

CAMPUSOCIETY

NEARLY EVERYONE ON THE CAM-pus is looking forward with enthusiasm to attending the Homecoming party which is being given by the Innocents in the coliseum Saturday evening. This affair promises to be one of the best of the year. Ace Brigade and his nationally famous Virginians are being imported to furnish the music for the evening. This well known orchestra has played over both national networks from eastern cities and has just finished eighteen months return engagement at the Monte Carlo in New York City. The permanent decorations plus Homecoming posters and a new lighting effect will be used; the evening is closed to other parties; and the committee is trying to inveigle the authorities to extend the closing time of the dance—so with an orchestra like this in Lincoln in addition to the rest of the Homecoming activities, the whole town should turn out.

ANNOUNCEMENT was made a few days ago of the engagement and approaching marriage of Dorothy Graham, Kappa alumnae of Omaha, to Alton Fee, Sigma Chi. The couple will be married Feb. 2 and sail Feb. 18 for China where Mr. Fee has been connected with the Standard Oil company for the past four years.

INITIATION services for recently elected members of Mu Gamma chapter of Mu Phi Epsilon, national honorary musical sorority, were held yesterday evening at the Alpha Xi Delta house. Those initiated were June Goethe, violin and piano; Irene Remmers, voice and piano; Betty Zatterstrom, violin; and Margaret Kimmel, voice. At the regular monthly musical following the ceremony, June Goethe presented several violin numbers and Margaret Kimmel gave a group of voice solos.

GAMMA PHI BETA wishes to announce the recent pledging of Jean Melhoff of Sutton, Rosina Smith of Central City has been pledged by Alpha Omicron Pi.

WHEN THE Chaperones' club met for a 2 o'clock meeting at the Kappa Kappa Gamma house yesterday afternoon thirty-five members attended. The musical entertainment was furnished by Eloise Redfield and Marjorie Souders who played two of her original piano compositions. Decorations were in an autumn theme with Thanksgiving ideas predominating. Hostesses were Mrs. Sarah Nelson, Mrs. Hal Minor, Mrs. O. J. Fee, Mrs. Leo Schmittel, Mrs. Murchie, and Mrs. J. S. Pierce.

INITIATED recently into the active chapter of Kappa Kappa Gamma were the following girls: Catherine Davis and Esther Kinnett of Lincoln, Katherine Heinshemer of Sioux Falls, S. D., and Mrs. Dorothy Hedke who was initiated by proxy for the Utah chapter.

ALPHA OMICRON PI will be entertained at a buffet supper and theater party Sunday evening. The supper will be served at the chapter house. This affair is being sponsored by the alumnae members of the organizations.

DELTA-UNION wishes to announce the recent pledging of Ruth Griffith, Lincoln; Nancy Mumford, Council Bluffs, Iowa; Paul Humphrey, Giltner; Leland Horner, Clay Center; and Emory Johnson, Ceresco.

SEVERAL MEMBERS of the university faculty are attending the meeting of the National As-

sociation of State Universities which is being held in Washington, D. C. this week. They are: Chancellor E. A. Burnett, Dean O. J. Ferguson of the college of engineering, Dean W. W. Burr of the college of agriculture, Director William H. Brokaw of agriculture extension, and Miss Margaret Feddie of the department of home economics.

IOTA SIGMA PI, national chemistry society for women, held a party Friday evening in Ellen Smith hall, honoring Ingeborg Oesterlin, student from Heidelberg, Germany.

THOSE FROM the university who attended the Nebraska registrar's convention at Omaha Friday and Saturday are: Florence I. McGahey, registrar, and Edna Hewitt, Kate Field, Edith Melvin, Jennie Hitchcock, Ruby Schwemley, Lenore Laymon and Jessie Graham.

P. K. A. wishes to announce the recent pledging of Reginald Wurst and Willard Burney of Hartington.

Homecoming party, sponsored by the Innocents, coliseum, 8:30 p. m.

It's a Townsend photograph that satisfies.—Adv.

proficient at twirling a baton high above his head and then catching it without a miss.

In four years that he has been doing the stunt of throwing the baton over the goal posts he has missed on only one occasion and that when Minnesota played Cornell back in 1931.

Then he adds that the nearest he has come to missing was at the Nebraska game of this year. At that time bad weather, a bugaboo to all drum majors, did not appear as an excuse to be offered after the game.

His secret fear is that a sometime within the year Minnesota will have to entertain a band that has a girl drum major. Claiming that no one would sit and look at his antics if there was a "femme" on the field doing the same thing, he consoles himself with the thought that such an event shall not pass.

Here are the opinions of experts as regards Minnesota's championship eleven:

GRANTLAND RICE— "Let charging lines and blocking backs stand in the right way. Let rivals give their skill and might to break the Gopher away; Their answers ring across the west."

In each marauding smack— "The Norseman on the rampage now—the Viking's day is back!"

GEORGE KIRKSEY, U. P. staff writer (after Pitt game): "Minnesota went to the kill like a gridiron Dempsey. The way the Gophers won stamped Minne-

Electrical Circus From World's Fair Displayed at Gold's

The Westinghouse Electrical circus, which was displayed at the Century of Progress in Chicago and at the Madison Square Garden in New York City, is being shown all this week in the third floor auditorium at Gold & Co., under the personal direction of Mr. R. H. Maxwell, from the Westinghouse factory.

The show is divided into five acts. Included is the showing of the engineer's control over the devastating power of lightning. With the audience sitting just a few feet away, Mr. Maxwell will press a switch and 250,000 volts of man-made lightning will zigzag and crackle across the insulators on a miniature transmission tower.

In addition the display will show the modern William Tell shooting an apple off a head with a beam of light; protecting cash with light, proving that the hand is

not faster than the eye; the electric food taster, which by electricity tests the acidity of foods; the phenomena of ultra-violet radiation; and blowing out electricity, and lighting it again with a match.

The demonstration will be held every day this week, with shows starting on every hour beginning at 11 o'clock in the morning. In conjunction with the display Gold & Co. is sponsoring a \$1,000 Christmas award contest for fifty word essays on "Why I want to own a Westinghouse electrical refrigerator."

Students are invited to attend the display and to participate in the Christmas awards contest.

When some coed-conscious young man ran an ad in the University of Kentucky college paper

asking for "Dutch treat dates," he obtained three responses, all agreeable... One had a car, was a blonde, goodlooking and dressed well. Another liked the proposition so well that she asked if the advertiser had a little Dutch boy friend for her little Dutch girl friend. (The classified ad man is waiting boys, come on over).
