IT LOOKS LIKE TROUBLE... FOR

someone. They say that a number of fraternities have been initiating ineligible men, and that the Intfraternity council is slightly perturbed... to say the least. Whether or not anything will be done about it, is, of course, another matter... but what can you expect in times like these? Also, it seems that fraternities may go back to the old "cut-throat" method of rushing for the fall parties. If so, the young bloods who plan to come to school next year may well look to their state of health, and be "in training" for the rushing season.

DELTA TAU DELTA will entertain Saturday at a spring party at the Cornhusker hotel. The fraternity has not only issued three hundred bids but also is expecting many out of town alumni to attend. Chaperons for the evening will be Colonel and Mrs. Oury, Professor and Mrs. Arndt, Mrs. Zella Wolfe, and Ray Dein.

DELTA ZETA is planning to give a house party at the chapter house Saturday evening. Mr. and Mrs. K. O. Broady, Dr. and Mrs. L. B. Shreve, and Mrs. Eloise Tebb have been invited to chaperon the affair.

ALPHA GAMMA RHO activities will be guests of honor when their pledges entertain them and their guests at a spring party at the Lincoln hotel Saturday evening. Mr. and Mrs. W. W. Burr, Mr. and Mrs. H. P. Davis, and Mr. and Mrs. P. A. Dawns will be chaperons.

CHI OMEGA has initiated the following girls: Lela Daleene Carper, Nehawka; Helen R. Cole, Weeping Water; Estelle T. Larsen,

VIRGINIA.

The Bowery ball at the University of Virginia last Friday featured the Mae West stream lined chassis, either natural or acquired, among coeds attending. With so many buxom fillies on our own eastern ranges, this column has decided to recommend a "Duke" "Frankie and Johnny Strut."

Every commercial newspaper should recruit its staff from the schools of journalism of the nation, it was recently advocated at the meeting of the American Association of Teachers of Journalism.

Ninety students received degrees and certificates at the mid-year graduation exercises at the University of Iowa.

Debate Season Satisfactory Says Coach H. A. White; Improvement in Quantity of Campus Audiences

"The season as a whole was satisfactory with a particular improvement in the quantity of the audiences for debates held on the campus," commented Prof. H. A. White, coach, as the varsity season drew to a close. "There seems to be more interest in debate this year," he stated.

Although there were less funds this year for trips for the squad there were exactly the same number of meetings this year as last, twenty-eight. All of these arguments were intercollegiate except one before the Ithaca Community Club which was a squad debate following the failure of the scheduled opponent to make the trip.

Only Two Trips. The teams took only two trips this year, eliminating journeys to the north and to Colorado which are usually included in the out of town work. However, when the speakers did make a trip they appeared in more debates than has been customary in the past. In the tournament at Iowa City on March 2 and 3 the debaters argued against eight opponents.

"The opposition this year was representative," according to Prof. H. A. White, debate coach, "in spite of the fact that we were not able to travel so far."

Two Tryouts Held. Two tryouts were held during the year to select teams for the first and second semesters. The question used for debates during the first semester was, Resolved: That the United States Should Adopt the Essential Features of the British System of Radio Control and Operation. The proposition under discussion during the second semester was, Resolved: That the United States Should Substantially Increase the Powers of the President as a Settled Policy.

The speakers for Nebraska during the first of the year who were chosen in the tryout on Oct. 5 were Beverly Finkle, Jr., Robert Funk, Elmer Anderson, Eugene Lester, and Walter Wick, all of Lincoln, and Harvey Hillman, of Otoe. Two alternates, Edmund W. Holstein, Hay Springs, and Leonard Dull, Clifton, Kas.

In the tryout on Jan. 13, six men were selected to compose the debate squad. The men were Charles W. Stedman, Jack Pace, Dwight Perkins, Irving Hill, and Eugene Pester, all of Lincoln, and John Stover of Malcolm.

The schedule for the year is as follows:
Question 1. Resolved, that the United States should adopt the British system of radio control and operation.
Question 2. Resolved, that the powers of the president of the United States should be enlarged as a permanent policy.
Oct. 27—Kansas state college vs Nebraska, represented by Eugene Pester and Edmund Holstein. KFAB at 2 p. m. Question 1.
Oct. 27—Nebraska, represented by A. Elmer Anderson and Harvey H. Hillman vs. Kansas State College. Debate Section, Nebraska State Teachers Association, District I, at Morris Hall at 3 p. m. Question 1.

DEMOCRACY NOT DOOMED, SIMON TELLS STUDENTS

man people to decide for Hitler as a leader and personality, over the intricacies of the old government, he believed. Farmers in desperation, and disillusioned youth turned to fascism.
Dr. Simon objected to the belief that Mussolini and Hitler are dictators. "It is direct democracy," he said, "for they have gained their power from the popular will. The basic concept of government by the people, has scarcely changed under the new conditions."

Youth Demands Change. Especially youth, he pointed out, set up a cry for new leaders and new methods, because they believed the parliamentary procedure too slow for the times. Corporations could not afford to carry on business by such a system, he said.

New leaders in Europe are anxious to keep the public with them, Dr. Simon said. The new forms of government are direct connections between the leaders and the masses, he believes. Fascism and bolshevism have outrun liberalism in Europe, the speaker stated, believing that the common interest is paramount to the private.

Dr. Simon was for twenty-five years an officer in the German army, and served on the general staff during the World War. He was first secretary to Minister Walter Rathenau. During 1925 and 1926 Dr. Simon was a member of the German embassy in London. Unseated by the Nazi regime in August, 1933, he has been engaged as professorial lecturer in the department of political science at Northwestern university.
