

# CAMPUSOCIETY

**THE VERY WORST DAY IN THE** week as far as any society is concerned comes right after Saturday. Monday is bad but Sunday is worse. In the spring and early fall, picnics take the place of the dancing and so-called hilarity of Friday and Saturday nights, but in the cold and wintry weather, most Sundays are as dull as a professor's jokes. The only sort of entertainment that is ever provided comes when the mother's clubs of the fraternities and sororities take pity and plan dinners and buffet suppers. With the rules against dancing and card playing, Sunday presents little or nothing to complete the weekend.

**TODAY** is outstanding in having two affairs planned for the evening at fraternity houses. The Sigma Chi mothers club will have a Valentine dinner when red hearts and red tapers on the tables will carry out the motif. Mrs. Fred Helmsdoerfer and Mrs. Cora Bentley are in charge, and the active alumni and their guests are to be honored.

**ABOUT SIXTY** guests have been invited to attend the Chi Phi supper at the house this evening, which is being given by members of the mothers club. Professor and Mrs. H. W. Stoke, Dr. and Mrs. H. W. Orr, Mr. and Mrs. H. D. Potter, and Mrs. Melana Daniels will chaperon and take charge of the affair. Valentines and red hearts will form the decorations and appointments.

**AND FINALLY**, after a longer rushing season than there is in the fall, mid-year pledging has been completed. Among the new pledges are those who have been in school before and those who have just come this semester.

**NEW** pledges of Alpha Chi Omega are Eloise Diller, Diller; Olive Jack Eagle; Edith McMahon, Lincoln, and Kathleen Radcliff from McCook; Marian Bullis of Norfolk pledged Alpha Delta Theta.

**ALPHA** Delta Pi announces the pledging of Hazel Meier of Lincoln and Evelyn Thomas of Lincoln. New members of Alpha Omicron Pi are Helen Humphrey and Jane Temple of Lincoln; Helen Naeve of Cook; Arlene Vanderhook of Pickering, and June Wilson of Lincoln.

**AND THE** Alpha Phi's pledged the following girls: Bonnie Bishop of Haddam, Kas.; Beulah Hall, Maywood, and Helen Lutgen, Wichita, Kas. Alpha Xi Delta announces the pledging of Gretchen Suttou, Pearl Johnson, Gordon, Janet Killian, Pocahontas, Ida.; Laura Longacre, Beaver Crossing, and Marian Miller, Hershey.

**PLEGDED** to Chi Omega are Martha Mae Barta, Ord; Helen Cole, Weeping Water; Alice Livingston, Fairbury; Alice Neil, Sioux City, and Lucille Wiggins, Fairbury. Pledges of Delta Delta Delta are Ruth Andrews, Hastings; Mary Ellen Buckman, Beatrice; Helen Edwards, Lincoln, and Jane Keeler, Lincoln.

**BEULAH** Gever of Waterville, Kas., pledged Delta Zeta. Thais Haley of Holbrook and Margaret Vail from Lincoln are pledges of Gamma Phi Beta. Kappa Alpha Theta announces the pledging of Vera Wekesser and Patsy Armstrong, both of Lincoln.

**NEW MEMBERS** of Kappa Delta are Jane Butler of Norfolk, Ruth Hamilton of Grand Island, and June Lyman of Gering. Alice Branson from Fort Crook pledged Phi Mu. The Pi Beta Phi's have pledged Eugenia Bedson and Virginia Foster of Lincoln; Irene Ellis, Lincoln; Shirley Barish, Omaha, and Rochelle Mendelsohn, Chicago, have pledged Sigma Delta Tau. A new member of Sigma Kappa is Laura McAllister.

**A HUNDRED** and one things (more or less) are being planned in honor of Miss Ruth Landers and J. Edward Johnston, whose marriage will take place on the 25th of February. Last Friday evening they were entertained at a dinner given by Mr. and Mrs. W. E. Finney, and Mrs. G. E. Finney. During the coming week hardly a day will go by in which something is not planned for them. Miss Landers was a member of Phi Omega Pi at the university.

**THE NEW** note in weddings is smart simplicity, which is characterized in the Rehlender-Devriendt marriage last Friday at 2 o'clock at the home of the bride's

parents Miss Jane Rehlender, who was formerly a Delta Gamma at the university, was married to Drew Devriendt, A. T. O., who is a graduate of Nebraska. Miss Natalie Rehlender was the only attendant, and assisting in the dining room following the service were Miss Ruth Ridour, Miss Florence Panter, Miss Betty Eyre, Miss Margaret Reynolds, and Miss Charlotte Cornell. After a short wedding trip, Mr. and Mrs. Devriendt will be at home in Lincoln.

**AND EVEN** after her marriage Mrs. Amsden Gooch continues to be entertained. Yesterday afternoon Mrs. Herbert E. Gooch was hostess to one hundred and fifty guests at a given tea from 4 until 6 o'clock. In the receiving line were Mrs. Herbert Gooch, Mrs. Amsden Gooch, Mrs. James G. Miller, the bride's mother, and Mrs. W. A. Reeder, her grandmother. Today Mr. and Mrs. Amsden Gooch leave for Chicago, where they will make their home. Mrs. Gooch was formerly Miss Flo Miller of Crete and a Kappa at the university.

**A MOTHER** and son tea was given last Thursday afternoon at the Phi Psi house when the mothers club entertained for members of the active chapter and their mothers. There were about twenty guests at the affair.

**THE D. S. L.** auxiliary will meet at the chapter house tomorrow afternoon for a 1 o'clock covered dish luncheon at the house. Hostesses will be Mesdames E. E. Melker, R. H. Stewart, Cornelius Gant, Jennie Borvene, and Carrie Reed.

# FRANCO-GERMAN SITUATION TOPIC TO BE DISCUSSED

## International Relation Club Will Study Its Effect on United States.

The Franco-German situation and its effect on the United States will form the main subject of discussion at the third meeting of the International Relations club, which will be held Thursday evening, February 15, at 7 in Social Science 201.

After a discussion of the Hitler regime and its international aspects by Dr. Pfeiler, who spent the last summer in Germany studying the German situation, Francis Cunningham, graduate student will present the French point of view. Following presentation of the German point of view by Vaughn Shaner, senior in Arts and Science, the meeting will be turned over to a round table discussion.

The club which was organized to study international problems and how such problems affect the United States, devoted itself to a discussion of Russia at its first meeting which was held just a week before United States' recognition of Russia. Melvin Martin, who formerly lived in that country, presented the Russian background as to social conditions and change of government.

The second meeting of the group was turned over to a general discussion of the N. I. R. A. after Gerald Agens had presented the laborer's standpoint on the measure and Vincent Broady had presented the advantages.

could identify all of the native birds and he knew the scientific names for all of the common invertebrates. His knowledge of these things was much superior to that of the average zoologist." Worley wrote.

## Devoted to Study.

Dr. Wolcott devoted his life to zoological study and research. "Even the receipt of the degree in medicine with brilliant promise for the future did not satisfy his most passionate longing to roam the fields and woods in search of the secrets of a wider realm of life. He never practiced medicine. He turned aside to direct his career into the more varied environment of the college and natural history in general to which he devoted his life so enthusiastically and successfully.

"We are greatly saddened because he has been removed from our midst at the very time that his long and varied life devoted to university service should bear its choicest fruit both to the institution and to himself. The values of his richly endowed life were injected into all his activities on and off the campus," Dr. Pool concluded.

the various counties of the state according to enrollment.

The terms of the federal relief grant state that no student shall work more than thirty hours in any week or more than eight hours in any one day. No less than thirty cents an hour shall be paid for any work, and the rate of pay is set forth as the amount ordinarily paid by the institution for the type of work rendered.

## List Types of Work.

The types of work in which students may be employed part time were set forth by Administrator Hopkins as being the range of jobs ordinarily done in universities or colleges by students who are working their way through the institution. Work of a clerical, library and research nature as well as in dormitories and dining halls and on buildings and grounds is included in the list.

Students who still desire to apply for work under the grant may secure application blanks at the office of the dean of student affairs. A list of the work projects on which students will be employed will probably be available early next week. Finance Secretary Gunderson stated.

# Kansas University Invites Students To Apply for Jobs, Return to School

Kantor's note: While the following story relates to the University of Kansas, the situation applies to all other colleges except those operated for profit.

## LAWRENCE, Kas., Feb. 10.—

Search throughout Kansas is being made for students of the University of Kansas who, in the past year or two, have had to withdraw from the university for lack of money. These students will be advised of the recent grant of the civil works administration of money to enable 100,000 students of American colleges to continue, and they will be invited to make application for employment on such projects at the university.

The spring semester is just starting, and utmost promptness has been urged by university officials. The rules under which the positions may be obtained are based on the need of the student, his character, and his ability to carry on college work satisfactorily.

The federal CWA permits employment at rates varying from \$10 to \$20 a month, but the average for the institution must be \$15 a month for the number employed.

Blank applications for employment under the CWA college allotment are being prepared in the office of Chancellor Lindley and will be ready within a day or two.

## Author of 'Merry Mount' Is Former Nebraska Student

When "Merry Mount" had its premiere at the Metropolitan Opera yesterday afternoon, Nebraska university claimed a share of the pride of Saunders county youth who passed through the Halls of Nebraska's School of Music on his way to worldwide fame. The students who heard Dr. Howard Hanson's opera take a place with but a dozen odd American operas produced on the stage of Chicago's huge opera house recall, with a little more pride in their alma mater, the 37 year old Nebraskan's steps to fame which included winning the first American Prix de Rome, an invitation to be guest conductor in the world's most famous operas, his works being played by the London Symphony orchestra, and by the Queen's Hall orchestra in England.

The premiere production was heard throughout the world over the NBC network; its half dozen leads were sung by such world famed artists as Lawrence Tibbett, the Californian; Gladys Swarthout, contralto from Missouri; and Edward Johnson, who is naturalized from Canada.

The Nebraskan was born in Wahoo in 1896. He went through high school there and later through Nebraska's School of Music. From the time that he won the first American Prix de Rome his success has been assured. Mr. Hanson, by his own statement has been working off and on for some time on the score for the libretto done by Richard L. Stokes, music and drama critic of the St. Louis Post Dispatch for eleven years and of the New York Evening World for five years.

The setting of the opera is in an unpretentious colony founded by Thomas Morton at Merry Mount of which Nathaniel Hawthorne wrote in "The Maypole of Merry Mount." The period is during the sixteenth century among Puritans who frowned on life and Cavaliers who loved it.
