Inter-Club Council, Medium for Barb Organization, Continues Its Growth

Three Years Old, Successful Very Noticeable, Say Members.

Despite the fact that only three years have passed since its organization, the Barb Interclub Council has had a great degree of success in organizing and creating student interest in campus activities among the non-affiliated students.

Three years ago the student council and other campus organizations, with the solid support of the faculty, decided that some way must be devised to interest the barbs in the activities of their campus. Although a difficult job, since the council was dealing with a group of students living mostly in distinctly unorganized houses, many of whom were working their way thru school, a certain wedge and with the temporary backing and push of the student council and faculty, the movement was started. The movement of the interclub system has since grown so rapidly as to allow the Council and clubs to proceed under their own power. Each year has seen the groups stronger, although additional difficulties are being found in the increasingly number of barb students who must work part or all of their way

Naturalness and Loyalty Needed For Friendships

—Corey
"There are two essential factors in friendship," said Dr. Steven Corey, speaking at the Big and Little Sister Vespers, Tuesday, Oct. 2. "These are naturalness and loyalty." Dr. Corey, freshman advisor at Teachers' college, is the first vespers speaker of this year.

"Most of us are very unnatural most of the time," Mr. Corey continued. "We need a good friend who will make us be ourselves. The idea of the value of naturalness in behavior is greatly emphasized by the speaker. Along this line, he brought out the fact that a real friend is one before whom you can be yourself and one who will make you be yourself before other people.

"Loyalty, especially when that loyalty is deserved, is a beautiful feature of friendship," he said bringing out the second essential of friendship, loyalty. He further pointed out that "friends do not come in herds, they come singly, and that one seldom has very many real friends, based on the quality of loyalty.

Dr. Corey concluded by advising the freshmen to form their friendships carefully. "Be friendly to everyone but choose intimates with care. To have one real friend before whom you can weep or become hysterically happy is a rare treat," he said.

Arlene Bors, president of the Big Sister Board, led the devotionals which preceded the speech. Ruth Hill played a piano solo, and a vespers choir sang the processionals and the benediction. Important announcements by Elaine Fontein, Y. W. C. A. president, included the announcement that all freshman and upperclass commission groups are starting this week, and a special invitation to all freshmen and other new girls to join one of the groups.

More Than Three Hundred Students to Fire This Year.

Sergeant McGimsey has been busy this week assigning schedules to various students who have indicated their desire to fire.

The first sessions consisted of aligning three trials into something which would resemble the three corners of a triangle. After this is completed, Sergeant McGimsey intends to take up the different positions for firing a rifle, the trigger-squeeze and aiming.

Indications are that there will be over 300 students participating on the range this year, most of whom will be members of the University Rifle Club.
