**Toby Sneaks to Touchdown**

Ralph "Toby" Eldridge shows the proper method, application, and use of the stiff-arm. "It's very technical," he says. "You gotta shove the heel of your hand forward at just the right time in just the right way at just the right guy. If you do that you're liable to get a couple of yards before some bozo grabs you from behind." Well well—and we thought it was so simple. Oh—here's Toby again. "I was just gonna say you gotta look tough so's the camera can snap you just right too." So, so and so.

**GRADUATES SEEK EMPLOYMENT IN UNIVERSITY NYA**

43 Candidates for Degrees Will Receive Federal Assistance.

\$1,100 MONTH AVAILABLE

Over Half of Job Recipients Already Assigned Work.

Thirty-five applications have been received by Dean Thompson for NYA allotments to students in the graduate college and are being considered by the assignment board. Approximately \$1,100 monthly is available to graduate students in need of extra employment.

Although all 650 federal jobs allowed to undergraduates by the government allotment have been granted, applications are still being received at the student affairs office, and attempts at placements in other jobs are being made by J. D. Epp, director of the student employment bureau.

Over 50 percent of the NYA job recipients have been interviewed by Edgar Boschult, assistant operating superintendent, and have been assigned the type of labor suited to their abilities.

According to an announcement issued by F. W. Upson, dean of the graduate college, only those graduate students who are candidates for degrees are eligible for government assistance, and they must not have been otherwise able to attend school.

In the case of new students, unconditional admission to the graduate college is necessary. At least twelve hours of graduate work is another requisite for allotments.

Amount of individual allotments will be determined by the assignment board, judged by the students merit and need. From the \$1,100 allotment, Dean Upson estimates that it will be possible to take care of about twenty-five candidates for the master's degree and eighteen Ph.D. candidates.

Federal requirements permit candidates for the master's degree from \$15 to \$20 per month, and in exceptional cases a maximum of \$30 per month. Either those with one year of graduate work or candidates for the doctor's degree may receive \$30 per month and in a few exceptional cases \$40 per month.

Type of work will depend upon the individual ability of the student rather than specified jobs, and will include activities and research of all types. Students may not be employed in any teaching position, displace any employee formerly on the payroll, nor fill any position formerly filled by a paid employee.

To be eligible for aid students must be accepted by a department of the university as candidates for an advance degree and have their programs approved by the dean of the graduate college. They must also demonstrate to the university committee, of which Dean Thompson is chairman, actual need of financial assistance. Special application blanks are available at the student affairs office.

Each graduate student who is granted financial aid must have a project outlined for him by his department which will be submitted to Doctor Boschult. He in turn submits these to the state headquarters of the NYA for approval.

At the end of each year a statement will be required from the department as to the actual results which have been accomplished.

The annual turnover in the teaching profession in this country is estimated at 110,000.

The longest run ever made in a college football game was recorded when Willis Terry of Yale tore off a 115 yard gain from scrimmage against Wesleyan on Nov. 4, 1884.

**Band Director Sets Today for Tryouts**

Tryouts for the university band will be held this afternoon from 3 to 5 in room 306 of the Temple theater building, according to William T. Quick, director of the band, who announced that all persons desiring to try out at a later date should see him personally. He may be found in the mornings at room 217 of Morrill hall.

Members of last year's band are asked to meet this afternoon at 5 in the Temple to practice for the varsity-freshman game next Saturday.

**Y.M. FROSH PROGRAM ANNOUNCED FOR YEAR**

Skeleton Committees Are Named; Many Openings Still Left.

Announcing their program for the coming year and emphasizing the activities scheduled for freshmen, members of the Y. M. C. A. held their first meeting of the year Sunday evening in the Temple

**NATIONAL AD CLUB HEAD SPEAKS HERE**

Miss Carpenter Talks at First Meeting of The Year.

Miss Norma Carpenter, graduate of the university and national president of Gamma Alpha Chi, honorary advertising sorority, will be the guest speaker at the first meeting of the year Thursday, Sept. 26. Her subject will be "Advertising as a Profession for Women." Miss Carpenter is affiliated with the advertising department of Miller & Paine at present.

Ruth Anderson, '35, also a member of Gamma Alpha Chi, recently received notice that she had won first prize in a national contest for advertising layouts, conducted by a large department store in Portland, Ore.

building. C. D. Hayes, secretary of the Y. M. urged all freshmen not already acquainted with the Y, to take advantage of the "Y" rooms and activities planned for their benefit. Skeleton committees in charge of the Y. M. C. A. work have been appointed, but there are still many openings for both freshmen and upperclassmen interested in "Y" affairs, Hayes stated. He particularly encouraged former Hi-Y and other experienced Y. M. C. A. men

to partake in these activities. Cabinet members are going to meet for their second meeting of the year this evening in the Y. M. C. A. rooms when they will continue their plans for the freshmen meeting. The following weekly discussions and activities have already been scheduled: Sept. 25—"It's A Bit Different Here," by Dr. S. M. Corey, professor of Educational Psychology. Oct. 2—"Education Equals Studies Plus," by Dr. O. H. Werner,

professor of Principles of Education. Oct. 9—"It Doesn't Just Soak In," by Dr. Corey. Oct. 16—"What Shall I Do All My Life?" by Clark H. Fulmer, State Director of Vocational Education. On Saturday, Oct. 19, an overnight camp will be held for all freshman boys. They will leave from the Temple at 2 o'clock and will return the following day at 10 a. m. There will be games and a fireside supper for entertainment.

**COLLEGE DAYS**

**shout for wearables practical, interchangeable, dashing—as are these—**

**Velveteen Skirts** BROWN, GREEN OR BLACK. Good quality velveteen, particularly well-tailored. Sleek hiplines with low front flare effected by godets. Sizes 26 to 32. **3.95**

**Twin Sweater Sets** AUTUMN LEAF COLORS in sets of slipover sweater and coat sweater. Coat sweaters have new yoke back and waistband. Almost an ensemble in itself. **2.95 to 5.95**

**Slip-Over Sweaters** BRUSHED WOOL AND PLAIN KNITS—buttoned shoulders; novel stitchery effects; contrast color notes; newest details. **1.95**

**MILLER & PAINE**

**"Camels don't get your Wind"**  
FAMOUS ATHLETES SAY

- Some of the famous athletes who approve of Camel's mildness*
- BASEBALL:** Dizzy Dean; Lou Gehrig; Melvin Ott; Guy Bush; Harold Schumacher.
  - TENNIS:** Ellsworth Vines, Jr.; George M. Lott, Jr.; William T. Tilden, II; Bruce Barnes; Lester R. Stoefer.
  - GOLF:** Gene Sarazen; Craig Wood; Tommy Armour; Willie Macfarlane; Helen Hicks; Denny Shute.
  - TRACK AND FIELD:** Jim Bausch; George Barker; Leo Sexton.
  - SWIMMING:** Helene Madison; Stubby Kruger; Susan Vilas; Josephine McKim.
  - DIVING:** Harold ("Dutch") Smith; Georgia Coleman; Pete Desjardins; Sam Howard.
  - WINTER SPORTS:** Irving Jaffee; Raymond Stevens; Bill Cook; Jack Shea; Paul Thompson.

It's just as important to you to keep "in condition" as it is to any champion. Smoke Camels all you wish. Enjoy those costlier tobaccos! Athletes say Camels never upset the nerves, never get the wind.

**So Mild! YOU CAN SMOKE ALL YOU WANT**

"Let's have a Camel," says Mel Ott (right), heavy-hitting Giant outfielder, to Harold Schumacher, ace pitcher. They agree that Camels have real mildness. Mel says: "I smoke all I want, yet keep in good condition. Camels are so mild, they never get my wind or bother my nerves." And Hal adds: "To my mind, that settles it! Camel is the cigarette with real mildness. I'd walk a mile for a Camel!" In baseball, and in all the strenuous sports, leading athletes cite the fact that Camels are mild. And to this impressive evidence of Camel's mildness is added the experience of people in every walk of life who wish to smoke freely and keep fit.

**COSTLIER TOBACCOS!**

Camels are made from finer, MORE EXPENSIVE TOBACCOS—Turkish and Domestic—than any other popular brand.
