LINCOLN, NEBRASKA, TUESDAY, DECEMBER 5, 1933.

PRICE 5 CENTS.

NAME COMMITTEE FOR PARTY GIVEN BY MORTAR BOARD

Appoint Individuals to Plan Event Scheduled for December 15.

USUAL ORDER REVERSED Idea for Affair Originated During 1932 With Leap Year Function.

Willa Norris, president of Mortar Board, Monday announced heads of committees in charge of arrangements for their annual party scheduled for Friday, Dec. 15, in the collection.

The idea of this event sponsored by Mortar Board started in 1932, when it gave a Leap Year party.

Reverse Order. The natural order of things is reversed for this affair for girls ask their dates, purchase tickets, call for the boy and pay all expenses for the evening's entertainment.

According to Jane Boos, in charge of publicity, orchestra arrangements have not been completed as yet, but will be announced the last of the week.

DR. ROWE WILL SPEAK AT SECOND GATHERING OF SIGMA XI TUESDAY

Will Deal With Status of Roentgen and Radium Therapy.

The Nebraska chapter of Sigma Xi, honor society organization, will hold its second meeting of the year in Morrill hall auditorium, Tuesday evening, Dec. 5, at 7:30 p. m.

Dr. Edward W. Rowe, past president of the radiological society of North America will present his principal address, "Biological Effects of Irradiation."

Members to Hear Dr. Rowe At Dinner to Be Held Wednesday Night.

Former chairman of the classics department of the university of Nebraska, Dr. C. G. Lowe, will be guest speaker at a Faculty Men's club 6 o'clock dinner meeting Wednesday night at the University club.

Miss Scurlock to Speak At YW Vespers Tuesday

Stella Scurlock, sectional secretary of Y. W. C. A., will speak at the regular Tuesday vespers this week.

Unemployment Survey Reveals That Lincoln Approaches Prosperity at Slower Pace Than the Average City

Lincoln is approaching the corner around which lies prosperity at a slower rate than that of the average city, according to figures compiled by Professor Swazy's personnel management class in its recent 1933 unemployment survey.

There has been an increase in employment from 10 to 35 percent in the country during the past year, while in Lincoln the change has been slight.

Listed in the survey there were 3684 persons, representative of Lincoln's population, enumerated, of whom 928, or 25.2 percent were wholly unemployed.

CWA Alters Position. When Professor Swazy made public the findings of the survey, he pointed out the fact that the conditions pointed by the investigation are now no doubt altered considerably by the influence of the recently-installed CWA.

PUBLISH FOOTBALL EDITION Feature Scenes From Iowa And Oregon Games Taken By Ray Ramsay.

Two pages of pictures of scenes at the Iowa and Oregon games, taken by Ray Ramsay was the feature of the Nebraska Alumnus supplement which was published recently.

HISTORICAL CLUB TRANSFERS BOOKS TO MAIN LIBRARY

Regents Arrange for Change Grant Manter Leave of Two Months.

Transfer of the library of the State Historical society to the University of Nebraska was announced Saturday by Chancellor E. A. Burnett of the University.

Dr. H. W. Manter.

Following a meeting of the board of regents, announcement was also made of the granting of leave to Dr. H. W. Manter, associate professor of zoology and adviser of premedical students, to permit him to accompany a Carnegie Institution expedition.

FACULTY MEN'S CLUB NAMES GUEST SPEAKER

Members to Hear Dr. Rowe At Dinner to Be Held Wednesday Night.

Former chairman of the classics department of the university of Nebraska, Dr. C. G. Lowe, will be guest speaker at a Faculty Men's club 6 o'clock dinner meeting Wednesday night at the University club.

Dean Is Member of Special Committee Called to Revise Booklet.

Dean O. J. Ferguson of the University college of engineering left Friday for New York City, where he will represent the sixth national district of the American Institute of Electrical Engineers at a meeting of the national nominating committee.

NEBRASKA STAYS AT HOME

Columbia Gets Invitation to Rose Bowl; Husker Fans Disappointed.

Word was received late Monday evening that Columbia university of New York had accepted the invitation tendered by Stanford to represent the east in the annual Tournament of Roses grid battle in Pasadena on New Year's day.

Nebraska hopes for a bid had run high in view of the Huskers' fine record.

DEBATE DRAWINGS COMPLETED; LIST ELEVEN ENTRANTS

Place Five First Year Men on Affirmative Opposing Six on Negative Side.

AWARD WINNER TROPHY Select Judges for Contest from Members of Past Varsity Squads.

Drawings for the competition in the Long freshman debate contest placed five first year men on the affirmative side of the proposition opposed to six freshmen arguers on the negative side of the question: Resolved, That the federal government should establish a policy of price-fixing.

The speakers upholding the affirmative are Clayton Ankeny, Lincoln; Bruce Heater, Lead, S. D.; William Lawrence, Lincoln; Arnold Levine, Rosalie, and George Petzold, Lyman. The negative contenders are Robert Funk, Lincoln; Herbert Kaplan, Omaha; Carl Mat-schullat, Page; Jack Roberts, Lincoln.

AWGWAN TO USE XMAS THEME IN ITS NEXT NUMBER

Cover Portrays Santa Claus Confronting Problem of Modern Chimney.

Santa Claus confronted by the problem of going down a modern chimney, is portrayed in four colors as the cover design on the December issue of the Awgwan which goes on sale Wednesday, December 6, according to Rosalie Lamme, editor of the publication.

Christmas is the theme of this issue of the magazine and will be carried out through the magazine, according to Miss Lamme. Short stories with Christmas as their background will be prominent in the humor publication.

Football stars in pajamas and two students in a "clinch," will be the feature of the snapshot section of the magazine, according to Miss Lamme.

A group of selections from famous horror stories will compose a horror story by Morris Johnson, which appears in this issue of the publication. Picture of the sponsors for the military ball will appear in another section.

Campus Annals, a regular column of the publication giving the "low down" on the university social "high lights," theater and fashion sections are among the regular features which will appear in the Christmas Awgwan.

FERGUSON LEAVES FOR ANNUAL ASME MEET

Dean O. J. Ferguson of the University college of engineering left Friday for New York City, where he will represent the sixth national district of the American Institute of Electrical Engineers at a meeting of the national nominating committee.

While there he will attend the annual convention of the American Society of Mechanical Engineers, meeting the same week.

Dean Ferguson is a member of the special committee called to consider proposed revisions of a booklet now published by the engineering foundation, descriptive of the engineering profession.

In forming high school students of the bases for an engineers' career, the group hopes to invite new boys into the field, and warn out those who would be misfits.

Former Geology Students Visit Here During Week

Five former students of the University department of geology have visited here during the past week.

They are: Jerry Svoboda, who took his degree in 1929, and is now living in St. Paul; Leonard Durrefeldt, 1930, now living in Gordon; Alfred Beck of the class of 1929 is consulting geologist at Tulsa, Okl.; Marlin Christensen of Minden who was graduated in 1928; and Elmer Pond, Plainview.

EDITION

ROSENQUIST SPEAKS TO FORM OP Y CLUB ON 'HOW TO STUDY'

Prof. C. E. Rosenquist spoke last night at the meeting of the Farm Op Y group on the subject "How to Study." This was the first meeting of the group since its organization.

Monday, Nov. 27, twenty-six of the seventy-five farm operators who are attending the four months course given by the university for those who cannot attend the regular university session because of farm work, met to organize the Farm Op Y group.

A committee was chosen to plan meetings during the term. This committee secured C. E. Rosenquist for the meeting last night and has also secured Dean W. W. Burr of the college of agriculture to speak at their meeting next Monday on the topic, "The Future of Agriculture."

UNIVERSITY PLAYERS PRESENT PRODUCTION BEGINNING DEC. 11

Dorothy Zimmer Heads Cast Of 'Another Language' By Rose Franklin.

With a cast headed by Dorothy Zimmer taking the part of the young wife "Another Language" will open at the Temple theater Dec. 11 for a week's run.

Miss Zimmer will be supported by Betty Christiansen, Roy Squires, Francis Brandt, Harold Osborne, Harold Sumption, Mary K. Throop, Irving Hill, and Adele Tombrink.

"Another Language" by Rose Franklin was one of the two most successful plays shown during the 1931-32 season which was considered the worst in history. It played to capacity crowds at the Booth theater in New York last year.

Is Character Play. According to Harold Sumption, director of the performance, the production is a character play. The plot revolves about a commonplace family. The younger son is married to a girl of an entirely different type for she has an appreciation of arts and finer things of life.

The plot is concerned with the difficulties which arise from this lack of understanding between the two.

Dress rehearsal will be the last of the week according to Miss H. Alice Howell.

WHITNEY VISIONS LARGER BRAIN IN RACES OF FUTURE

Zoology Professor Speaks To Phi Beta Kappas Monday Night.

Predicting that man of the future will have an enlarged brain with the resultant greater intellect, Dr. D. D. Whitney, professor in the department of zoology, delivered the second in the series of winter lectures before a meeting of Phi Beta Kappa in the University club Monday evening.

About seventy-five attended. The total for the individual games are as follows:

CADET OFFICERS REHEARSE GRAND MARCH FOR BALL

Set Practice of Ceremony For Wednesday and Thursday Nights.

TICKETS NOW ON SALE Art Kassel and His Kassel's In the Air Play for Opening Formal.

Two rehearsals of the grand march, a regular feature of the annual military ball preceding the presentation of the honorary colonel, will be held this week, according to word released from the office of the military department yesterday afternoon.

The two practices of the ceremony will be held on Wednesday and Thursday evenings at 7:00 p. m., in the coliseum, the scene of the Military Ball Friday night, which will open the campus formal season.

All cadet officers who will participate in the grand march will be expected to attend with their dates, the department declared.

The grand march, a part of the (Continued on Page 6.)

GRID ATTENDANCE BREAKS ALL-TIME NEBRASKA MARK

Total of 111,343 Spectators Secure Tickets for 1933 Contests.

Attendance at the football games this year broke all-time records with a total of 111,343 ticketholders appearing at the games during the season according to the figures released by the John K. Selleck of the student activities office.

This year was also one of the best in financial way but was not of record breaking proportions because of the reduced prices on tickets.

Good Weather a Factor. "Good weather is the big reason in my opinion, that explains the reason," said Selleck, "with the popularity of Nebraska's team and the quality of the opposition following close behind. Other factors to be considered are the reduced prices and the fact that the games were not broadcast."

The totals for the individual games are as follows:

Texas 16,388
Ohio 16,397
Kansas 26,364
Iowa 22,724
Oregon State 23,692

Show Paid Attendance. These figures are only the ticketholders in the stadium and do not include the band, ushers, and others entering the stadium without tickets.

The Knottlers, the admitted at a lower price, are considered by Mr. Selleck to be a good publicity idea, because of the full price admissions which they attract to the game.

Also he believes that when the Knottlers themselves have outgrown the age limit that they will also return to the games swelling future crowds.

The games that the Nebraska team played off the home field totaled for the whole season only little over 50,000 according to the statistics available.

The crowds at the Pitt and Missouri games had to be estimated because of the lack of accurate information.

SECOND INSTALLMENT DUE ON CORNHUSKER

Students May Still Purchase Yearbook at Office Thiel States.

Second installments on Cornhuskers which came due Dec. 1, may be paid anytime this week in the Cornhusker office in University hall, according to Robert Thiel, business manager of the annual.

Students who are purchasing their yearbooks by the installment plan and cannot come to the office this week, he stated, may mail their second payment to the Cornhusker office in care of the University of Nebraska.

May Make Third Payment. Students wishing to pay their third installment of one dollar which comes due Jan. 15, may do so when they pay their second installment if they wish, Thiel said.

If they do this, no more will be due until they receive their books in the spring.

KIRSHMAN WRITING BOOK 'Corporation Finance' Title Of Volume Now Being Composed.

A new book on "Corporation Finance" is being written by Dr. J. E. Kirshman, the University's professor of finance, who expects the composition of it to require at least a year.

EXTENSION GROUP HONORS HEAD AT DINNER MONDAY

Dr. Harding, President of National Association, Speaks Briefly.

Honoring the president of the National University Extension Association, Dr. Arthur M. Harding, a luncheon was held at the Grand hotel Monday noon by the local division.

Dr. Arthur M. Harding.

Dr. Harding is director of the general extension service and professor of mathematics and astronomy at the University of Arkansas. He was graduated from that institution in 1904, and has a master of arts and doctor of philosophy degrees from the University of Chicago. He has been on the University of Arkansas faculty since 1905.

Is Co-Author. Scientific and scholarship organizations to which he belongs include the American Astronomical society, American Association for Advancement of Science, American Mathematical society, Mathematical Association of America, Phi Beta Kappa and Sigma Xi.

Dr. Harding is co-author of four mathematics textbooks.

About forty were present at the luncheon, including Chancellor E. A. Burnett, the deans of the various colleges, heads of departments and the members of the university extension staff.

Dr. Harding also appeared before the Lincoln Woman's club general meeting at 2:15 o'clock in the Temple theater, giving a celestial travel.

Members Place. Two other members of the Nebraska team won places in the contest. Elmer Heyne placed third, while Henderson received seventh place.

In commercial grading Heyne received first place and Kinch scored second.

The team, which has been coached by Anton Frolik, will arrive home Wednesday.

Miss Agnes Will Speak To Commission Groups

Miss Agnes of the Agnes Beauty Shoppe will speak to members of the freshman commission groups Tuesday evening at 7:30 in Ellen Smith hall.

Miss Agnes will talk on "Becoming Formal Coiffures."

Valuable ancient maps of the world, drawn by noted geographers centuries ago, are being displayed in a special exhibit in the University library.

A map drawn twenty-four centuries ago by Herodotus, "The Father of History," is on exhibit, showing in a striking manner the conception of the time that Europe was the only existing continent.

Another map in the collection was drawn by Strabo, a Greek geographer born in 63 B. C., and the author of one of the first geography texts. An edition of Ptolemy's Guide to Geography that was printed in 1548 shows the importance of the work, which was written in 150 A. D.

Ancient Idea of World. A map of the world, taken from an Arabian manuscript of Al Edrisi in the Bodleian library depicts the twelfth century idea that the known earth floated in a basin of water.

Martin Behaim, a celebrated German navigator and cosmographer, depicts the European continent and African coast in new detail on the celebrated Nuremberg globe, which he constructed while in the service of the Portuguese navy.

A reproduction of the map drawn of the exploits of Christopher Columbus shows the island of the seven cities, which was the real object of his search. The original is now in the Bibliotheque Nationale in Paris.

BIZAD HONORARY WILL INITIATE 11 NEW MEMBERS

Stage Annual Banquet at Cornhusker; Kilgore Will Preside.

REED TO RESPOND Main Address Will Be Given By Professor Kirshman On 'Recovery.'

Annual initiation banquet for Beta Gamma Sigma, national honorary scholarship fraternity of colleges of business administration, will be held Wednesday, Dec. 6, at 7:30 in the Cornhusker hotel. Beta Gamma Sigma of the college of business administration is comparable to Phi Beta Kappa in the arts college.

Eleven new members from the senior class, initiated at a ceremony preceding the banquet, will be formally welcomed into the organization, as will the former members of the local chapter of Gamma Epsilon Pi, national honorary scholarship fraternity of Bizad colleges, which was officially absorbed by Beta Gamma Sigma at the national convention last spring.

J. Edward Kilgore, president of the local chapter, will preside at the banquet, to be held in the Lancaster room of the hotel.

To his welcome of the new members of the organization, Mrs. Florence Benson Reed, former national treasurer of Gamma Epsilon Pi, will respond for that group, and one of the senior initiates will respond for his classmates.

Professor J. E. Kirshman, of the finance department, will deliver the main address of the evening upon "Recovery," comparing the financial and monetary policies of the Hoover and Roosevelt administrations which were designed to bring about recovery from the depression.

Officers Preside. Officers for 1933-34 of Beta Gamma Sigma, who will preside at the initiation, scheduled for the two Chinese rooms of the Cornhusker hotel, are:

KINCH NAMED WINNER IN JUDGING CONTEST; MAKES HIGH SCORE

Formulates Record at Live Stock Exhibition Held Saturday.

Walter Kinch, member of the Nebraska crop judging team, was chosen winner of the intercollegiate judging contest held at the International Livestock exposition Saturday morning.

Kinch's score is the highest record ever won in a crop judging contest.

The Nebraska team placed first in the match with a score of 3,909 points, the highest score in the history of ten contests. It is the first team to win competitions in both Kansas City and Chicago in the same year, having traveled to Kansas City recently and winning over teams there.

Members Place. Two other members of the Nebraska team won places in the contest. Elmer Heyne placed third, while Henderson received seventh place.

In commercial grading Heyne received first place and Kinch scored second.

The team, which has been coached by Anton Frolik, will arrive home Wednesday.
