

# M'DONALD OUT OF CAGE TEAM LINEUP

### Cornhusker Offensive Strength Receives Setback as Sophomore Forward-Center Is Declared Ineligible for Iowa Game.

#### SCRIMMAGE CLIMAXES WORK FOR CAGESTERS

### Baker on Sidelines With Twisted Ankle, But Expected To Be Ready for Tilt Saturday; Morris Tried at Forward on Varsity.

Scrimmage was the order of the day Wednesday for the Husker basketball quint, preparing to embark upon the stormy seas of another Big Six campaign. With but two days of practice remaining before Iowa State invades the Husker precincts, Coach Browne climaxed the hard work of the week by sending his charges thru an intensive tussle with the frosh. Starting slowly, but gathering speed as the melee progressed, the varsity smothered the first year men in the final quarter of play.

#### Offensive Weakened.

The Husker offensive strength was given a backward blow by the announcement Wednesday that Lester McDonald, Grand Island sophomore center and forward, would be ineligible for competition in Saturday's game and probably will be out for the semester. McDonald was ranked as a starter for the Cyclone invasion, and was the keynote of the Husker attack during the vacation road trip. His loss leaves Harry Sorenson and Harvey Widman to share between them the center's chores.

Howard Baker, another Grand Island soph performer, cavorting for Browne at forward, could not participate in the afternoon's workout due to a twisted ankle suffered Tuesday. The injury is not serious and he will be ready to take his stand against the Ames quintet, but for reasons of safety he was kept off the floor Wednesday.

#### Morris in Lineup.

Merrill Morris, Lincoln, played forward on the varsity during the entire day's workout, the only major change noticeable in the lineup. Altho Coach Browne shifted players frequently in an effort to find the best combination for the game, and to pass the ball off the bank board, and to follow this the frosh left their practice court to take the floor against Coach Browne's varsity. The yearlings started the scoring and kept the varsity down for the first twenty minutes of play, but superior ball handling and basket shooting told, and the Scarlet kept play under its frosh's basket.

#### Ball Handling Sloppy.

Ball handling on the part of the varsity was not the best, and the earlier sessions. Poor judging of passes and numerous shots at the basket that went wild were the reasons for a frosh superiority in the opening of the scrimmage. But with better aim for the basket, altho the passing still was not the best, the varsity margin exerted itself.

#### Browne used Henry Whitaker and Merrill Morris as starting forwards; Harry Sorenson at center; and Harvey Widman and George Wahlgvist at guards. Leland Hale at forward and Bud Parsons at guard supplemented this quintet. Morris was high point man with two buckets, while Whitaker, Sorenson, Wahlgvist, and Hale each connected once from the floor. For the frosh, Coach George Sauer started C. Scott and Carl Stens, forwards; Ebaugh, center; and Bob Parsons and Lefel, guards. Scott was high from the field scoring twice, while Parsons made one field goal.

#### Sidney Silber, Famous Musician, Dares to Give Unprepared Piano Program at the Temple Theater for a Local Audience.

(Continued from Page 1).

When at last the pianist deemed it wise to once again favor his faithful listeners, Mr. Silber changed from the bench, which graced the floor in front of the piano to a chair. After trying to decide to reclaim the bench. It was rather pretty. It had a brilliant red seat cover on it. The disconcertion against showmanship could not possibly have been more ironically illustrated. Next the great musician mopped his brow in a cosmopolitan way, maybe it should have been in a flustered way, and proceeded to tell of his argument with Joseph Hoffman (another pianist) on the merit of the word "genius." Three or four more selections were eventually played and one of Chopin's "Waltzes" concluded the program.

#### NOTED STYLIST GIVES EXHIBITION USES OF COTTON IN CLOTHING

(Continued from Page 1).

woven majasae, ratine sheers, ratine seersuckers and a variety of cotton "cords."

Miss Cleveland also exhibited a series of new cotton hats. Made in plaids and plain ratine, seersucker and gingham, most of the hats turn up in back and dip down over the right eye in a perky manner. A new type was a wide brimmed hat reminiscent of old fashioned sunbonnets, with ties under the chin. Miss Cleveland announced that this particular style had aroused the most interest among her university girl models.

Miss Cleveland closed her talk with the exhibition of draperies, luncheon clothes and chintzes, one with a pattern expressive of the new era of freedom, called "Tooby's Jug." Merriment was aroused at the dark towels, deep red and blue, suggested by Miss Cleveland, for households with boys in them.

## SCHEDULE OF EXAMINATIONS

### FIRST SEMESTER, 1934-5.

Laboratory classes meeting for several continuous hours on one or two days may avoid conflicts with other classes of the same nature by arranging that their examinations occur as follows: Classes meeting on Monday or Tuesday may be examined on the date scheduled for the first hour of their laboratory meeting; Wednesday or Thursday classes on the second hour of their meeting; Friday or Saturday classes on the third hour.

#### THURSDAY, JAN. 24

9 a. m. to 12 m.—Classes meeting at 8 a. m., five or four days, or Mon., Wed., Fri., or any one or two of these days.  
2 p. m. to 5 p. m.—Classes meeting at 8 a. m., Tues., Thurs., Sat., or any one or two of these days.

#### FRIDAY, JAN. 25

9 a. m. to 12 m.—Classes meeting at 9 a. m., five or four days, or Mon., Wed., Fri., or any one or two of these days.  
2 p. m. to 5 p. m.—Classes meeting at 1 p. m., Tues., Thurs., Sat., or any one or two of these days.

#### SATURDAY, JAN. 26

8 a. m. to 10 a. m.—Classes meeting at 7 p. m., Mon., Wed., or Fri.  
9 a. m. to 12 m.—All Freshman English classes (English 0, 1, 2, 3, and 4).  
10 a. m. to 12 m.—Classes meeting at 7 p. m., Tues., or Thurs.  
2 p. m. to 5 p. m.—Classes meeting at 4 p. m., Tues., Thurs., Sat., or any one or two of these days.

#### MONDAY, JAN. 28

9 a. m. to 12 m.—Classes meeting at 10 a. m., five or four days, or Mon., Wed., Fri., or any one or two of these days.  
2 p. m. to 5 p. m.—Classes meeting at 2 p. m., Tues., Thurs., Sat., or any one or two of these days.

#### TUESDAY, JAN. 29

9 a. m. to 12 m.—Classes meeting at 9 a. m., Tues., Thurs., Sat., or any one or two of these days.  
2 p. m. to 5 p. m.—Classes meeting at 1 p. m., five or four days, or Mon., Wed., Fri., or any one or two of these days.

#### WEDNESDAY, JAN. 30

9 a. m. to 12 m.—Classes meeting at 11 a. m., five or four days, or Mon., Wed., Fri., or any one or two of these days.  
2 p. m. to 5 p. m.—Classes meeting at 3 p. m., Tues., Thurs., Sat., or any one or two of these days.

#### THURSDAY, JAN. 31

9 a. m. to 12 m.—Classes meeting at 10 a. m., Tues., Thurs., Sat., or any one or two of these days.  
2 p. m. to 5 p. m.—Classes meeting at 2 p. m., five or four days, or Mon., Wed., Fri., or any one or two of these days.

#### FRIDAY, FEB. 1

9 a. m. to 12 m.—Classes meeting at 11 a. m., Tues., Thurs., Sat., or any one or two of these days.  
2 p. m. to 5 p. m.—Classes meeting at 3 p. m., five or four days, or Mon., Wed., Fri., or any one or two of these days.

#### SATURDAY, FEB. 2

3 p. m. to 5 p. m.—Classes meeting at 5 p. m., Tues., Thurs., Sat., or any one or two of these days.  
9 a. m. to 12 m.—Classes meeting at 4 p. m., five or four days, or Mon., Wed., Friday, or any one or two of these days.

1 p. m. to 3 p. m.—Classes meeting at 5 p. m., Mon., Wed., Fri., or any one or two of these days.  
3 p. m. to 5 p. m.—Classes meeting at 5 p. m., Tues., Thurs., Sat., or any one or two of these days.

## COACH OSTRAN SENDS OUT CALL FOR BOXERS

### Men Especially Needed in Flyweight, Bantam Divisions.

Any and all men gifted in the arts of fisticuffing and mitt-slinging who are desirous of trying out for places on the varsity boxing team may report to Harold Ostran immediately, according to a statement issued Wednesday by the university boxing instructor. Ostran said that, altho boxing has not yet been made a letter sport on the same basis as baseball and swimming, competitive meets in all the eight weight divisions will be held throughout the second semester.

Practice sessions will be held in the basement of the coliseum daily from 11 to 12 and from 4 to 5, for the remainder of the first semester and the beginning of the second, thus furnishing a means of selecting the members of the varsity team. All aspirants for positions are invited to attend to aid in training and conditioning themselves.

Ostran reported that several experienced men had returned to take up the pugilistic sport, but that more men were needed to fill the flyweight and bantamweight divisions.

### BOWLING TOURNEY NEARING FINALS

#### Winning League Teams Enter Eliminations Next Monday.

Last games of the round-robin intra-mural bowling tournament will be played off Thursday, according to Anne Pickett, bowling sponsor for the W.A.A. Announcement of the winning teams with the final scores will be made Sunday, and the elimination tournament between these teams will begin next Monday, Miss Pickett stated.

The three final games which will be played off Thursday at 4 o'clock are: Kappa Delta 1 vs. Alpha Delta Theta 1; Delta Gamma 4 vs. Alpha Chi Omega 3; and Sigma Eta Chi 1 vs. Delta Delta Delta 3.

Sponsors of the tournament announced that all makeup games must be played Friday at which time the scores, whether all games are finished or not, will be turned in.

### LUTHERANS TO HEAR PROF. LUGN FRIDAY

#### Geology Instructor to Talk On Geography of the Holy Land.

Prof. A. L. Lugn of the geology department, will address a regular meeting of the Lutheran club at 8:00 p. m. Friday evening, Jan. 11, in room 205 of the Temple building. The topic of his speech will be "The Geography of the Holy Land."

The program is to be under the direction of Melinda Anderson, assisting her will be Marvin Trautwein, who is in charge of the social activities, and Irene Apfelbeck, chairman of the refreshment committee. All Lutheran students are invited to attend.

### C. E. MARSH TALKS TO ENGINEERING SOCIETY

#### Has Transmission Subject Address at Meeting Thursday.

C. E. Marsh of Beatrice will discuss the topic, "High Pressure Natural Gas Transmission" before members of the Chemical Engineering Society in an open meeting at 7:30 o'clock Thursday evening in the lecture room of Chemistry hall.

Mr. Marsh, superintendent at the booster station at Beatrice, will speak on problems of high-pressure and long-distance transmission of natural gas by pipeline. Following the talk, a short business meeting will be held, it was announced.

It sort of looks as tho the political science professors may as well fold up their tents. Their varied theories of value in politics do not seem to apply to student politics. At the University of Missouri, Columbia, student election, 200 more votes were cast than there are students. Like occurrences are reported at Ohio State and at Michigan.

A survey conducted at Harvard reveals that the average student carries only 22 cents in cash with him on any given average day.

Young women at Northwestern were recently charged with making low grades to attract men. Prof. J. J. B. Morgan, psychologist, said that girl students "protest on the theory that men like them dumb."

## SPORT STATIC

by ARNOLD LEVINE

In the way of a novel sport idea: In front of the coliseum the other afternoon, a bunch of little tykes mounted on trusty roller skates, and striving with all their adolescent might and main to send a small iron hoop rolling either up the steps or into the street, gave me the idea that maybe the younger generation is interested in this thing called hockey. They played hockey rules, modified to a great degree but still recognizable, took their falls to the pavement with a philosophical air, even tho accompanied by a grimace of pain, and seemed to be having a general all around good time.

They chased the "puck" as if they meant business, and a goal was as serious as having to stay in with the mumps. Trust a youthful mind to be inventive! With no ice and no snow, altho it is January, they transferred their rink sport to the paved square before the coliseum, and with apparent excellent results.

Seven games of the 1935 basket season have now gone by the board, and the Husker batting average falls very close to the .285 mark, but that's about .285 better than teams in the past few years have been able to do. Two out of seven doesn't look so good to the average fan, but that's enough to cause general awakening of interest around Husker circles. And then those defeats don't throw a greater deal of black mud on the Husker record, altho they go down in the red part of the ledger. One and two point defeats aren't what one might really term death blows. In fact, they bespeak rather well for the Scarlet and Cream's prowess in basketball. Just a little more of the old "oof" and some of those games that would have been lost by one point will go down on the long end of the Husker count. Coach Browne has been shifting men regularly and frequently in an effort to instill some of this "oof" and just what the starting lineup will be when Nebraska opens the Big Six campaign against Iowa State Saturday night is still a large part conjecture.

The frosh have three basketball men who could play ball so high in the air nobody else could get near enough to even bother. In fact, the 1935 frosh class has the distinction of offering the three tallest men seen in Nebraska University for years and years, and perhaps the tallest ever. There's Nelson, a Curtis Nebr., high school product, who tops the parade, 6 feet and 8 inches of him. Next is Ebaugh, Superior, Nebr., who won't give himself credit for an extra eighth of an inch but puts himself down for 6 feet, 6 and 3/4. Dohrmann, hailing from Staplehurst, Nebr., reaches 6 feet 5 1/2, in his stocking feet. Some height!

### TANKSTERETTES TO INITIATE NEW GIRLS

#### Members Participate in Swim Meet After Ceremonies.

New members will be initiated into Tanksterettes, women's swimming club, at the regular meeting to be held Thursday evening at 7:30. Following the meeting a swimming meet is to be held in which members of the organization will participate, according to Beth Taylor, president of the group.

### Receive Applications For Staff Positions

Applications for the appointment for the following positions on the student publications will be received by the student publications board until 5 p. m. Wednesday, Jan. 17.

**THE DAILY NEBRASKAN.**  
Editor-in-chief.  
Two managing editors.  
Three news editors.  
Woman's editor.  
Business manager.  
Three assistant business managers.

**THE AWGWAN.**  
Editor.  
Business manager.  
Two managing editors, unpaid.

Application blanks may be obtained at the office of the school of journalism, University hall 104. Material already on file need not be duplicated.

**JOHN K. SELLECK,**  
Secretary, Student Publication Board.

### GIRLS' RIFLE SQUAD OPENS DRILL JAN. 14

#### Team to Be Selected Each Week for Matches With Other Schools.

Girls' Rifle team will start practices Monday, Jan. 14, and will continue them for the following three weeks, according to a statement made Wednesday by Adela Tombrink, captain of the group.

All girls are urged to attend. No experience is necessary and no fees will be charged. The practice hours are scheduled on Mondays from 2 until 5 o'clock and on Tuesdays and Thursdays from 2 until 4 o'clock.

At the end of the practice season matches will be filed with other universities, Miss Tombrink stated. The matches will be conducted by shifting teams in the same manner as in years before. The fifteen girls shooting the highest scores during the week preceding the match will comprise the team. Scores for each girl will be compiled every week, stated Miss Tombrink.

Male students at Boston university recently suggested that lonely coeds wear red dresses so that dating would be easier—blue dresses suddenly became popular.

## HUSKERS LEAD BIG SIX IN FIVE MAJOR SPORTS

### Iowa State Dominates Four Minor Events; Sooner Have All-Time Title.

LAWRENCE, Kas., Jan. 9.—Nebraska dominates the five major sports for the six or more years of Big Six competition; Iowa State is ahead in the four minor sports, and Oklahoma has the all-time Big Six championship, on a basis of all sports.

Kansas is tied with Oklahoma for runner-up position in the six years of major sport competition, is barely nosed out of third place in minor competition by reason of Kansas's State championship in the two-mile team race last fall, and has a safe third place in all-sport competition since the founding of the Big Six.

Ten or twelve years ago, Dr. F. P. Allen, director of athletics at the university, devised a pentathlon system for scoring all sports, assigning 1 point to the champion in each sport, 2 points to the runner-up, and so on.

Thus, in the year 1933-34, Kansas won championships in basketball, indoor and outdoor track, was runnerup in tennis, and placed fourth in football, swimming, and wrestling, for a total of 17 Oklahoma, with firsts in wrestling and tennis, second in indoor track, tie for second in basketball, and thirds in football, outdoor track, and swimming, had a total of 15 1/2, and therefore outranked Kansas.

Using the same system, and combining the six complete years of Big Six competition in all sports, and including football and two-mile team race (classified as cross-country), the following are the results:

**Major Sports.**  
Football: Champion, Nebraska; runnerup, Kansas State; third, Oklahoma; fourth, Kansas; fifth, Missouri; sixth, Iowa State.  
Basketball: Champion, Kansas; runnerup, Missouri; third, Oklahoma; fourth, Nebraska; fifth, Kansas State; sixth, Iowa State.  
Baseball: Champion, Kansas State; runnerup, Missouri; third, Oklahoma; fourth, Nebraska; fifth, Iowa State; sixth, Kansas.  
Indoor Track: Champion, Ne-

### Vera's Hat Shop

### STURDEVANT LEAVES FOR DENTAL CLINIC

#### Nebraska Professor Will Give Talk Before Conclave.

Dr. R. E. Sturdevant, professor of operative dentistry at the university, will leave Thursday, January 10, for Denver, Colorado, where he will address the Rocky Mountain Mid-Winter Clinic on "Inlay Technic."

This convention includes six states throughout the mid-west, and many notables of the Dental Profession are scheduled to appear, such as Dr. Stafne, from the Mayo clinic, Dr. Egan, editor of "Oral Hygiene," and many other famous dentists from everywhere in the United States.

The Clinic opened January 9, and will close January 12.

## MILITARY SPONSORS PLAN TEA FOR R.O.T.C.

### Phyllis Jean Humphrey Is General Chairman Of Affair.

### VIOLET CROSS PRESIDES

Sponsors of the university R. O. T. C. regiment voted to hold a tea for all officers on Jan. 20, at a meeting held Wednesday at 5 p. m. in Ellen Smith hall. Violet Cross, honorary colonel, presided at the gathering, and Elizabeth Shearer was elected secretary of the group. Phyllis Jean Humphrey, regimental sponsor, was named general chairman of the affair, her committee including Ruth Mallory, Faith Arnold and Ruth Seers.

Frances Brune is chairman of the committee on food, which is composed of Lois Rathburn, Elizabeth Shearer and Melinda Anderson. Virginia Selleck heads the committee on the room and program, and members are Lorraine Hitchcock, Jean Wait, and Ruth DeKlotz. Cathleen Long is chairman of the committee on invitations, which is comprised of Virginia Kean and Jean Palmer.

No definite place was chosen for holding the affair, and Jan. 20 was set only as a tentative date.

A committee was appointed to consult with the faculty club and to frame a constitution for the organization. Anne Bunting, last year's honorary colonel, was appointed advisory member, with Betty Temple and Ruth Mallory to complete the group.

All members were urged to attend company practices and to be present at all R. O. T. C. parades. The next meeting will be held on Thursday, Jan. 17, at 5 o'clock, and committee chairmen will meet in Ellen Smith hall at noon today.

### Dr. Handorf Speaks at Meeting of Chem Group

Dr. Benjamin Handorf, assistant instructor in the chemistry department, addressed Phi Lambda Upsilon, honorary chemistry fraternity, with the topic, "Measurement of Vapor Pressure" at a meeting of reorganization, Tuesday evening. Dr. Handorf discussed his experiences with vapor pressure during the time he conducted research work for his doctor's degree.
