PROGRESSIVES ASK FOR OPEN MIND IN SPRING ELECTIONS

(Continued from Page 1.) which attempt, by understandings and compromise to monopolize and control any phase of campus politics and elections. We promise to take active measures to expose such combinations and destroy this evil.

5. The Progressive party stands consistently for progress in campus life. We believe that the time has come when economic conditions and the state of many campus activities demand the establishment of a suitable student activity plan. We pledge ourselves to the erection of a tax plan which will remedy the defects as found in these plans already presented and, at the same time, in among student organizations, and assure the future of the worthwhile campus activities.

6. The Progressive party deprecates many of the binding and anti-dated restrictions which govern campus social life. We pledge ourselves to an active campaign for the liberalization of those restrictions.

7. For some time, the Progressive party has favored and agitated the application to P.W.A. authorities for the erection of a student union building on the Nebraska campus. Many other Universities throughout America have received large grants for such buildings. The University of Nebraska campus is direly in need of such a center of student activity. We promise to exert every effort to achieve the completion of this project.

In the foregoing planks the Progressive party has taken an open, clear-cut stand on the controversial issues before the student body. The slogan of our party is "Progress, not Politics." The Progressive party was created to restore honesty to student government and to bring about the abolition of the evils and undercover maneuvering which always accompanies the playing of politics. With these purposes in mind we have drawn our platform and selected our candidates for the coming elections. With confidence, we submit them to the student body.

Twenty-seven year old Donald Down, died yesterday morning in the Lincoln City Jail. He had just been sentenced to a fine of \$10 and costs following arrest Sunday for intoxication. When sentenced he asked to use the phone to arrange payment of his fine. This he did and was then turned into the "bull pen." Shortly before he died he complained of "feeling rotten." Death was caused by a heart attack.

GREEN TOGAS ASK STUDENT VOTE FOR BEST CANDIDATES

(Continued from Page 1.) Delta Sigma Delta, Alpha Tau Omega, Phi Delta Theta and Delta Upsilon.

We ask that you compare our candidates with those of the opposition groups, and vote for the better of them. We feel confident that the honest, sincere attempts of the Green Toga faction to nominate for office the most outstanding Theta Phi, Alpha Gamma Rho, ing men, who are recognized for their special abilities in whatever field they have in, will ever find their abilities in what ever field they have in, will be sustained by your vote at the polls on Tuesday next.

A Protest. "The Green Toga faction protests the holding of the barb council elections on April 3, 1934. This election has been scheduled for the same time, and with the use of the same polling places, as the general student election.

"A few years ago the student council ruled against all political lobbying of any nature taking place inside the buildings where election day voting was being held. The barb election is sponsored by, conducted by members of one of the groups composing the Progressive Party, is not in accord with the spirit of this ruling.

"We do for this reason, ask that the barb council elections be held at such times as will not conflict with the dates of general student elections. Fair play, and compliance with the spirit as well as the letter of the council's ruling, demands that our request be granted."

DELIAN UNION HOLDS ANNUAL 'ALUM NIGHT'

Delian-Union Literary society held its annual "Alum Nite," Friday, in Delian-Union hall, in the Temple building.

In keeping with the evening, Good Friday, the program was conducted along religious lines. A religious pantomime, a trombone solo, and the story of Holy week and its significance were given.

A debate was held with Francis Johnson and Alvin Kleebe, affirmative, and Milo Price and Leonard Westbrook, negative. The question was, Resolved: That Nebraska should adopt the unicameral system of legislature as advocated by Senator Norris. Two alumni members were selected for judges, and their decision, based on issues presented, was for the affirmative.

Leonard Focht, and Mildred Putney were in charge of the program, and Joan Bicknell furnished the refreshments.

THREE ALUMNI VISIT ENGINEERING COLLEGE

Matson who graduated in agricultural engineering in 1927, and is now in the engineering department of the University of Kentucky at Lexington; and Everett N. Hansen, engineering graduate in 1932, now working on the power survey under the federal government.

THREE RUSHING PLANS SUBMITTED TO PANEH

None Accepted With Newest Of Three Sent Back for Discussion.

Three plans for summer rushing were submitted to the Panhellenic council at its meeting Monday at 5 o'clock in Ellen Smith hall. None were accepted, but the newest of the three was tabled and taken back to the various houses for further discussion.

The three plans are as follows: 1. Summer rushing parties to be limited to two with an expense limit of \$100 to be divided between these two. The parties are to be given before Sept. 2.

2. No summer rushing parties to be given, but rushing to be done individually.

3. Expenses for summer rushing to be limited to \$125 with no restriction on the number of parties to be given. The expense account for each party must be scheduled with the Panhellenic office at least two weeks before the party is given.

The plan of no summer rushing parties was used last year and proved unsatisfactory. The third plan, the newest of the group was taken back to the houses for discussion.

The rule that no girl may be initiated unless she has completed twelve hours of work in this university was changed so that a girl bringing twelve hours of credit from another university may be initiated after the second delinquency reports are out.

Another rule which was somewhat changed was the one stating that invitations for downtown parties must be uniform. Since the council will decide each year what the cost of parties shall be it was decided to leave the matter of invitations also up to it.

Martha Hershey, chairman of the Panhellenic council, explained that Panhellenic sets no average which a girl must attain before she may be initiated. A passing grade in all her hours is the only Panhellenic requirement. However, Panhellenic recommends that each individual group adhere to its own standards of scholarship.

The suggestion for holding joint parties in the Coliseum was also taken back to the various groups for discussion.

AHEARN IS WORRIED OVER MOUNDMEN

Only One Pitcher on Kansas State Team Classed as Dependable.

MANHATTAN, Kas. April 2—Just as true as the saying that one swallow doesn't make a summer is the one that one pitcher doesn't make a baseball team, and that's what is worrying Director Coach M. F. Ahearn of Kansas State these spring days. The Wildcats have one pitcher who can be classed as dependable, J. A. Lowell, a two year veteran, but so far the search for another hasn't yielded much.

E. P. Farrell looks the best prospect at present the Lyman Abbott also is throwing them fairly well. Farrell was an outfield candidate and is a good hitter. Ahearn decided to try every member of his squad at the pitching assignment, and Farrell kept the varsity hitting up pop-flys for three out of the four innings he was in the box, poor support letting in some runs in the fourth.

Twelve games are on the State schedule at present, the teams being Nebraska, Missouri, Oklahoma, and the Oklahoma Aggies. Ahearn is hopeful of getting four games with Kansas university if Dr. E. C. Allen is successful in reviving baseball interest there this spring, as he is attempting to do.

Kansas State has one of the strongest clubs in some seasons coming up afield and at bat, but the supply of good pitchers which distinguished the squad for several years is conspicuous only by its absence.

The season starts against Nebraska at Manhattan, April 13 and 14.
