

CAMPUSOCIETY

MEN MAY COME AND MEN MAY

go but the good old idea Greek upperclassmen have that their freshmen must get around continues forever. Hence Wednesday, Friday, Saturday and any other day in the week that university rulings slip up, suffering undergrads and even seniors attend hour dances, exchange dinners and teas. The practice, well worn after many years of use extends until each sorority has had each fraternity, and some start a second time to make the rounds. We have a small suspicion that people like it more than they will admit, but the general sympathy of the campus goes out to the gal or man struggling through the evening with someone who lisp, or hangs as the case may be. At any rate, more luck to these people that think college is a business of getting around—they'll need it.

SEEN ON THE CAMPUS: Sam Francis wandering into an eight o'clock yesterday only to find it meets today—Muriel Hook pensively surveying her fingernails during Professor Wimberly's lecture—Helen Theofitoff demonstrating her perfect profile to good advantage—Tommy Larson cooperating with the instructor on any little points the lecture might have left out—Bette Paine jumping up and

Johnny Jarmin remarking that he is the campus play boy—Howard Dooson looming head and shoulder above everyone else (six feet four, gals)—Polly Pollard relating little incidents that happened in her pledge days. The old line about I am a sister from K. U. Will you meet me at the Cornhusker? The outcome of course, about ten fellows from different fraternities congregated in the Tasty wondering why they came—Jackie Reynolds standing, very lost, at the door of Grant Memorial—and one girl in the Moon not smoking a cigarette.

PROBABLY THIS item should be listed under Corporation Charters Granted instead of society, but nevertheless we announce with much pride the incorporation of the Chi Phi Cadillac Company. If you've doubted that any one person could own the sixteen cylinder limousine that has been touring the campus since Thursday afternoon, you were right—four of the brothers are stockholders.

FOR THE prize boner of the month we nominate the remark made by a very emerald colored rushee who told the sisters rushing her, that she was considering Mortar Board.

AND THE worst pun the story George Pipal tells of the fellow in Longs who asked for an engineering book "The Even Framework," and the boy right behind him who said, "I want the same thing, The Cultivation of Beauty."

SEPTEMBER first Margaret Chase, Chi Omega and Ray Tatroe were married in Kearney. The couple will make their home in Lincoln.

LAMBDA CHI Alpha announces the transfer of Keene Mann of Scottsbluff from Denver university.

SATURDAY evening the first All University party of the season will be held at the coliseum. Jim Marvin, president of the Bar Council and in charge of arrangements for the affair states that, while dates to this party are proper, they are by no means a necessity. Groups of students from the various organized houses on the campus are planning to attend and anyone with a date or anyone dateless is very cordially invited. The chaperones will be Professor and Mrs. Stephen M. Corey, Professor and Mrs. J. M. Reinhardt and Professor David Fellman.

ALPHA DELTA THETA alumnae met last night for the first time this fall. A regular business meeting was held and Mrs. Francis Drath entertained the group in her home.

LAST NIGHT Mary Gerlach and Marion Paul entertained at a buffet supper honoring Evelyn Perry, who is to be married to Duane Peterson. Eight guests were present and the evening was spent playing bridge. Theresa Stava will honor Miss Perry at a luncheon today.

TONIGHT freshmen will be honored by Chancellor and Mrs. E. A. Burnett at a reception in Morrill

hall from 8 until 10 o'clock. The reception is held annually and is the first social event of the campus season. In the receiving line with Chan-ellor and Mrs. Burnett will be Dean Amanda Heppner and Dean and Mrs. T. J. Thomson. Faculty members and their wives will preside at the refreshment tables. There will be no other campus activity tonight because all freshmen will be in attendance at the reception.

INFORMAL announcements seem to be much in favor these days...anyway Jean Doty, Delta Gamma and Ted Bradley, Sigma

Nu, spread the news Wednesday night by passing the candy and cigars in the Tasty Pastry to a group of their friends and among those present we spotted Elizabeth Broady and Art Smith also of Delta Gamma and Sigma Nu.

Stanford University baseball squad will play Boston college in Boston this May, it was recently announced.

There are 2.3 million stones in the Great Pyramid.

Men need more Vitamin B to maintain health than women.

The present scrimmage method employed in American football was originated in 1880.
