Most of them have been on the faculty of the Uni-versity of Colorado at some time during their careers.

Many of them have received national recognition in art circles. Miss Sibell, who has several awarded first prize in the National Association of Women Painters last year for the best water color by a woman. Several of the other members of the Prospectors have painted pize-winning

color, and tempera represented in the collection, and sketches in various mediums. Widely diversified subjects are treated in the gallery.

"This gallery is a particularly refreshing one," states Mr. Dwight Kirsch, chairman of the fine arts department. "One seldom finds a group of pictures so universally characterized by the boldness of outline and choice of subject material as that in evidence here. These artists do not use the common 'pretty scenery.' Rather, their work is done strongly and utilizes bolder, heavier topics. We wish the students and population in general would take more of an interest in these exhibitions. This one by the Prospectors will be here until Nov. 1 and the gallery is open every
