

And Kay Francis shows a few of the Orry-Kelly creations from the film "Mandalay" showing this week at the Lincoln theater. On the left is a distinguished gold and white taffeta gown, with daring sleeve decoletage and shirring at the neckline. The center picture, an afternoon gown of pale pink eyelet embroidery in tunic lines over a petaled skirt of organza. At the right, shimmering silver sequins.

that many organizations are electing new officers. The Palladian Literary society held its third term election of officers at a business meeting Monday evening. Those elected were: Lois Turner, president; Elwood Camp, vice president; Helen Still, critic; Betty Anderson, recording secretary; Christine Ferguson, corresponding secretary; Ada Petrea, program secretary; and Clifford Domingo, historian.

Must Be in Upper Seventh. Phi Beta Kappa members are chosen from those who have com-

pleted the arts and science college group requirements and who rank among the upper one-seventh in scholastic average. The lowest permissible average is rarely below 88 and is often higher.

The members of Sigma Xi, scientific honorary are selected for their scholastic attainments but even more for their interest in scientific research. Candidates must have the written recommendations of three members and must show promise in two departments. Membership is divided into two classifications, active and associate. Active members are those who have graduated and associates are undergraduate students. To be initiated as an active member the candidate must have performed research of real worth, whereas an undergraduate must only show promise in further interest.

More than 150 students have been placed on the honor roll at Iowa State college.

**MEN TURN TO COOL HATS FOR COMFORT**

The light-weight craze has gone to the head and hats are being shown in extremely light-weight felts, popular because they look as cool as they feel.

Listen—to Magee's Melody Men— 6:45 Wednesday—over KFOR.

In motor cars, in aircraft, in railroad trains, swift and radical changes are taking place. These same changes are affecting the design of men's clothes. And why not? These transformations are proposed to make everything more practical for its intended purpose.

You should know the trends in men's apparel as a guide in selecting your new spring clothes.

Here are the seven major trends for spring:

**TREND No. 1.**

**COLOR**—Wear more of it. With the revival of freedom, with the New Deal, color becomes king in men's clothes.

**TREND No. 2.**

**PATTERNS**—Speak with emphasis. Tattoo checks, St. Andrews plaids, York stripes—all are new—all are exclusive to Kuppenheimer clothes.

**TREND No. 3.**

**FABRICS**—Rougher in texture. Uniformity is O. K. for wooden soldiers but in your clothes you want distinction. Woodland Weaves have true distinction.

**TREND No. 4.**

**ATHLETIC LINES**—Idealize your figure. Broader shoulders, suppressed waists combine to idealize the male figure.

**TREND No. 5.**

**COMFORT**—Handcrafting gives the utmost. Soft, unstiffened construction gives the maximum of comfort.

**TREND No. 6.**

**DOUBLE BREASTEDS**—Are in demand. The new double breasted Morley is as smart on short men as on those who are tall and slender.

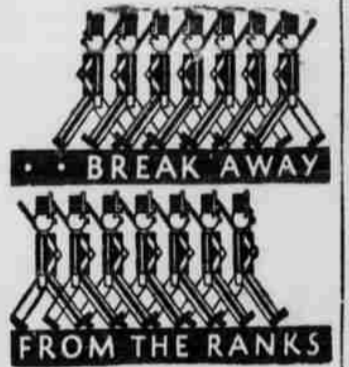

**TREND No. 7.**

**MODERN DETAILS**—Perform useful functions. The Talon trousers closure—cash flaps—shirt clasps—Franklin stitching are improvements in comfort as well as style.

Select a **DISTINCTIVE spring suit**

Woodland Weaves by Kuppenheimer are a far departure from the monotony that makes a wooden soldier out of a man. Fabrics—patterns—tailoring—colorings are all in sharp contrast to the commonplace. See for yourself how much individuality and distinction these suits possess.

that caking is now being done out of doors instead of in drug stores and candy shops. Even the libraries have been deserted for the several sports of bicycling, horseback riding and driving up and down the mall. And tennis fans are happy, for several courts around town are open and ready for use. Monday, one of the Phi Pias was seen chivalrously attempting to escort two co-eds (destination unknown) on the handle bars of his bicycle, and they say that yesterday roller skating provided entertainment for a couple of the more daring women on the campus. It begins to look as if the simple pleasures are coming back.

**TWELVE MEN** were initiated to Phi Delta Phi, law college honorary. New members are Jack Minor, Harry Foster, Jack Thompson, Elmer Anderson, Alfred Adams, Flavel Wright, William Comstock, Joe Johnson, Seymour Sidner, David Warner, Harold Day, and Walter Nolte. Following the ceremony a banquet was given at which Allen Field was toastmaster.

Attorney General Good addressed the group.

**AND TODAY**, of course, most of the interest is centered around the elections for Mortar Boards, May Queen, and her maid of honor. Ellen Smith is open from 9 until 5, when only junior and senior women may vote. The seniors se-

lect the Mortar Board candidates, and members of both classes may vote for the May Queen and her attendants.

**SIGMA ALPHA EPSILON** held initiation last Saturday at which time the following men gave up their pledge buttons for active pins: Norman Shaw, William Stenton, Bob Wineland, Gerald Hunt, William Ludwick, Ross Martin, and William Poole, all of Lincoln; John Ellis and Dave Powell, of Omaha; Arthur Abbott, Hyannis; William Caldwell, Pawnee City; Clark Duncan, Broken Bow; Sam Francis, Oberlin, Kansas; Frank Gallup, Alda; William Glenn, Falls City; Raymond Macy, Superior; Mark Mortenson, Fremont; Mark Rhea, Arlington, and Alfred Turner, Western Springs, Illinois.

**APRIL BIDS FAIR** to be a month of marriages, and it's not surprising with the spring weather upon us already. Aside from these already announced, two more weddings are being planned. Both of them are to be in Omaha.

**ON SATURDAY**, the fourteenth, Miss Norma Williams will be married at the home of her parents to Harrie Shearer. Both are graduates of the university, where Miss Williams was a Kappa, and Mr. Shearer an A. T. O.

**MISS VIRGINIA SKINNER**, who is a graduate of Brownell Hall in Omaha, will be married to Howland Boyer, formerly a student here and a Phi G. A. A definite date has not yet been set, but the wedding will take place soon after Easter.

**AND A WEEK** ago last Saturday on the 10th, Miss Ellen Zulauf of Wilcox was married to E. Scott Wischmeier of Burchard. The ceremony took place at 6 o'clock in the evening at the home of the bride's parents. Mrs. Wischmeier was a Kappa Beta at the university, and Mr. Wischmeier was a member of Alpha Zeta.

**TONIGHT** at the home of Mrs. William Logan the Alpha O alumnae will be entertained at dinner. Assistant hostesses are Mrs. Floyd Ryman, Mrs. William Richardson, Miss Jennie Piper, Mrs. E. L. Potard, and Mrs. Doane Pickering. Between thirty and forty guests will be entertained at bridge following a short business meeting.

**AND SINCE** spring means all sorts of new things... clothes, cars and what not... it's not surprising

—Pictures by Elmer-Menden. Turn around! Andy Blondell and we'll take a peek at the really new features of this suit from Magee's Men's Department. The bi-swing shoulders, the pleated back, and the small sport belt are the very newest on the sport suits. And as for the pockets—newer than spring itself—patch with inverted pleats. You can rough it in this suit, too, and your pocketbook won't feel the shock.
