

CAMPUSOCIETY

ONCE AGAIN TABLES SEEM TO have reversed as far as this dating proposition on the campus is concerned. Tickets for the Mortar Board annual "Leap Year" party have gone on sale and fellows are waiting and anxiously wondering if they are going to be invited. Girls who aren't fortunate enough to have a good old "standby" or a "steady" are rather perturbed, too. After all, this business of asking a fellow for a date is something entirely different, and what about transportation, and should the fortunate fellow be taken to dinner, and should he be sent a corsage? All these questions and many others will be answered the night of Dec. 14 because somehow practically every girl on the campus is going to get a date and get him to the Mortar Board party somehow or other.

IT SEEMS that Marlow Williams, Pi Phi, and Darwin Lager, Sigma Nu, really celebrated the Thanksgiving vacation in a big way. Marlow is now the proud possessor of a sweetheart pin and congratulations are certainly in order for Darwin.

AND POLLY POLLARD, Chi O, returned to school Monday wearing a Sig Ep pin. Bob Benson is the lucky fellow.

They ought to know—

MANY men of the South have been "in tobacco" for years—growing tobacco and curing it—buying it and selling it—until they know tobacco from A to Izzard.

Now folks who have been in tobacco all their lives, folks who grow it, know there is no substitute for mild ripe tobacco.

And down in the South where they grow tobacco and where they ought to know something about it—in most places Chesterfield is the largest-selling cigarette.

Harvesting tobacco and packing it in the barn for curing—and (below) a scene at a Southern tobacco auction.
