

# NORTH PLATTE TO OPEN TOURNAMENT AGAINST HASTINGS

### High School Quints Swing Into Action Today at Coliseum.

## LINCOLN IS OUTSTANDING

### Class B Teams Not to Start Play Until Thursday Afternoon.

Immediately following the start of the whistle this afternoon at 1 o'clock in the university coliseum, the class A state high school basketball tournament for the year of 1934 will officially open when the Hastings quintet, seeded No. 4, tackles the North Platte aggregation in the scramble for the championship.

With several schools boasting the strongest squads of basket flippers which they have possessed for many years, and with last year's champions in both classes A and B, considered as having only an outside chance, much is anticipated in the way of thrills and upsets. While Lincoln is the outstanding favorite in class A there are nevertheless four or five other schools which have more than ordinary chance of performing an upset.

Altho class B does not swing into action until Thursday afternoon, there will be a continual series of tilts staged on the coliseum maples by the class A aspirants from the opening contest at 1 o'clock until the final gun sounds this evening somewhere around 10:30 o'clock.

At 2 o'clock Pilger takes the boards against the Crete Cardinals, Crete perennially possesses a strong team and Pilger is returning this year with much the same lineup as they invaded the capital city with last season. Eked out by a one point margin in the quarter-finals, Pilger was rated as one of the strongest entries in the field. Sidney meets York at 3 o'clock, Clay Center and Grand Island mix at 5 o'clock and at 6 o'clock, allowing an hour intermission for dinner, Norfolk takes on the Curtis maplemen.

The Columbus Discoverers, last year's state champions, while not hoped to win the tournament are scheduled to perform their first win over the Beechler crew from Jackson, the tilt taking place at 7 o'clock. The Columbus crew lost several men by graduation at mid-semester.

Fremont, which raged rampant in the regional tournament, is generally granted a win over Kearney this year. The tilt is scheduled for 8 o'clock.

Lincoln, clashing with Falls City in the final game of the day, is also conceded a victory of the smaller city club. Lincoln has only dropped one battle this year and that to Creighton Prep, which is not represented in the tournament.

## THIRD TEXAS COACH HERE

### Jim Kitts, Rice Institute, to Watch Cornhuskers Work Out.

Another Texan has come up Nebraska way to watch the Husker gridders go thru their paces in spring football practice. Jim Kitts, coach at Rice Institute, Houston, is the latest addition to the ranks of Lone Star men to come to Lincoln.

The two men, high school mentors, who put in their appearance before are John Pierce, coach of the Corsicana high school football team, runner-up in the Texas high school race; and Henry Franka mentor of the 1933 state champion Greenville team. Franka is returning for his third season in the role of watching Nebraska practice, and following each year of such observation his teams have stepped up one notch in the Texas grid ladder.

## COLD AND WIND CUT SCRIMMAGE SHORT TUESDAY

### Bible Sends Two Teams Thru Offense Plays During Short Session.

## BLOCKING IS RAGGED

### Bauer and Willey Complete Number of Passes in Spite of Breeze.

In spite of a high wind that hindered passers and kickers, the Husker football machine scrimmaged Tuesday afternoon, with a team of veterans opposing several teams of new men. The scrimmage was short lived, however, cold and wind combining to drive the Biblemen indoors. Beginning the afternoon session, the potential varsity gridders were shown pictures of last year's eleven in action, from which they studied formations and the individual's assignment. What each man does on the various plays was particularly stressed by Coach Bible, as the opening game of spring practice takes place next Saturday, and it is essential that each man know his duties by that time.

Errors made in last Saturday's scrimmage were eradicated as much as possible, although the blocking was ragged, due, in part to the far from ideal playing conditions. Henry "Chief" Bauer, quarterback, was successful in completing passes into the teeth of

the wind, with Willey on the receiving end.

### Veterans Predominate.

Two teams lined up for offensive work, the first consisting of Yelkin, Scherer, and Sears, ends; Thompson and Reese, tackles; Heldt and Justice, guards; Meier and Horchem, centers; Benson, Williams, Parsons, Douglas, backs. The second had Wilson and Sears ends; Scofield, Ellis, and Funken, tackles; Ugal and Uptegrove, guards; Hulac, center; and Bauer, Willey, Hop, and DeJarnett, backs. These two teams played offensively against a constantly changing team of reserves and frosh. The first was most successful after the men became accustomed to their positions, with Bob Benson, speed boy from Pender, leading the way. Parsons and Williams made several nice runs, while Douglas did his share. The second offensive eleven confined their activities more to the passing end of the game, with passes from Bauer to Willey being highly successful. Bauer was particularly impressive with his speed and accuracy at flipping the pigskin. One of his passes traveled accurately to the arms of a receiver far behind any defense man.

But few punts were tried, the high wind hindering the kickers efforts.

### Blocking Poor.

Blocking by the offensive men was anything but perfect. Opposing ends and tackles frequently broke through the interference to spill the ball carrier for losses. The cold had considerable to do with this lack of blocking ability, and even Coach Bible commented that "the weather was not conducive to playing."

## YOUR PHOTOGRAPH...

It is a lasting remembrance of your college days! And the artistry of the photographer who takes the portrait is of great importance.

The Rinehart-Marsden studio, a newcomer to Lincoln, has won in a short time the reputation of Lincoln's most artistic photographers. Only skill, knowledge, and good equipment can produce a photograph that is true. And the Rinehart-Marsden studio has these three essentials. So think of Rinehart-Marsden when you think of good pictures. The terms are synonymous!

## 27 OUT FOR BASEBALL PRACTICE AT KANSAS

### Wildcats Have Twelve Tilts On Schedule; First Is With Huskers.

MANHATTAN, Kas., March 14—With twenty-seven men out for baseball and Coach A. N. "Bo" McMillin sending his footballers through practice each afternoon, spring has definitely arrived on the Kansas State campus.

Members of the track team still have one or two indoor relay meets in which to participate, but will work so far as possible on the outdoor track.

Of the baseball candidates, seven are letter men and several more have had one year's experience on the squad. The pitching situation is Director-Coach M. F. Ahern's chief worry, as the Wildcat mentor has only one letter man in that department and the schedule calls for games on three consecutive days on road trips to Missouri and Oklahoma. Several hurlers are trying out, and a dependable one to match with J. A. "Lefty" Lowell, Glen Elder, may be found before the season starts.

Twelve games are on the schedule at present, with two more (both at Manhattan) sure to be arranged if the proper dates can be found. Indications now are that the Wildcats will be able to arrange a full lineup of games for 1934, eliminating the possibility that the diamond sport might be dropped for lack of competition.

The schedule to date:

April 13-14..... Nebraska at Manhattan  
April 20-21..... Missouri at Manhattan  
April 27-28..... Nebraska at Lincoln  
May 3..... Kirksville at Kirksville  
May 4-5..... Missouri at Columbia  
May 10..... Oklahoma Aggies at Stillwater  
May 11-12..... Oklahoma U. at Norman

"Spring" football training has already been started at the University of Alabama, with forty-two candidates reporting for practice.

A first edition of Samuel Johnson's dictionary is being exhibited in the Goucher college library.

University of Minnesota dormitories climbed out of the red during 1932-33, with a profit of approximately \$12,000.

Ohio university will hold its first invitational meet for high school tracksters May 5, with more than 500 schools invited to participate.
