MID-YEAR FROLIC TICKETS ON SALE LATE THIS WEEK

Sigma Delta Chi Sponsoring First Party of the Kind on Campus.

JAN. 26 SET AS THE DATE

Dance Set for End of Exam Week; Myron Lowther Band Will Play.

Tickets for the first Mid-Year Frolic, which will be held in the coliseum Friday, Jan. 26 will go on sale during the latter part of this week according to Laurence Hall, member of Sigma Delta Chi, men's professional journalistic fraternity, which is sponsoring the party. One member from each fraternity and a group of boys will sell tickets. Myron Lowther and his thirteen piece Casanova orchestra, featured orchestra on the Columbia broadcasting chain, will play for the affair. The orchestra which is now under contract at the Lourie hotel in Minneapolis, played for two years at the Ritz-Carlton in New York City.

Party Fills a Need. "Coming as it does at the end of a strenuous examination period, the party is an attempt to fill a real student need in giving the campus an evening of excellent entertainment," stated Hall. "Every effort is being made to guarantee that the party will live up to its description. 'Something new in university social life.'" "The Mid-Year Frolic" is the first party of its kind to ever be staged on the university campus," stated Dick Moran, president of Sigma Delta Chi. He declared that it would give the students something to do between vacations when there are no studies to be done. No other university party is scheduled for that night.

Tickets for the event will be placed on sale for one dollar a couple plus tax.

NEBRASKA BAND TO GIVE ANNUAL WINTER CONCERT

Will Hold Performance in Coliseum; Feature March By Sousa.

The University of Nebraska band will give its winter concert in the coliseum Sunday afternoon, January 14 at three o'clock, according to plans being made by W. T. Quick, director of bands. More than 100 musicians are expected to take part in the performance, and an interesting and varied program has been arranged. Among numbers to be featured will be the march, "University of Nebraska," written by the late John Philip Sousa especially for this school and band. Sousa in 1925 presented the University band with a cup to honor the excellence of its performance.

Chancellor Urges Support. Chancellor E. A. Burnett has given a special invitation to students and faculty members in a statement saying: "I am very desirous that there be developed in this University a greater appreciation of student organizations that contribute to the life of the institution. Few people perhaps appreciate the fact that this is one of the important university bands in the United States. Director Quick has taken a great interest in developing this organization and I do not think I overstate the matter when I say that it ranks very high indeed in the national field."

"The boys in this band give generously of their time and labor throughout the school year and I am hoping that the student body will lend them every support in this concert, which, needless to say, is entirely free. It is a little disappointing to arrange a concert, have several thousand people there from outside the university community, and to find only a comparatively small proportion of our students and faculty in attendance."

Editorial Staff to Have Photos Taken Thursday. Workers on the editorial side of the Daily Nebraskan will meet at 4:30 Thursday afternoon at the studio to have a group picture taken. All reporters and staff members are urged to be present.

Twenty-seven Nebraska towns have been approved thus far as possible relief study centers by the University of Nebraska extension division in cooperation with the CWS plan it was announced Tuesday noon. Funds furnished by the CWS will be used in working out the plan. The class work will be given in local schools, and is especially arranged for those unemployed persons who might, under other conditions, find it possible to attend school regularly somewhere. Organized by the University extension division, the centers will be carried along the same lines as the supervised correspondence study and the directed correspondence study plans that have been applied during the last few years.

Each town's local school superintendent is the counselor for the CWS in this matter. In addition to writing the play Rank designed and executed the scenery and costumes. The action takes place in Austria where a German peasant tries to the head of a group of revolutionists, plans to wreck the Vienna Express as it passes over a certain famous bridge, in order to give work for the people whom he represents. According to members of the dramatics department his instantaneous changes from one character to another cause the audience to forget that one person is playing all the parts. Miss H. Alice Howell, chairman of the dramatics department, recommended Rank highly in stating that there could be no limit to the praise he deserves in the "Vienna-Express."
