PRESENT BRIEF PROGRAM

Announcement of Scholarship Rating and Awards Is Evening Feature.

Six hundred sorority women will attend the annual Panhellenic banquet to be given tonight in the ballroom of the Cornhusker hotel at 8 o'clock. The banquet this year will be the eighth in as many years sponsored by the city Panhellenic association.

A feature of the evening's program will be the presentation of scholarship awards for last year. The seven high sororities, to be announced at the banquet, will be awarded silver cups, presented annually by the Panhellenic association.

Roma Ridour and Susan Lau are in charge of arrangements for the event, at which Mrs. C. L. Clark, Panhellenic president, will preside. Mrs. Viola Erickson is in charge of the program for the evening. Mrs. E. A. Burnett and Miss Amanda Heppner, dean of women, have been invited as honor guests and may speak briefly.

Original Scheme Used.

An entirely original scheme has been devised to announce the scholarship awards this year. A gigantic book, five and a half feet high, will reveal the names of the winning sororities. At the end of the program the book will be opened and the exposed pages will disclose the seven high organizations.

Music for the occasion will be furnished by a string trio composed of Marian Stamp, Dorothy Bergen and Marjorie Baty, and Katherine Dean will sing. The University Players will present two short skits also.

The banquet will be opened with the Panhellenic song presented by members of Alpha Chi Omega, who won the intersority sing last year on Ivy day, and during the dinner each sorority will sing one of its own songs.

Red and white will be used as the color scheme for decorating the ballroom. Red and white streamers will hang from the walls, red candles in white candelabra will be at each table, and red and white flowers will be placed at the speaker's table. At each end of the ballroom a large scarlet N will be hung.

GRID-GRAF WILL SHOW IOWA STATE NEBRASKA GAME

New Mechanism Will Give Play by Play Account of Husker Tilts.

TO REPLACE BROADCASTS

Alumni Association Erects Screen in Coliseum for Team Fans.

A play by play account of the Husker-Amer clash next Saturday will be brought to university students at the Coliseum through the new grid-graf, recently purchased by the alumni association, according to Ray Ramsay, secretary of the organization. All out of town games will be shown over the board.

A light traveling behind a screen will show observers the exact position of the ball and how it travels on a miniature field. Lights will flash on beside the name of the man carrying the ball and the tackler. Lights also will show other information such as who has yards to go, quarter, and various positions of the play.

The Alumni association decided to purchase the grid-graf because it has been found to be so successful in other universities, according to Ramsay. He stated that about sixty percent of the major universities have similar boards.

Developments of the game will be sent to the three operators of the grid-graf direct from the game by telegraph. A picture of the grid-graf will be found in another section of the Daily Nebraskan.

Students will be charged an admission of twenty-five cents to see each game with grid-graf, according to Ramsay. Money received from admission will be used to pay the cost of the board which was \$575. He stated that as soon as the grid-graf has paid for itself, either no admission would be charged or a ten cent admission would be charged and put into a fund which would be used for student purposes.

DECORATIONS FOR HOMECOMING TO BE DISCONTINUED

Society Announces It Will Not Sponsor Traditional Event This Fall.

SUSPENSION IS FOR YEAR

Innocents to Revive Colorful Tradition in Future, Goulding States.

Competitive decoration of fraternity and sorority houses on Homecoming day, a custom of many years standing on the campus and one of the most attractive features of the day, will be temporarily abandoned for this year, according to an announcement made yesterday by the Innocents society.

The society, a senior honorary for men, which sponsors the event annually, stated that after much deliberation on the matter it was decided not to go ahead with the usual plans for decorations. The suspension is not permanent, however, but applies only for this year.

"The financial trouble which most of the houses on the campus are experiencing and the need for economy wherever possible makes it imperative that we discontinue the practice of decorating houses on Homecoming day," Byron Goulding, president of the Innocents, declared.

"This tradition will not be allowed to die, however," he continued. "When the fraternities and sororities again feel that they really can afford such projects, I am sure that the Innocents society will plan a Homecoming day as popularly decorated and as colorful as there ever has been on the campus."

The statement was made by the society that the practice would be dropped for the year after a number of organizations had requested information concerning plans for the day. Members of the society, after consultation with a number of faculty men, were unanimous in their decision to drop the plans for this year.

The custom in past years has been that the various fraternity and sorority houses on the campus would decorate their houses in competition with each other and in honor of their returning alumni or the football opponent for the day. The Innocents society sponsored the affair, provided judges, and awarded prizes to the winning houses. Houses were limited to a set sum to spend in decorating their residences.

Members of the society expressed the sentiment that while the custom was worth while and should be continued at some future year, the fraternities and sororities this year were in no position to spend money when it was not absolutely necessary.
