THE CORN COBS HAVE PROVEN their worth! Saturday night members of the organization anxiously watched the cars collect in front of the coliseum. By ten o'clock it looked as if the party would be a success. At ten-thirty there was no doubt about it. Six hundred couples jammed the floor and cheered Red Perkins on to bigger, better, and hotter music while he insisted he was keeping his tunes in the kitchen warming them up. And so our men's pep organization has a future to look forward to even though the sale of football programs was taken away from them. Hats off to the Corn Cobs!

impetus to the Husker attack, both offensively and defensively. Several times the speedy one made tackles that saved touchdowns, and his running left nothing to be desired on the part of the Nebraska fans. But he was one big headache to Iowa! Those off-tackle jaunts just wouldn't be stopped, and he outgained Oze Simmons on yardage from the line of scrimmage. Cardy took over a new task when he was sent to run back punts, the position left open by the involuntary retirement of Jerry LaNoue, and he performed in a creditable manner, twisting and twirling away from dangerous tacklers, and counting on sheer

driving power when it seemed as if he were almost stopped.

But these are only a few of the stars who figured so brilliantly for the Scarlet. No list would be complete without columns and columns of space devoted to Ron Douglas, the Crete youngster starting his first major game, who held down his halfback position like a veteran; Bernard Scherer, who turned Oze Simmons in from the right flank, and made many of the tackles himself, once tackling Simmons from behind; Franklin Meier, who stonewalled Crayne at center, bearing the brunt of the offensive thrusts at the middle of the Husker line; Ladas Hubka and James Heldt, the two stellar guards, ever alert, ever fighting to bring down the Black jerseyed back who wanted through so badly, hitting hard and with deadly accuracy to set down the Hawks; Russell Thompson and Carroll Reese, reversing previous form to provide the Huskers with two staunch and true tacklers, whose defensive ability just couldn't be questioned; Chief Bauer, who directed the Husker jaunts into Iowa lanes, and Glenn Skewes, who smashed and punted for the Biblemen so exceptionally during the first quarter. But to devote the amount of space to these men that they really deserve is an impossibility, at least at the present time. Let it suffice to say that they conducted themselves as

true Cornhuskers, with the Cornhusker spirit, and as a credit to the Scarlet and the Cream, a team—not individuals.

Sports flashes: Nebraska was taking no chances with this boy Simmons. . . . Very few punts were within his reach, the Huskers often sacrificing punt yardage to keep the ball outside. . . . But they learned their lesson and they learned it well when, on the first punt, Simmons came back 35 yards, after it seemed that he was surely stopped. . . . The dusky one had little chance, all afternoon. . . . Nice to contemplate that the Husker backfield scoring both touchdowns was composed of three Sophomores and a Junior. . . . Prospects look rosy for a couple of years to come. . . . These frosh aren't as weak as many believed when the varsity rang up a 71 to 0 count. . . . Weir's blue-clad boys have shown the varsity some tough times in scrimmage. . . . They took the "B" team 6 to 0, too, outplaying their more experienced rivals. . . . Ron Douglas, of Crete, shows what spirit can do. . . . When the first cut of the season was made, Doug was holding down the fullback's post on the "B" team. . . . In the first game

he was such an outstanding star that he was promoted to the varsity. . . . Saturday he started as the regular halfback, and played most of the game. . . . Now he is well on his way to a major letter and Husker stardom. . . . Probably no man in the Husker backfield follows interference so well as does Glenn Skewes, the Imperial red-head.

SPORT STATIC

Well, the hectic afternoon is over. 35,000 loyal Nebraska fans, quite well positive that the Huskers were in for a tough time with the invading Hawkeyes, cheered in a mighty volume that echoed from the sandhills to the Missouri and back. For Nebraska's Cornhuskers, inexperienced, given a first class rating as underdogs, with the sport scribes hovering through the printed word what a team Iowa had and how badly they were going to beat Nebraska, came through to a 14 to 13 victory over the surprise team of the Big Ten, and a ranking contender for national honors.

Very doubtless, few of the 35,000 thought Nebraska had a chance. There were a few loyal Nebraskans, willing to stake a small board on the Scarlet and Cream, but they did not form a majority, or even a suitable minority.

No, the opinion of the state of Nebraska was mostly to the effect that the Bible coached warriors would bow to an invading horde for the first time since 1930.

But that Bible-coached team had very definite ideas of its own, and the Bible Sophomores, some of them starting their first game as red liveried gridsters, capitalized on those ideas, and upset the mighty Hawks in a victory that went thundering through the football circles of the nation. To the Sophs goes a large portion of the glory. Lloyd Cardwell, Sam Francis, Ron Douglas, Lester McDonald, first year men, all of them, provided the sparkle and punch of the Husker attack, outshining the highly touted Black and Gold.

Les McDonald—"Lanky Les"—the 6 feet 4 inch Grand Island end turned in an exceptional performance in his first start as an end. Mac scored the first touchdown, snagging a 13 yard toss from Chief Bauer. He caught other passes during the afternoon, but where he really shone, really brought out the activeness and ingenuity of a great end was on the defensive end of the play. Ozzie Simmons is a great halfback, perhaps is destined to be one of the greatest that ever lived. But Ozzie Simmons can't go places without interference. Three men usually composed the blocking squad in front of the dusky flash, but even those three, excellent blockers as they are—Fisher, Hoover, and

Crayne—hit at McDonald and fell sprawling to the turf, with Mac still on his feet and making the tackle. There was some question among Nebraska fans as to McDonald's prowess as a defensive end. He has removed those doubts from every mind in an exceptional piece of end work as has ever been seen on Memorial Stadium turf.

Sam Francis found himself Saturday, and that was anything but good news for Iowa. Big Sam plunged and crashed his way thru the line for gains that figured so prominently in the second Husker scoring drive, passed for one of the longest gains in the first, and kicked the two points after touchdown for the winning margin. Besides this, his backing up the line was worthy of a senior instead of a sophomore. His knees driving up and down like two pistons, he smashed the center of the Iowa line, and the Old Gold bent, sagged, and finally broke to let the Scarlet fullback slip thru for precious yardage.

But Sam's outstanding play of the day was a quick kick, a punt from short formation that traveled far over Ozzie Simmons' head and landed in the end zone from the midline stripe. Evidently the big boy has gotten over those sophomore jitters which marred his performances in the Wyoming and Minnesota games, and now he's on the high road to success.
