The only place where the Huskers seem to have an advantage in the line is at center, and there Paul Morrison, rotund 200 pounder nearing 30 but lacking none of the fire of youth, promises to do right well by himself. The Huskers were more impressive than in any workout this season as they ran thru the last arduous practice before the game Thursday evening. Taking offen-sive duty against the frosh, they flipped passes to all corners of the field, stole thru the line as if it hadn't been there. The frosh were restricted in defense to tagging, but even then they couldn't stop the varsity. Cardy took to the field again and the black-shirts couldn't even keep in sight of

The Usual Tripe SLIM PICKENS

T'S a long time since we've been I calling, and your little fingers may have lost their curl. So let us return to civilization with a call on that utter terror of note-takers, that mild mannered fear-less-speaker-outer, Dr. David Fellman,

Only by speaking in soothing tones could a man get away with such deadly shots at those persons and institutions which he feels are not right in the world. But thru the same poker-faced utterances are lost many gems of penetrat-ing wit, for collegians, humor unheralded is humor unappreciated.
