

### CAMPUSOCIETY

**IT USED TO BE GRETNA GREEN** for romantic marriages, but now it's Kansas City. From whisperings that are going around the Kappa Sig house, Wes Griffin, nimble fingered piano player of Kappa Sigma and Margaret Test, black haired Alpha Chi, were married Friday afternoon or evening. It wasn't a run-away affair since the two told their parents and intimate friends, but it comes as a surprise to the campus and an eye opener to the gals and men who didn't even know the engagement had been announced. The rest of the very few facts about the event indicate that the two will live in Lincoln, and so, after the manner of small town newspapers, we wish the bride and groom much happiness.

**SEEN ON THE CAMPUS:** Slim Meyer and Louie Cass, the inseparables, wandering to the Moon... A Boy in Miss Found's class answering to the name of Stickey... Margaret Blaufuss diligently polishing apples in the front row of an English class... Doris Hoagland in a new short sheep haircut (verra becoming too)... Ralph Ludwick chewing his fingernails and concentrating intently on the roll calling. Bill Farrens beside him... Professor Swayzee remarking that the class would be bound to discover before the end of the semester that he had no principles and so he might as well let them in on it early... Mary Jane Heinsheimer, Kappa pledge, inquiring her way around the campus... Dick Kunzman wandering in one door of an English class, backing out immediately and coming in the other... Damon Sanden in the Cornhusker eating French pastry (rich, eh what?)... Betty Beck striding toward the Alpha Phi house, full steam ahead... and Carolyn Davis, a combination of checks walking along by "Sosh."

**THE HANEYS,** Inez and Harry, have decided to let Inez be the custodian of a little Greek pin for the present at least. We don't know when the candy-cigar passing is going to take place, but maybe in the near future the A. O. P.'s and the Sigma Nu's will be celebrating, and if so, more society copy.

**LAST NIGHT** at eight o'clock, Mary Jean Clapper, Delta Gamma, and Roland Martin, Sigma Chi, were married in Omaha at the First Presbyterian church. Among the Delta Gammas in Omaha for the ceremony were Lois Rathburn, Phyllis Jean Humphrey and Ruth Allen. Mr. and Mrs. Emmett Morava and Jack MacKenzie also went to the big city for the event.

**ANNOUNCED Saturday** was the marriage September 15 of Agnes Madsen of Wolbach and Edward Lothrop both of St. Paul. Mr. Lothrop has attended the university.

**AND AT the Cornhusker Saturday,** Lois Rathburn, Phyllis Jean Humphrey, Jane Weldon and Ruth Allen entertained at a one o'clock luncheon honoring Mrs. Emmett Morava. Those who attended included Elizabeth Broady, Katherine Fitzsimmons, Alice Beekman, Margaret Johnson, Ruth DeKlotz, Betty Christensen, Dorothy Herman and Mary Louise Steen. Table decorations followed the color scheme of pink and white, and during the afternoon Mrs. Morava will be presented with a gift.

**VIRGINIA Faulkner,** former student of Nebraska, member of Alpha Phi, who has been acting as assistant editor of Town and Country for the past summer, will leave for Hollywood soon. There she has a position writing dialogue for Metro-Goldwyn Mayer.

**YESTERDAY** afternoon Mrs. Herbert Gish entertained the Mortar Board alumnae at a luncheon at her home. Assisting Mrs. Gish as hostess were Mrs. Larry Becker, Valeria Bonnell and Constance Fyford. Twenty attended the luncheon and business meeting and the table was centered with autumn flowers.

**TEA** was served to twenty-five members of the Mu Phi Epsilon alumnae at the home of Mrs. Charles Cadwallader yesterday afternoon. The color scheme was purple and white, the sorority color, and Mrs. Ned Cadwallader and Miss Genevieve Miller were the assisting hostesses. Preceding the tea an open business meeting was held.

**THE ALPHA XI Delta house** will be the scene of a wedding this afternoon at 2 o'clock when Frances Stringfield, of Geneva, will become the bride of Conner White, of Sutherland. The bride will wear white satin and will carry a bridal bouquet of white roses, lilies of the valley, and gardenias. Her bridesmaids, Miss Clara Day, Alpha Xi Delta, and Mrs. Rueben Bolgtlander, Superior, sister of the bride, will wear green and rust crepe afternoon dresses respectively and will carry roses. The wedding march will be played by Marion Miller, pianist, and Mrs. Valerita Callan Larimer, violinist and Lois Muienburg, singing "Because," will provide additional music for the ceremony. The reception following the ceremony will also take place at the

### NUBBINS EKE OUT 7-6 VICTORY OVER KEARNEY ELEVEN

Toby Eldridge Paces Husker 'B' to Win Friday Night.

DROP KICK WINS GAME

Scarlet Rally in Last Half; Kleinmen Score in First Quarter.

Seeking coveted varsity positions, a determined band of nubbins staged a second half rally to ooze out a 7-6 win over Pop Klein's Kearney Normal eleven Friday night. Towhead Toby Eldridge was the trail blazer with his constant fleet jaunts both around and through the line. To say nothing of the fact that all the Husker scores were Eldridge trophies. A capacity crowd filled the Kearney bleachers.

**See-Saw Game.** The game was played mostly on even terms and in midfield no man's land. Kearney's opportunity came in the first quarter when the Huskers, back to their own goal, dubbed the crucial punt. Billiter, Kearney center, seizing both the opportunity and ball raced eight yards to the first score of the game. He was burdened the entire distance by two Nebraska tacklers. Kearney failed on the try for point.

Still facing a six point lead the nubbins displayed a persistent attitude in the second half. Nothing but drab and conventional football followed in the next few minutes, but an unexpected drive by Eldridge, Howell, and Fischer brought the Huskers 38 yards. Eldridge snaked his way through tackle and twelve yards of opponents for a touchdown. His drop kick was good for the point as the third quarter ended soon after.

**Snyder Shoots at 3 Points, Misses!** In the final canto Kearney made a serious bid for victory as Snyder attempted a drop kick from the field. It was short, however, and Nebraska fans exhaled.

Eldridge collected all the scores and Andrews did a fine bit of running, but no one man can be called sole yeoman of the B team, either backfield or line. Richardson, Hale, Doyle, and Mehring made several outstanding plays in the forward wall for the visitors as did Fitz and Billiter of Kearney. The stars of the Kearney backfield were Lewis and Snyder; Lewis for his sensational punts and Snyder for his running.

The summary:

### SURVEY TELLS ABOUT NEBRASKANS' WORKS

Annual Chemistry Volume Mentions University Experiments.

Annual Survey of American Chemistry for 1934, a volume recently received by the university library, includes references to the work of Dr. D. J. Brown and his students, on electrode potentials; Dr. C. S. Hamilton and his students on arsenical organic compounds; published results of Dr. B. Clifford Hendricks and co-workers in the field of thermodynamic chemistry of sugars, and the investigations of Dr. E. Roger Washburn and students in systems of liquid mixtures.

### SCHULTE LOOKS FOR COMEBACK TRAIL IN CORNHUSKER TRACK

'Indian' Plans First Step By Winning Two-Mile Fall Competition.

Coach Henry F. Schulte's Cornhusker track team, caught in the lack-of-material doldrums for the last two years and shut out of a top place in the Big Six in outdoor, indoor, and cross-country competition, is hoping to furl sails and ride into victory harbor this season. And the Husker comeback plans to take its first step in the two-mile conference race this fall, for which Pa Schulte is already tuning up his material.

Five definite meets have been scheduled for the Cornhuskers, also dates have not been set. Oklahoma, Missouri, Kansas and Kansas State have indicated that they will grind away against the Schultemen between the halves of football games which bring the schools together. The contests will be held in the stadium of the home football team. The Big Six championship struggle will be held at Manhattan, Kas., late in the season.

In addition, hopes are held for an engagement with Bob Simpson's Iowa Staters later in the season. Simpson told the Husker track colonel that he was anxious for a meet, but would not be able to whip a team into shape by Oct. 5, the date of the Iowa State-Nebraska football game. Tarkio college, of Tarkio, Mo., may give an additional duel.

Only one letterman will be available for the fall campaign, but a host of sophomores are expected to bolster the Nebraska cause. Chet Beaver, half-miler, miler, and two miler, is the lone veteran returning. Prominent among the second-year men is Bob Morris, Lincoln high lad, and Ceco Asher, Scottsbluff, who will not be eligible until the second semester. Garnold Mur and Leo Hunt were other bright lights in the tri color frays last spring and

should make things hum this fall under varsity colors. Morris and Asher have been working out on the stadium track for several weeks, along with Harwin Dawson, Wilson Andrews, and

Joe Klaus, quarter milers. Turning into sun-tanned Indians with them was Glenn Funk, Central City distance ace last year, who will assist with the milers and two milers.

Senning Speaks at Club. Prof. John P. Senning, chairman of the political science department, spoke on the "Meaning of the Constitution" on Wednesday noon, before the Kiwanis club.
