

SUMMER SCHOOL TO OPEN JUNE 14

Students May Register in the Coliseum Until Noon, June 15, for Nine Hours Work in Long Term Or Sign in the Short Session.

ADMINISTRATION ARRANGES SOCIAL PROGRAM

University Teaching Staff to Be Augmented by Guest Instructors From Several American Colleges And Nebraska High Schools.

Augmented by guest instructors from several American colleges and outstate high schools, the university teaching staff will present a comprehensive range of courses at the short and long summer sessions which open June 14.

In addition to educational activities, the administration has planned social and recreational programs, according to the summer session bulletin available at the registrar's office.

The all state high school orchestra, chorus, and band course will be offered to fourth year students for four weeks beginning June 17.

Some of the visiting instructors who will lecture in specialized courses are Dr. E. N. Anderson, Chicago University historian; Dr. Horace B. English, professor of educational psychology at Ohio State; Miss Elizabeth Hebel, social studies authority; George R. Howerton, chorus expert from Hiram college; Dr. H. H. Linn, business manager of Muskegon, Mich.; William Norton, director of school music at Flint, Mich.; Norma V. Scheidemann, writer on child psychology; Muriel Sibell, chairman of Colorado University fine arts department, and Dr. Louis A. Wolfanger, nationally known instructor in economic geography of Columbia University.

Students may select courses from both the long and short sessions, carrying a maximum of nine hours college work for the long, and six hours during the short session. An additional fee of \$3 will be charged students registering after June 15, and \$1 for each additional week after classes have begun.

A laboratory school of the elementary education department will be held, where newer theories and practices of the field will be tried out and evaluated, and possibly adopted by the public schools of Nebraska. The school includes a nursery, reading clinic, rural school, and four elementary grades. Demonstration classes will also be in operation at the teachers college high school. First grade state and university teachers certificates will be offered to students in education courses.

The women's dormitory, Carrie Belle Raymond hall, will be open for student occupancy during the summer session. Breakfast and dinner will be included in the rental charge, which is \$7 per week.

The senior committee on class organization will meet Thursday afternoon at 5 o'clock at the Student Council office in U hall, according to Don Easterday, class president.

The committee, composed of Easterday, Herman Rosenblatt, Lamoine Bible, Jack Fischer, Violet Cross, Wilbur Erickson, and Marian Smith, expects to consider plans for further senior activity through the balance of the year.

Along that line, President Easterday stated that they would possibly enlarge the committee membership to provide a more comprehensive coverage of the graduating class. It is intimated that definite steps toward class unification will be outlined at today's meeting.

LIBRARY POST EXAMS TO BE GIVEN APRIL 27 Freshmen and Sophomore Students Eligible For Jobs.

Competitive examinations for part-time student positions on the library staff will be held in the third floor reserve reading room at 9 o'clock Saturday morning, April 27, according to Librarian Gilbert Doane.

Only freshmen and sophomores are eligible for the examinations, filings having closed April 17. Those students who have made applications for student positions during the current academic year must call at the office of the circulation librarian and signify their intention to take the examination. The positions require thirty hours work per week, and salary is \$30 per month. Two positions will probably be vacant by Sept. 1.

COCHRAN SPEAKS AT LAST EVENT IN ENGINEERS' WEEK

Former State Engineer to Talk at Banquet May 3.

L. W. CHASE TO PRESIDE

Edison, Frankforter Will Present Awards, Medals.

Gov. Roy L. Cochran has been scheduled as principal speaker for the engineers banquet Friday evening, May 3, at the Lincoln hotel ballroom. It was announced today by Hugh Schmidt of the engineers week executive committee. The banquet is slated as the concluding event on the engineers week program.

A university engineering graduate and eight years state engineer, Governor Cochran will speak on some topic of general engineering interest, it was indicated. Toastmaster for the evening is L. W. Chase, president of the Chase Plow company of Lincoln. He is at present feed administrator for the AAA.

Awards Given.

Engineering awards of the past year will be presented following the dinner, Schmidt stated. Prof. O. E. Edison of the electrical engineering department will present the Sigma Tau freshman scholarship medal to John T. Parker; Prof. C. J. Frankforter of the chemistry department will present the O. J. Field award to Edward L. Beachler, and the chemistry engineering scholarship key to Ray Hickok.

Winners of the following awards (Continued on Page 3.)

IVY DAY ICE CREAM SOCIAL PLANNED BY Y.M., Y.W. STAFFS

Affair to Be Held on Lawn North of Library Building.

On the eve of Ivy day, anticipating the historic atmosphere that will pervade the campus the following day, students, faculty members, and alumni of the university will participate in an old fashioned ice cream social on the lawn north of library hall. The novel affair will begin at 8 o'clock, May 1, with an orchestra playing old fashioned tunes, and Japanese lantern lighting the grounds.

Ice cream and cake will be sold at special stands, and the affair will resemble as far as possible, a typical ice cream social, members of the social staffs of the Y. W. and Y. M., sponsoring the festivity, announced.

Committees working on the arrangements were announced as follows: Decorations: Nora DeCory, Mary White, Manuel Brown; refreshments: Iris Knox, Dorothy Baers, Dorcas Crawford, Hazel Baier, and Lillian Seibold, orchestra: Eleanor Bell; and guards: Lillette Jacques.

TANKSTERETTES TO INSTALL NEW HEAD

New Officers of Tanksterettes, women's swim club, will be installed at a ceremony at 7:30 Thursday in the coliseum, according to Beth Taylor, president of the organization.

Beth Phillips will be installed as president for the coming semester, Edwina McConchie will take the office of vice president, and Fern Focht will serve as secretary. Dorothy Orcutt is the new treasurer, and Martha Jackson will be installed as reporter.

JOHNSON NAMED ON EDUCATIONAL GROUP

Professor Appointed as Member National Committee.

Prof. P. G. Johnson, supervisor of science in teachers college, was recently appointed to serve on the national committee to guide the development of the American Science Teachers association. The committee will prepare and present definite plans for the association which was formed last semester. The next meeting of the group will be held in St. Louis in December.

Mr. Johnson has also been asked to present a paper and lead discussions at the July meetings of the department of science instruction of the National Education association. The themes for these meetings will be "Continuous Program in Natural Science for the elementary and secondary schools."

APRIL NUMBER OF BLUE PRINT WILL BE ISSUED FRIDAY

State High School Students To Receive Engineers' Publication.

Featuring an article by W. Bernard Robinson, E. E. 30, on "Finding Oil With a Seismograph," the Nebraska Blue Print will be issued to engineering students, Friday, April 26, those in charge announced. The April number of the student engineering publication, which is to be sent to all high schools in the state, also contains the program arrangements for engineers week next month.

Robinson, an oil prospector, regulates the field operations in locating oil by use of an instrument called the seismograph. After a dynamite charge has been set off around 50 to 100 feet below the ground's surface, he explains, the instrument picks up the sound waves from which can be determined where oil is likely to be found. Conditions affecting the location of oil in the different localities is also told.

The April Blue Print goes to the high schools of the state and presents to high school students the complete program for engineers week, relating to the different exhibits and the week's activities. The cover design, drawn by the architectural department, is the outline of a zeppher train placed before the plans of the state capitol building.

BURNETT SUGGESTS BRACKETT FOR POST IN U. S. NAVAL CORPS

Official Recommends Diers As Alternate for Position.

Elmer Brackett, engineering senior, was recommended by Chancelier E. A. Burnett Wednesday for the position of probationary second lieutenant of the United States marine corps. Richard A. Dier, senior in the teachers college was recommended as an alternate in case Brackett does not meet the requirements.

Brackett, who is the son of Prof. E. E. Brackett of the department of agricultural engineering, is Cadet Lieutenant Colonel of the R. O. T. C. and a member of Sigma Phi Epsilon fraternity.

Dier is the son of H. A. Dier of Lincoln. He is a member of Theta Chi, Sigma Delta Chi, Corncohs, the Rifle club, and a Cadet Major in the R. O. T. C. Recommendations were directed to Major General John H. Russell, Commandant at Washington.

HOUSE APPROVES BILL TO SET UP NEW BOARD

Owens Resolution to Abolish Uni Regents Passed Wednesday.

Approval of a joint resolution for the submission of a constitutional amendment to abolish the university board of regents was given Thursday by the Nebraska house of representatives by a vote of 64 to 24. The bill, house roll No. 386 by Claire Owens, was passed after a third reading.

The resolution provides for a Nebraska state board of education to manage the affairs of the university, the four state normal schools, school for the deaf, and school for the blind. Lancaster county delegates and university supporters united in an attack against the bill, charging that it was more expensive than the present plan.

The new board would consist of nine members elected from districts to serve two, four, and six year terms. To validate the measure, the senate must pass it, the governor sign it, and voters ratify it at the next state election.

UNION GROUP TO SPONSOR SECOND MEETING TONIGHT

Student Support Petitions To Be Circulated in Organizations.

ATTENDANCE STRESSED

Fischer Urges Everyone to Back Campaign for Building.

The second meeting of the Student union committee of 100 will be held tonight at Social Sciences auditorium at 7:30 when the second step in the drive for student enlistment of the project will be taken. Petitions have been prepared and will be given to the members of this committee for circulation in their prospective organizations.

It has been decided by the council that the petition plan of gaining the support of the entire student body will be more valuable, as evidence of interest, than a special balloting at the coming spring election.

Jack Fischer, chairman of the committee, stressed the importance of attendance. "It is vital that the campaign continue full force and never be permitted to die for a moment. Members of this publicity committee are the leaders and executive of all the undergraduate organizations and are the ones upon whom the entire project is dependent.

"If they will come tonight and show by their presence their willingness to keep the campaign moving along, there is absolutely no reason why Nebraska should not have a student union building next year," Fischer declared.

12 MEMBERS TO GIVE REPORTS ON WORK OF W.A.A. COUNCIL TODAY

Beth Taylor Features Meet With Discussion of New Cabin.

Reports on the past years work in W. A. A. will be given by twelve council members, when the old and newly elected council meets Thursday noon at 12 in the new W. A. A. room in Grant Memorial hall.

Beth Taylor, chairman of the cabin committee, will give the feature report on the progress of the new W. A. A. cabin being built eight miles east of the campus. Plans are being made for its opening next month.

Other members of the organization who will give reports are: Jean Brownlee, retiring president, Halene Haxthausen, Doris Riess, Maxine Packwood, Doris Weaver, Jean Palmer, Eleanor Neale, Alice Beekman, Sara Louise Meyer, and Faith Arnold.

GEOLOGICAL GROUP TO MEET SATURDAY

Sigma Gamma Epsilon, honorary geological fraternity, will meet for a banquet Saturday evening, April 27, at the University club. Speakers on the program will be Dr. E. H. Barbour, Dr. Alvin L. Lugin, and Prof. E. F. Schramm.

'Caking' Turns Out to Be Just An Old 18th Century Custom

Coffee-houses of the 18th century form an interesting parallel to the prevalent all-university activity of "caking."

Perusing the history of these fascinating institutions, the reader finds that the coffee-houses were the duelling grounds for the chief thinkers and wits of the age. By spending three-pence one might find himself in very good company. In fact, one account relates that many of the customers began the day with breakfast, in dressing gown and slippers, at one of the nearby "chocolate houses."

Johnson in his "Study of England," Volume I, remarks that "universal liberty of speech uttered amid clouds of tobacco smoke with equal vehemence whether against government and church, or against enemies, had long been the wonder of foreigners."

History tells us that in the coffee-houses, stimulated by an audience, masterpieces had their genesis—many of which were never written—disappearing with the recollections of the men who listened.

Timbs, in his "Clubs and Club Life in London," recalls: "Conversation has a mysterious power of awakening thought; commonplace

SPRING ELECTIONS TO BE HELD MAY 14

Student Council Sets Date at Wednesday Meeting; Candidates May File From May 1 to 10; 36 Major Offices at Stake.

DOUBLE PETITION FOR UNION, BOOKSTORE

Members Re-Elected to Council Include Young, Ross, Hill, R. Fischer; Women Are Selleck, Hitchcock, Bushee, Moomaw.

Spring elections to fill thirty-six major campus offices will be held Tuesday, May 14, according to a decision of the student council, which met Wednesday afternoon in University hall. Filings for the posts will open May 1 and close at 5 o'clock on Friday afternoon, May 10, Council President Jack Fischer announced.

Eight holdover members were elected at the meeting, including Virginia Selleck, Irving Hill, Dick Fischer, Burr Ross, Lee Young, Lorraine Hitchcock, Elizabeth Bushee, and Elizabeth Moomaw. This was the first council election at which eight were chosen, the number having been doubled during reorganization last year.

Plans for a double petition, to include student requests for the student book exchange and union building, were disclosed by Virginia Selleck in reporting for the two committees. Members of the committee have been enlisting faculty support during the past week.

Discuss Publicity.

Following a preliminary report of the publicity committee, sending cuts to a national collegiate rotogravure digest was discussed as a method to promote wider interest in the Nebraska campus. Chairman of the organizations committee revealed that constitutions of several campus groups were being investigated, in an effort to abolish or revise clubs with no specific purpose or worth.

Positions to be filled at the spring elections are thirty-three Student Council memberships and three publications board vacancies. One sophomore, junior, and senior student will be chosen for the board.

Offices Listed.

Men students to be elected to the council include two from each of arts and sciences and engineering colleges, and one from each of pharmacy, agriculture, teachers, dentistry, business administration, and law colleges.

Three women will be chosen from each of arts and sciences and teachers college, one from business administration and the college of agriculture, and two members-at-large. For senior-at-large, two men and two women, will also be elected due to the reorganization plan effected last year. One man will be selected from the graduate body.

General university eligibility rules will apply to the election, Fischer stated. Men may file at the Student Activities office on faction slates or as independent candidates, while women must run on independent tickets.

TAU KAPPA EPSILON NAMED WINNERS IN INTRAMURAL MEET

Debate Tournament Closes After Final Match Tuesday.

Tau Kappa Epsilon's debate team came out victorious by a 2 to 1 decision of the judges in the final debate of the intramural tournament held Tuesday evening, April 16, at 7:30 against the Sigma Chi at the latter's house.

The winning team, upholding the negative of the proposition, Resolved: "That the Federal and State Governments of the United States Should Co-operate in Providing Some Adequate Plan of Unemployment Insurance for All Those Under Sixty years of Age," was composed of William Hicks and Leonard Krueger. The affirmative Sigma Chi duo was made up of Frank Landis and Lehan Tunks.

Judges for the debate were Herbert Kaplan, Carlos Schaper, and Leo McMahon. The TKE's were presented with the Delta Sigma Rho trophy, a silver gavel, and they will retain it until next year when it will be presented to the victors in that tournament.

UNIVERSITY Y.W.C.A. EXHIBITS THURSDAY

Peace Theme of Display In Cornhusker Hotel Ballroom.

Work of the university Y. W. C. A. will be represented in a booth at the exhibit of Lincoln social agencies, sponsored by the Junior Chamber of Commerce. The exhibit will be held in the Cornhusker Ballroom, Thursday evening.

The Y. W. C. A. will represent the office of the Y. W. at Ellen Smith hall. In the office will be found an exhibit of peace heroes, and a display of the flags of the 64 members of the League of Nations, representing the international aspect of the organization. Attendees at the booth will serve as university hostesses, and there will be a display of Cornhuskers.

Little Gods Galley

MAYNARD MILLER, CORNHUSKER BUSINESS MANAGER

By Damon Sanden.

Maynard Miller, business manager of the Cornhusker, although famous among campus publication offices for his ability as a cribbage player, declines to admit his exceptional prowess, and proclaims that he is only "fourth best." This extraordinary young man is probably the most reticent of the campus famous, refusing to be quoted on practically every question asked him, answering only that he didn't have anything to say, and besides, he didn't have time anyway.

Membership in Corncohs, Beta Theta Pi, Innocents, Student Council, Interfraternity council, Alumni Board of Control of the Interfraternity Council, and Cornhusker business manager are only a few of his many and varied accomplishments.

"Gripping" about the lack of student interest in campus projects and the difficulty in arousing student enthusiasm were the only questions on which he took a definite and vehement stand. "There are many things this campus needs. Outstanding among them are student interest in proposed projects which would prove beneficial to the students themselves if they had enough backing to be put into effect. I refer to such things as (Continued on Page 3.)"
