It Is Election Day.

If campus politicians and headlines in The Daily Nebraskan were to be taken too seriously one might actually believe that another milestone in the progress of the campus is to be reached today. It is election day.

For several weeks faction leaders have searched about for the most likely men to occupy positions on the ballot. In many cases, they have been searching for men, not that will best serve the campus, but ones that will drag home the most votes for the honor and glory of that faction. There have been petty quarrels within the factions. Ruptures at times seemed imminent. But all that is brought to a culmination today. It is election day.

There is a growing sentiment on the campus that interest in activities is slowly but surely dying. That observation seems to be true. But whether or not it is a cause for alarm is open to question. Activity and political leaders, however, can forget their worries today, for their pet hobby is to receive a shot in the arm. It is election day.

THE Daily Nebraskan has practiced for many years a quaint custom of warning voters that run in the Student Pulse column.

.... Now that The Daily Nebraskan has completed its expected song and dance, it realizes how futile are its words or the words of any one else who would be foolish enough to attempt to put sense and order into nonsense and disorder. But then that makes no difference. It is election day.

Party lines as usual will be sharply drawn. There will be a race to see who can get out the largest share of the women's vote. Ballots will be marked by name and political affiliations only, not according to ability. The usual comparatively small number of votes cast will be registered. There are no issues. Maybe a bit of mudslinging, but nothing that can be called an issue. But why should any-veariy for the banquet, containing one try to be a wet blanket. It will be a lot of fun for those who enjoy that sort of thing. It is election day.

Second: The demands of the students for the elevation of the standards of All University Par-ties by means of removing the arbitrary low maximum orchestra rate set by the Faculty Committee have met with scant attention of the present Student Council.

Third: Although the campus signified its desire for a perma-nent Senior Class Organization in the election of the present Senior formed. Class President, the present Stu-dent Council refused to adhere to the resolution of the Senior Class Committee that permanent duties be placed on the Senior Class President.

Fourth: That while the Student Council is supposed theoretically to serve the entire campus as a non partisan student governing body, nevertheless it has served as the vehicle for the most vicious, the sharpest and disgusting partisan politics displayed by any non partisan body of men in recent years.

In accordance with our policy of faithful observance of election ledges as evidenced by the efforts of the present Senior Class President to organize the class in compliance with the mandate of the campus delivered at the last fall election we pledge ourselves to continued adherence to the expressed wishes of the campus and further go on record as desiring
