JAYHAWKS COME TO COLISEUM FOR TUSSLE TONIGHT

League Leaders Out After Second Triumph Over Nebraska.

HUSKERS AIM AT UPSET

Widman to Start at Forward In Place of Whitaker For Scarlet.

Kansas university's Jayhawk basketball aggregation whirls into Lincoln tonight on wings fashioned from the unquestioned leadership in the Big Six conference Kansas, the pride of the Big Six when one is speaking of the relative merit of first-place conference teams throughout the country; but man's eye for the basket, a team Kansas, the most to-be-feared with an exceptional running and team in the Big Six when one's floor assault, own team must be her opponent, more of that thing it takes to win will tangle with Nebraska's Corn- a basketball game, and you have huskers tonight on the coliseum the reason Kansas reposes at the

But it is not with any uneasy apprehension at facing the leader you have the key to the almost of the league, at facing the pride endless Jayhawk string of Big Six of the conference, that Nebraska cage victories. Coach Phog Allen, goes up against the Jayhawks at the first paid basketball coach in 8 o'clock this evening. It is with America, is the main cog in the the most to-be-feared team in the drive wheel system which has more Big Six that Nebraska plays a bas-ketball game tonight. And, sacri-legious as the statement seems, the Big Six put together. Nebraska's cellar-guarding hoopsters are not losing any sleep or braska cagesters have not allow tearing out any hair in anticipa-tion over the probable outcome of the game between the first-place firm-founded determination to put and last-place teams in the Big forth their best this evening when

This Kansas Team.

There is an almost universityold tradition in Kansas-land which would make as much, or more, of a cataclysm at the University of Kansas if the championship of the Kansas if the championship of the championship Big Six basketball race did not ball they can produce. Whether come home yearly to the fold of the Huskers rest in first or last the Jayhawks as when Nebraska lost the Big Six football title to Kansas State last Thanksgiving. It is recognized throughout the conference realm that Kansas yearly puts forth almost an unbeatable cage combination and that Kansas will take the championship in the maple sport.

In addition to this influential, Bud Parsons and George Wahlalmost insuperable, force of quist holding down the guard jobs tradition, Kansas university has a nearly veteran aggregation. There is not a man on Coach Phog Allen's starting quintet who is less than six feet above terra firma; in fact, Coach Allen's son is the only man on the entire Jayhawk combination who is under the six foot altitude. Kansas has a passing attack which no Big Six team has ever been able to equal, much less excel. Kansas teams simply do not make bad passes.

FORTIFIED WITH FOOD Note: Several fallacies have been unin-tentionally printed with regard to Miss Oesterlin. She is not getting her Master's degree in chemistry, but is merely taking graduate work in this field. In addition, she does not like our popeorn—she was merely surprised when rating it for the first time, and voiced an exclamation which bystanders took for delight.

Uncle Egbert tried to bear up through the winter!

Winter meant red flannels, and hot, heavy, indigestible breakfasts to the last generation.

We've freed ourselves of a host of discomforts since 1906. And Kellogg's Corn Flakes, introduced in that year, have helped to bring about the change.

Nowadays we can wear lighter clothing - eat lighter, more appetizing foods. Try a bowl of Kellogg's, with milk or cream, for a winter breakfast. Crisp and tempting. Rich in energy and body warmth. Easy to digest.

Coach Wilbur Knight's Nebras- the Scarlet 21, ka "B" team laid it on thick and and so heavy in fact that a Mc-Junior college basketball team didn't have time to collect its wits, dignity, or, what was much more important, a few shots at the basket, and the Husker seconds won 43 to 20 on the maples of their perpetual habitat, the Ag college. In doing so, the "B" basketeers took a 2 to 1 lead in their series with the McCook lads. The two teams had split two previous encounters, the Juniors winning at home, and the "B" triumphing on their own stamping grounds,

Huskers Engage Iowa U and Illinois in First Go Of Season.

Coach Charlie Miller's Husker tumbling eraftsmen will get practice thus far this season. their first taste of competition this season when they journey to lowa City Friday, Feb. 22. The squad, a portion of which displayed a very acceptable sample of their wares to Nebraskans be-tween the halves of the Denver-Nebraska basketball game recently, will compete in their first meet of the current term on that date in a triangular contest with the

Universities of Iowa and Illinois.
The fray will open not only the 1935 tumbling season for the ly divided between the ten men. Huskers but also the second year of intercollegiate competition at Nebraska. The schedule last year was the first intercollegiate one arranged for the Scarlet gymnasts, and as a result of a lack of

funds the sale was very limited. This year, however, the athletic board has been more generous in its allotment to the tumblers and Coach Miller has been able to draw up a most pretentious program. In addition to the tri meet with Iowa and Illinois, and the national A. A. U. and N. C. A. A. meets, the Nebraska tumbling tutor has arranged tilts with the Universities of Colarod and Missouri. Colorado State Teachers college and Colorado jutant. State Teachers college and Colorado Agricultural college

The five-man team which Coach Miller plans to enter in the meet at Iowa City will be constructed mainly around four veterans. The stalwarts are Edward Reynolds, all-university champ in 1934-35; Floyd Herman, all-university win-ner in 1933-34, Jack Green, university flying ring champ; and Ed-ward Bignell, weathered tumbler. Richard Kelley, the other member of the quintet, although slightly less advanced may be counted upon to bring in his share of the honors.

The five events which will count toward scoring in the Iowa City fray are the flying rings, tumbling, parallel bars, horizontal bars, and the side horse The remainder of the 1935 acro-

batic slate follows:

Colorado State Teachers college, at Greeley, Colo., February 28, Colorado Aggies, at Fort Collins, Colo., March I. University of Colorado, at Boulder, un-Hocky Mountain A. A. U. meet at Den-er, March 2. University of Missouri, at Lincoln, idarch 15 (tentative).

'Can Do Better' Oklahoman Says, After Cracking Big Six Mark.

NORMAN, Feb. 14.-Rocketing a guarter of a mile thru the water in 5 minutes 11.8 seconds in practice Monday, Jack Davis, Oklahoma swimmer, was dissatisfied as he relaxed at the finish mark, panting to recover his breath. Dissatisfied in spite of the fact he'd unofficially broken his "Big Six" 440 yard free style record by 33 seconds, approximately two lengths of the pool.

For Jack has had to learn to swim all over again and he's not nearly as smooth as he wants to

"I'm learning a new stroke and a new turn this season," explains the Sooner swimmer. "Up at the national last year a fellow named Jack Medica, of Washington, swam the 440 in 4:46.6, a new world's record. Altho I swam fastfrom the little end of the horn in er than I ever had in my life, Medica beat me more than a length of during that time. But this after-noon for the first time favors of the pool. At any rate, according to Jack Minor, former Husker letterman

"After I was eliminated, I was determined to learn all I coud about that new stroke. I talked to Medica and he gave me some swell pointers. I talked to Jimmy Christy, the Michigan captain, and he showed me all he knew. I talked to everybody until I guess I was the champion pest of the meet, but I came away from there with the book on that new stroke

"Last October I started working on it. Bruce Drake, physical education instructor, helps me a lot. We actice thus far this season.

"Those who attend the meet Frivery little waste motion and goes day afternoon may expect to see 5 good with my six beat kick.
