team." This veteran grid and track coach has built a number of nationally known lines at Nebraska.

The scrimmage this afternoon will take place against the "B" squad. The one Saturday will be against the freshmen and there will be a charge of 25 cents for adults and children will be admitted for 10 cents.

WARREN DEBUS NAMED FOR ATHLETIC BOARD

Lettermen's Group Elects Senior Gridder Delegate Governing Body.

Warren DeBus was elected to represent the "N" club on the athletic board for the coming year by a vote taken at the initial meeting of that organization this year, Tuesday at 8 o'clock in the "N" club room of the coliseum.

The requirement for election to the athletic board is ninety hours credit. With his appointment go the responsibilities of attending every athletic board meeting and reporting the results to the men at the next session.

Following the dinner motion pictures were shown of the squad and the coaching staff. Then motion pictures were presented giving a bird's eye view of the world fair and various happenings which took place at the exposition.

Pictures of Coach Schulte and Coach Bible were purchased for the club room. Both of the pictures were crayon drawings of the

IT SEEMS TO ME

by Irvin Ryan

Bohn Hilliard, of the Texas U. squad, broke lose for three touch-down jaunts during their game with Southwestern University. Hilliard didn't enter the fray until after Texas had made their first touchdown, when he entered to kick the extra point.

The third time he received the ball he broke loose on a 33 yard run for the second touchdown of the game. His other runs were also of a spectacular nature, thus indicating that he is an especially dangerous broken field runner. He is noted for his high knee action.

Coach McMillin has installed a new system of practice, cutting his varsity squad of fifty into two sections, according to the arrangement of class schedules. One group reports at 3:30 and practices until 5. The other reports at 4:30 and works until 6. Scrimmage usually is in order during the thirty minutes the two groups overlap. "This method enables more individual attention and gives the coaching staff a chance to develop reserves," the Kansas State mentor stated.

Harold Keith, of the Sooner Sports service, states that the Oklahoma squad has averaged injuring one man daily for the past week because of their desperate efforts to get in shape for their inter-sectional tilt with Vanderbilt.

Mutt Miller, end, split the tissue and muscles between his middle fingers. Jack Fleming, fullback, twisted an ankle so badly that it was necessary to put it in a cast. Ben Poyner, fullback, is out with two crushed ribs. Wayne LeCrone, end, has a twisted ankle. "Jiggs" Whittington, guard, is reported to have a cracked shoulder bone and Delmar Steinbock, back, also sustained a bruised shoulder.

The Notre Dame system of football occupied the Kansas Jayhawkers during their Monday drill. Creighton, a team which employs that system, is the Kansas foe next Saturday night and on Oct. 7, Notre Dame will be host to the Jayhawkers at South Bend, Ind. H. W. Hargiss, former head coach and now chief scout, resumed a coaching role Monday in order to demonstrate to the varsity the system.

Frank Carideo's Tigers are reported to be already 50 percent better than last year. He was so pleased with the progress of his men on the offense that he switched the emphasis to the defense. The men are catching on rapidly to the Notre Dame style of play and under the direction of the heady Carideo they are expected to go places this year. Last year they had considerable difficulty in catching on to the system, which was totally different from the one previously used.

Quadruplets Register At Baylor University

WACO, Tex. (CNS). Quadruplets—Mona, Mary, Leota and Roberta Keys of Hollis, Okla.—this week were scheduled to register as freshmen at Baylor university. They are 18 years old.

California Plans School Ph.D. Degree Holders

LOS ANGELES (CNS). Establishment of a school of research to which holders of Ph. D. degrees will be admitted without tuition, was announced this week by the University of Southern California.

According to Dr. Rockwell D. Hunt, who will head the school, its aim will be to develop in the minds

of qualified men and women an attitude which will not be satisfied with mediocrity and to encourage original thinking and independence of thought.

Scott Studies at Cornell. Philip C. Scott, assistant instructor in the department of philosophy last year, has entered Cornell university, where he is to be a candidate for a doctor's degree.
