

CAMPUSOCIETY

IN A COUPLE OF WEEKS OR SO Lincoln university society will probably migrate to Omaha "en masse" to hear Ben Bernie who will be playing there at the Orpheum. We understand that on Sunday the fourth he will play for a dance but where it will be has not yet been announced. Every once in a while such an event occurs in Omaha, attracting everyone there and leaving Lincoln a trifle dull. First it was the Ak-Sar-Ben ball, then the horse show, Duke Ellington and George Gershwin, not to mention the periodic parties at the medical fraternities. Particularly is any bit of entertainment welcome on a Sunday and a large crowd is expected at the affair.

HONORING Mrs. Clarisse Painter, province president, the alumnae chapter of Mu Phi Epsilon will entertain at a 7 o'clock dinner tonight at the University club. Following this affair the entire chapter will be present at a musical to be given at the home of Miss Ruth Hovland. The program, varied to include the works of composers such as Brahms and Mendelssohn, will be given by members of the sorority. A number will be presented by a string trio, composed of Eunice Ringham, Ardith Pierce and Garbhart Mayhew. Esther Keuscher and Marian Williamson will give a vocal duet, and a cello solo will be presented by Garnette Mayhew. Two piano selections are to be given by Marian Stamp and Vivian Cowgill will present several number on the harp.

D. U. MOTHERS entertained at a 1 o'clock luncheon yesterday afternoon at the chapter house. Mrs. Guy Harris reviewed the book "Life Begins at Forty" by Walter Pitkin, and the afternoon was spent informally.

THE SIG EPS announce the election of the following officers: Keith Vogt, president; Robert Benson, vice president; Clair Watson, secretary; and Ronald Thompson, historian.

AT THE HOUSE yesterday the Beta mothers club entertained at a supper for the actives and their guests. Decorations were in the George Washington vein, and about thirty couples attended.

THE CHAPERONS club will meet this afternoon at 2:30 at the Delta Zeta house. Mrs. Eloise Tebbetts is chairman of the committee of entertainment, which includes Mrs. Katherine Farley, Mrs. Hattie Hill, Miss Louise Munshaw, Mrs. Anna Knapp, Mrs. Fannie Schmittel and Mrs. Myra Cox.

THE MOTHER'S CLUB of Alpha Delta Theta gave a benefit tea on Saturday, Feb. 17, from 2:30 to 5:00. Yellow candles and flowers decorated the tables. Mrs. Joseph Phillips and Mrs. Ray poured and were assisted by Mrs. W. C. Smith, Mrs. C. L. Bromble, Mrs. E. L. Forney and Mrs. Davies.

PINK AND WHITE will be used in the table decorations for the table decorations for the family dinner honoring Miss Ruth Landers and J. Edward Johnston, whose marriage will take place Feb. 25. Mrs. Carolyn Johnston, the mother of Mr. Johnston, is to be hostess of this affair. The informal dinner will be prepared for five guests at the Cornhusker hotel Tuesday evening.

THE MARRIAGE of Mildred Taber to Harold D. Dean, which took place Dec. 31, has been announced. Mr. and Mrs. Dean are residing in Lincoln. The bride attended the Lincoln School of Commerce and Mr. Dean is a former student at the university.

THE CUSTOMARY number of weddings and engagements have not been announced this week. Perhaps it's due to the cold weather. On Feb. 11 in Greenleaf, Kas., Miss Hazel Heed of Lincoln was married to Walter Vsetecka of Lincoln. Both Mr. and Mrs. Vsetecka are former students of the university. They will live in Lincoln.

THE SIGMA Nu Mother's club will have an afternoon tea today from 2 until 5 o'clock at the chapter house. A program will be presented during the afternoon. About thirty guests are expected to attend.

AHEARN TO TAKE OVER KAGGIE DIAMOND NINE

Wildcat Athletic Director Quits Golf Team to Coach Baseball.

OPPOSITION CHIEF WORRY

MANHATTAN, KAS., Feb. 20.—Not material but opposition is the chief worry of M. F. "Mike" Ahearn, director of athletics at fictitiously has been found in working Kansas State college, who will coach the baseball team this spring, taking over the diamond sport again after a lapse of more than twenty years since he turned out winning teams in his previous coaching days. To coach baseball Ahearn is giving up his Kansas State golf team, which he has directed for several seasons.

No wonder team is in store for Kansas State this spring, but Coach Ahearn does feel he has at least material for an average Wildcat nine, and good college baseball has been more or less a tradition at Kansas State for three decades. The sport is highly popular with students here, but increasing difficulty has been found in working out a schedule since the Big Six dropped baseball as a "round robin" sport.

Home and home series of two games each have been scheduled with Nebraska and Missouri, and Oklahoma probably will be met at Norman, the Kansas State would also like to get a return engagement with the Sooners. Kansas university will not have a team, and Iowa State is not available for games.

Six letter men are returning at Kansas State, including Captain Chas. Gentz, Manhattan, third base and outfield; James LeClere, Coffeyville, infield; F. W. (Bus) Boyd, Phillipsburg, first base or outfield; Lee Morgan, Hugoton, outfield; George Watson, Clifton, catcher; and J. A. (Lefty) Lowell, Glen Elder, pitcher.

Others available include D. E. Kratzer, Salina, junior infielder; Dougal Russell, Pittsburg, Pa., outfielder; S. G. Ashill, Manhattan, outfielder; W. N. Van Zant, Manhattan, sophomore outfielder; Martin Schrader, Olivet, catcher; T. H. Nelson, Manhattan, pitcher; and H. R. Weller, Olathe, pitcher.

Several sophomores may be added to the above list.

Ahearn also hopes to schedule games with the Kirksville Teachers and St. Benedict's, and with any Central or Kansas conference colleges which have teams.

TASSELS TO DISCUSS INSTALLATION PLANS

Tassels will hold their weekly meeting in Ellen Smith hall at 7 o'clock Tuesday evening. In addition to the regular business plans for the installation of Nebraska chapter of Phi Sigma Chi will be discussed. This ceremony will take place at the annual spring initiation banquet which is held later in the spring.

FEATURE HOUSEHOLD APPLIANCES COURSE

New York University Offers Special Instruction for Housewife.

NEW YORK, Feb. 20.—The housewife of today needs to be an engineer, as well as a chemist, economist, mechanic, psychologist, interior decorator and jack-of-all-trades, according to Dr. Freda J. Winning of the home economics department at New York university's school of education.

The department this semester offering a regular course to teach women students the intricacies of household equipment.

"Study will be made of the underlying principles of the mechanism of household appliances" according to the university catalogue.

The appliances to be studied include meters, flues, gas ranges, thermostatic control devices, mechanical refrigerators, water heaters, air conditioners, house pipes and some of the more complicated coffee pots and electrical table appliances.

Each student in the course will be required to plan a kitchen and its equipment, being permitted to include a great variety of appliances. They will also submit plans of their present homes and will be taught to increase the efficiency of their domestic equipment.

The class will meet weekly as a part of the home making curriculum of the school.

A series of debates between American and Canadian universities is a coming highlight in broadcasting. Along this line, NBC plans to have western colleges participate in debate broadcasts with eastern colleges.

A petition signed by 500 famous educators has been sent to President Roosevelt asking for financial aid for needy colleges and universities and their students.

Each year Turkey and Greece ship us thousands of bales of fine tobaccos—

But why send 4,000 miles for tobacco?

... because spicy, aromatic Turkish is the best seasoning there is for a cigarette.

It adds something to flavor and aroma that no other tobacco can give. Chesterfield

uses Turkish tobacco—from Samsoun, Smyrna, Cavalla and Xanthi.

Then it blends and cross-blends them with various kinds of choice home-grown tobaccos in the right balance to give you a cigarette that's milder, a cigarette that tastes better.

A leaf of Turkish tobacco—smaller than the palm of your hand—800 or more to the pound. There are many thousands of these leaves in each of these bales below, ready for shipment to America.
