

# CAMPUSOCIETY

**SPRING IS REALLY IN THE AIR,** and society copy isn't so hard to get, for with the balmy weather come balmy thoughts and candy passings are appearing faster than ever. Last week, the campus found out that five couples were that way about one another, and Monday night, the Kappas and the Phi Gams, and the Alpha Chi O's and the Chi Phi's exchanged candy and cigars. If Eddie Cantor's little doctrine about the banana peel starting the ball of prosperity rolling is true, think of what the boom in the confection and tobacco business will mean. Thousands of men will be put back to work, factories will reopen, and sorority sisters will buy new spring bonnets in anticipation of the time that they too, will pass the candy. In fact, we think President Roosevelt owes Nebraska a big vote of thanks for taking so much worry from his shoulders.

**SEEN ON THE CAMPUS:** Alice Beekman laughing, we repeat, laughing over the Awgwan's jokes... people congratulating Dick Schmidt on his new status in the Daily Nebraskan staff... Don Shurtliff begging students to sign Student Union petitions... Louie Cass and Pat Weaverling groaning over English together... Bill Marsh worrying about the Triad chaperons... Owen Johnson and Muriel Hook looking ultra ultra sophisticated and bored in Uni... green clad gals slithering in from gym and trying to look as though they didn't mind their attire... Ariene Orcutt sitting pensively in front of Grant Memorial in somebody's car... Jim Marvin and Bob Funk playing a little game of tennis along with the 11 to 12:30 girls' gym class... Jimmy's big brother Burt, mumbled about status quo and progressive Republicans... Marjorie Bannister presiding over Miss Miller's desk right graciously... Alta Perkins (of the famous Perkins family) rushing home to get a letter from Andy Blondell... Betty Romans gloat-ing over a new Kappa ring... and Duke Nolte standing with a book on his head.

**NEW OFFICERS** of Delta Upsilon are president, Hank Kosman; vice president, Dwight Perkins; steward, Jay Jorgenson; business managers, Gilbert Autrey and Arthur Plith; recording secretary, Bob Martz; corresponding secretary, Ralph Sarsan; and social chairman, Fred Guggenmoss.

**YESTERDAY** the Alpha Phi mothers club met for luncheon and a business meeting at the chapter house. Spring flowers centered the tables which were set for twenty-four. Hostesses for the affair were Mrs. M. T. McShane, Mrs. Nelson, Mrs. Nettie Mason and Mrs. Reeder of Columbus.

**NO FACTION SPLIT RUMORED BEFORE SPRING ELECTION**  
 (Continued from Page 1.)  
 To eclipse those of the past several years, barring bad weather. Leaders seemed generally in agreement, too, that both parties would place the strongest slates in several years in the field to oppose one another, and that regardless of who wins, the race will be close.  
 "With women encroaching on the publication posts formerly held almost exclusively by men, and with interfraternity council offices delegated to seniors, publication board and student council positions have taken on increased importance this year," one faction leader declared. "I expect a hotly-contested election which the barb vote may decide."

# FUNK WINS CENTRAL CAFE ESSAY AWARD

**Bizad Sophomore Receives \$10 Prize for Best Reasons.**

Bob Funk, sophomore in business administration college, was named Tuesday as winner in the Central cafe \$10 prize award contest for giving ten outstanding reasons why the Central service is superior. Judges were Prof. H. C. Filley, Prof. E. A. Grone, and Armand Hunter. The check will be mailed to Funk Wednesday, according to Carl Von Brandenfels, manager of the Central.  
 The contest, which opened three weeks ago, offered the cash prize to any student who listed ten short statements explaining the Central's superiority. All entries had to be written on the backs of menus from the cafe.  
 Add reasons for discontinuing a class, only this was given by a professor at Loyola A. and M: "The class is lousy," he stated in announcing that he would no longer teach the course.

**Everything that Science really knows about making cigarettes is used in making CHESTERFIELDS**

*The cigarette industry could never have been what it is except for these modern cigarette machines...*

They make good cigarettes and smokers know each individual cigarette receives the most careful inspection.  
*You'd hardly believe such attention to detail possible unless you could see it with your own eyes.*

When the Chesterfield tobacco comes to the cigarette making machines it has been blended and cross-blended.  
 Then it is cut into long even shreds just the right size to smoke right and burn right.  
 Every Chesterfield Cigarette has to be perfectly made to get by our inspectors.  
 Until you open the package yourself the cigarettes are scarcely touched by human hands.  
*Mild ripe tobaccos, skilled workers and the most modern up-to-date machinery all help to make Chesterfield the cigarette that tastes better.*
