

## EARLY REGISTRATION SHOWS 10 PER CENT INCREASE OVER 1934

Figures Indicate 200 More;  
Graduates Have This  
Week to Enroll.

A summer school enrollment increase of approximately 10 percent was indicated by registrar's figures as classes opened Monday. By Monday morning some 1,328 students had formally registered, as compared with the 1,152 at the same time last year. Final enrollment for the summer of 1934 was 1,767, and in 1933 was 1,859. The figures so far:

	1934	1935
Pre-registration and engineers camp.....	79	113
Friday .....	663	822
Saturday .....	410	383

On Monday of last year 142 students completed their registration. Official figures for Monday of this year will not be available until later in the week. No figures have yet been received from the school of nursing and college of medicine at Omaha, where last year 91 students, mostly nurses, were taking work.

**Expect Many Graduates.**  
With graduate students having until the end of the week to complete their registration, final figures for 1935 will not be ready for some time. At the close of registration Saturday 205 graduates had completed their formalities of enrollment, as compared with 165 a year ago.

Director Moritz called the outlook very promising for an enrollment of 2,000 before the end of graduate registration. "Already it has been found necessary to divide classes to take care of the increased number of students," he said. "We expect this week's enrollment to bring in a large group of graduate students for the summer."

## Brackett at Meetings of National Engineer Groups

Prof. E. E. Brackett, who is a member of the executive council of the American Society of Agricultural Engineers, has gone to Athens, Georgia to attend the annual convention of the society. He will also attend the annual meeting of the Society for the Promotion of Engineering at Atlanta.

## Gets Leave

PROF. C. J. FRANKFORTER

## PROMOTIONS TO 28 FACULTY MEMBERS

Frankforter, Collins Given  
Leaves of Absence by  
School Regents.

Regents of the university, meeting Saturday, approved promotions to higher rank of twenty-eight members of the faculty. C. J. Frankforter was advanced from assistant professor of chemistry to associate professor, and was given a leave of absence for five months next fall to do graduate study at Michigan.

O. C. Collins, instructor in mathematics and astronomy, was given leave for next year to do graduate work at Yerkes observatory. His work will be carried on by C. J. Rust, instructor in physics. The promotions for next year are:

### College of Agriculture.

T. H. Gooding from associate professor of agronomy to professor.

W. J. Loeffel from associate professor of animal husbandry to professor.

Ruth Sperry from assistant instructor in home economics to instructor.

### College of Arts and Sciences.

Esther N. Anderson from in-

## DR. ENGLISH SPEAKS AT PHI DELTA KAPPA DINNER THIS EVENING

Visiting Instructor Talks  
To University Men in  
First Meeting.

Dr. Horace B. English will address university men at a dinner meeting of Phi Delta Kappa Tuesday evening, June 18 at 6 o'clock at the Grand hotel. Dr. English is professor of educational psychology at Ohio State University and visiting instructor at the University of Nebraska. All men students are invited by the fraternity to hear this famous psychology teacher.

Phi Delta Kappa, national professional educational fraternity for men, has again arranged a series of dinners and meetings. Speakers will be chosen from visiting instructors at the university.

A joint banquet between Phi Delta Kappa and Pi Lambda Theta, women's educational society, is planned for the second summer meeting, Wednesday, June 26 at 6:30 in the evening. This will be held at the chamber of commerce and Dr. W. A. Sutton is speaker. Dr. Sutton is superintendent of schools at Atlanta, Ga. and will be in Lincoln for the all state educational conference at that time.

### Annual Picnic Planned.

Society initiation and the annual picnic will be a closed meeting for members on Tuesday, July 9 from 4 to 9 p. m. At the following dinner meeting, July 23 Dr. H. H. Linn and Dr. Louis W. Wolfanger will speak. Both are visiting instructors to university summer session classes.

Final meeting of the schedule has been arranged for Tuesday, July 30. Dr. E. N. Anderson of the department of modern European history of the University of Chicago and visiting instructor here will address the group. J. E. Loder, principal of the Havelock high school, is president of the Lincoln chapter of Phi Delta Kappa; and Charles A. Bowers, secretary of the state teachers association, is secretary of the organization.

## HIGH SCHOOL MUSIC COURSES ENROLL 115

Students Will Broadcast  
And Give Concerts  
This Summer.

Registration for the four weeks summer courses in chorus, orchestra and band for high school students closed Monday afternoon showing 115 enrolled as compared with 100 last year. Students, at the selection of the instructors, will be given opportunity to broadcast over the local stations during the session. Solo broadcasts will be made weekly and several ensemble broadcasts with the whole group will be made. At the end of the session there will be a series of concerts.

"Talent, both voices and instruments are of a more mature nature this year," stated Howard Kirkpatrick, director of the school of music. "The students are tremendously enthusiastic; and the instructors, all returning for the third year, are meeting with such success in the development of an orchestra and band."

In addition to their regular work, the students will have supervised recreational programs under the guidance of Miss Emily Spanggaard of Omaha, recreational supervisor for girls, and Harry Eller, superintendent of schools at Venango.

## Dean Is Camping.

Dr. J. E. LeRossignol, dean of the college of business administration, and Mrs. LeRossignol are spending the summer in Big Balsam camp at Bovey, Minnesota. Dean LeRossignol will be there until September, devoting his time to study, writing and fishing.

## Official Information For Graduate Students

Graduate students may register without late fee during the first week of the summer term, June 17 to noon, June 22 inclusive.

Late registration fee will be charged beginning June 24 for all graduate students. Beginning June 24 the signature of the instructor will be required on registrations.

They should make every effort to arrange their programs as early as possible, and should attend classes beginning June 17 whether or not they have completed their registration.

Registrations are not complete until fees have been paid. No registrations will be approved in graduate office after June 29 except in thesis or research courses.

Any student who can not pay fees at the regular time should complete his registration with his adviser and the graduate dean before noon on June 29 and make arrangements with the finance secretary for late payment.

New graduate students working for advanced degrees are required to file in the office of the graduate dean an official transcript of all previous work.

Students who enter after June 22 should not register for full work.

## VOCATIONAL AG MEN TO MEET JUNE 20-22

Instructors Plan to Hear  
Federal Speakers on  
State Program.

Vocational agriculture instructors will meet for their annual state conference at the college of agriculture Thursday, Friday and Saturday, June 20-22. Important speakers from federal bureaus, Nebraska and other states are on the program. The meetings will be held in Agricultural hall assembly, Room 306.

Dr. J. J. Dippold of the University of Missouri, and J. H. Pearson, regional agent for agricultural education at Washington, are among the men who will speak Thursday during the conference. Dr. A. A. Reed, director of university extension; W. Bruce Silcos of the federal farm credit administration; Clyde Walker of Oregon State Agricultural college; and F. T. Hady, assistant regional director.

## REGENTS APPROVE UNIVERSITY STAFF RETIREMENT PLAN

Nebraska Faculty Members  
Will Retire at Age 70  
On Half Salary.

A retirement plan that eventually will provide for faculty retirement at age 70 was approved by the university board of regents Saturday. As set up, the plan goes into effect in 1936 and will retire at half salary all faculty members, research workers, and administrative employees who have reached age 75. In future years the age limit will be reduced one year annually until the 1941-42 faculty members will be retired at 70 years of age.

Provision was made in the plan that faculty members with at least 25 years of service who have reached age 65 or are incapacitated for full time service may also be subject to this plan. The regents reserved the right to retain faculty members on active service if the best interests of the institution so demand.

### Schools Have Plans.

Up to this time the University of Nebraska has never had any comprehensive retirement plan, judging each case on its individual merits. Most colleges and universities, however, have such a plan. Chancellor Burnett pointed out. He referred to such schools as Illinois, Kentucky, Yale, Harvard, Minnesota, and Nevada which have a similar plan. Most other schools have systems that accomplish the same results.

## PARTY FRIDAY NIGHT WILL OPEN PROGRAM

A university party Friday night, June 18, in the coliseum will open the summer session recreation program, it was announced yesterday by Prof. E. W. Lantz who heads the committee in charge. Dave Haun and his orchestra will play, and admission will be 10 cents.

To plan for other activities during the school terms, the program group will meet in Professor Lantz's office Wednesday noon.

## Corey in Chicago.

Dr. S. M. Corey, professor of educational psychology and measurements at the university, is in Chicago this summer doing clinical and personnel work, and educational guidance study in connection with the University of Chicago.

## Former Student Wins Contest and \$5,000 With Story of Father's Life

Five years ago the university college of agriculture "hall of achievement" prepared a brief biography of Jules Sandoz, because of his pioneer work with orchards in the sandhills.

Yesterday it was announced that another biography of Jules Sandoz had won the Atlantic monthly award of \$5,000 for "the most interesting and distinctive work of non-fiction" in the 1935 contest. It was called "Old Jules," and was written by Mari Sandoz, his daughter.

Miss Sandoz, the author, now lives in Lincoln. She attended the University of Nebraska for more than three years and studied under teachers whom she praises highly. She speaks of Dr. John D. Hicks, who taught history and is now at Wisconsin; of Melvin Van den Bark, instructor in English, who gave her ideas on style and technique in writing; of Miss Louise Pound, professor of English, who advised her to write of her sandhills.

### Many Attempts.

Not easily did Miss Sandoz win the award. It has been almost ten years since she won honorable mention in Harper's intercollegiate writing contest. Between then and now she has written 78 fiction stories, and sold only one.

MARIE SANDOZ.

"Fifteen publishers turned the book down," says the author, "and one wanted a revision which I would not consider."

Seeking material for "Old Jules," Miss Sandoz spent many

## Libraries Open to Summer Students With Certain Rules and Regulations

### LIBRARY HOURS.

Main and Social Sciences—7:50 a. m. to 10 p. m. Monday to Thursday. 7:50 to 6 p. m. Friday and Saturday.

Teachers college high school—8-12, 1-5 Monday to Friday, Saturday 8-12.

Engineering—8-5:30 Monday to Friday, 9-12 Saturday.

Main and department libraries are open for use by summer students. Rules similar to those of the regular school term govern these sessions also.

Any person who is registered as a student at the university may borrow books. When books are requested, identification cards are presented in place of library cards.

The library building holds the main collection of books. These may be borrowed from the loan desk in the main reading room. Reserved reading rooms are located in room 305, Library and in room 309, Social Sciences building. The agricultural library is in Agricultural hall at that college; and the engineering library is in Room 211, Mechanic Arts hall. Several other special collections are housed on the campus.

### Borrowing Books.

Some books may be used only in the library. Reference books and books needed for class assignments and magazines are among those so restricted. Other books may be

borrowed from the loan desk for two weeks. All books are loaned subject to recall at any time. If books are not returned on the date due, a fine of five cents a day is charged.

Books may be borrowed from the reserved reading room desks for two hours, one at a time, except overnight. They may be charged for overnight one hour before closing time, and must be returned by 8 a. m. The fine for keeping reserve books overtime is 25 cents for the first hour and 5 cents for each succeeding hour.

### Looking for Books.

In looking for a particular book the student should consult the card catalogue which is located in the west end of the main reading room. Directions for using the catalogue are posted on the cabinets.

Encyclopedias, dictionaries and other reference books may be found in the reference room at the west end of the reading room. The reference librarian will aid readers in securing information and books.
