

Gymnastic Team to Practice from 4 to 6 Beginning Monday

Coach Miller Invites All Men Interested to Work Out.

Nebraska's gymnastic team, with eleven vacant berths, will begin regular daily practice from 4 to 6 p. m. in the coliseum starting Monday, Oct. 14.

A crack team was organized for the first time at Nebraska last year which won contests in both the Rocky Mountain and Big Ten conferences, and also took first in the district A. A. U. meet at Denver.

The first meet is to be held with the University of Illinois at Urbana, Ill., Dec. 14. Other tentative meets are with the University of Iowa, at Iowa City, the University of Chicago at Chicago, George Williams college at Chicago, the University of Colorado at Boulder, and Colorado State teachers agricultural college and the University of Missouri here.

Roscoe Supplies Winners' Power

(Continued from Page 1).

crossed the goal line for six points. Wilkinson missed the kick and the score was still 6 to 0.

There wasn't any doubt that Bernie Bierman had instructed his lads to lay for Cardwell (probably wringing his hands in sorrow at the thought of their ineffectiveness as he did so) after the next play.

Henry Bauer took the Minnesota kickoff behind his goal line, twirled forward eight yards and slipped the ball to Cardwell on a cross-kick so quickly that you could scarcely follow the ball.

But a couple of wonderful tackles by Bernie Scherer that set the Biermen back on their heels for losses gave Nebraska her footing again, and the stands, fearing that a ludicrous walkaway was going to be Minnesota's answer to the Husker challenge that this was going to be the leading game of the nation, began to breathe again.

There was no question that Nebraska got the breaks of the game in the first half. It was only by means of Minnesota penalties that the Huskers managed to keep their goal uncrossed just before the quarter.

Cardy suffered an attack of fumblingitis twice in succession, and it looked as though Nebraska's backfield was not only going to prove inadequate to fight Minnesota's line force, but was going to help the opposition cause along.

Jerry Goes to Town. Jerry LaNoue was one of those who had entirely different ideas on that score, however, for after Francis had made a yard and first down on the first play of the second quarter, he started in on a cartwheeling, juggling, sidestepping spree that lasted all afternoon and gave him first honors on the Husker team.

Francis dropped back to kick. Jerry smashed thru a gaping hole in the middle of the line instead, cut back over right guard, twisted away from the secondary, and crossed the Minnesota goal for the first and only Nebraska touchdown. Not a man threatened him in the last twenty yards of his thirty-one yard jaunt.

Sam Francis couldn't miss the try for point, and Nebraska was ahead 7 to 6.

While Roscoe pounded his way straight forward, never swerving until he hit the ground, the Wisconsin atom twisted and turned a dozen times, slipping away from tackler after tackler.

Roscoe Scores Again. Roscoe won the round, however, for he crossed over again late in the half for the second Gopher marker. After Sam Francis' 60-yard punt rolled into the Minnesota end zone and was brought back to the 20-yard line, the Gophers started in. Beise and Roscoe plowed forward 27 yards before Johnnie Howell and Kenneth McGinnis halted the attack, and Roscoe kicked out of bounds on the Nebraska 5-yard line.

But Francis' kick was only good for 10 yards and the Thundering Herd started rumbering again. Unimpeded by some fine defensive work on the part of the reserve line, especially Holmbeck at tackle and McGinnis at guard, Roscoe slid thru a moment later to make the score, "Minnesota, 12; Nebraska, 7."

Jerry started right back again, and with some wonderful side-stepping carried Minnesota's kick-off 52 yards to the Gopher 35-yard line. But the attack ran out of fuel, and although Andrews shot a 30 yard pass to Elmer Bohrnman, the longest of the game, the Staplehurst tall boy couldn't quite get away; and the half ended with Minnesota in the lead.

Minnesota made one grand scoring spurge in the third quarter, but the Husker line ran it into the ground four yards from the Husker goal, where Ron Douglas punted out of danger. The main item of note in the third period was the unusual sight of Sam Francis doing some poor punting, some amnyy line charging by Jack Dodd; and Jerry Lanoue's zigzagging.

Last Canto to Huskers. And then, in the fourth quarter, the Huskers got their big chance—and snuffed it. Douglas kicked 76 yards to the Minnesota 2-yard line, and when Dohrmann tackled Roscoe, the Gopher ace fumbled. Shirey pounced on the ball, and the Huskers had four downs to make two yards.

It was the moment of the game, and both teams called time out, lying at full length on the ground. As the officials called play again, the stands rose in a wild, full-throated roar.

Cardy lost a yard. LaNoue gained a half-yard. Cardy was thrown for a 10 yard loss.

Douglas' pass to Cardwell was batted down. And the hour had passed! But not for long! LaNoue, taking the ball on his 30-yard line, skimmed through the line for 20 yards. Cardwell added 15, LaNoue slapped on 21 more, and the ball was on the Minnesota 15-yard line.

Final Minutes Hectic. Cardy ran like a demon around left end, but couldn't get more than 5 yards. LaNoue lost a yard, and another. Howell's pass to LaNoue was complete, but it wasn't far enough, and Minnesota, with five minutes left to play, took the ball again.

Those last five minutes were heart-breaking ones for Nebraska. Minnesota lost the ball again, and Coach Blible sent Harris Andrews, Beattie, big league passer, into the game to fire them in all directions. Andrews covered the field with passes, but to no avail. With 30 seconds left to play, LaNoue ambled goal-ward again to mid-field. Then Andrews fired a long one to Dohrmann, and it was lateralized twice more in an attempt to get away, but the Gophers yanked it down and the game was over.

Nebraska—Read Ellis, Dean Williams, Hubbs, Widseth, McDonald, Antil Bauer, Roscoe, Cardwell, Francis. Minnesota—Edmunds, King, Rook, LeBeau, Miller, Weld, Reid, Morrison, Peters, McGinnis, Hubka, Edridge, Cardwell, Douglas, Frantz, Dohrmann, McDonald, Richardson, Scherer, Andrews, Edridge, Dodd, Frantz, Benson, LaNoue.

Phi Sigs Shade D. U. in Intramural Grid Encounter Friday

Pi K. A., Phi Kappa Psi Triumph as Teams Start Clicking.

The most torrid battle of Saturday's intramural touch football schedule was a league four engagement, Delta Upsilon vs. Phi Sigma Kappa. The only adequate description of the game is the old phrase, "Eye for an eye, tooth for tooth."

At the final whistle, however, Phi Sigs had forged ahead with a slight 6-2 margin. Another in the same league, Beta Sigma Psi vs. Chi Phi, was postponed because of a misunderstanding.

Two more conflicts of league two had a more life than that, though "fitted" insect, the Kappa Sigma's and the Phi Kappa Alpha's swamping their respective opponents by massive scores, Kappa Sig's excellent Delta Sigma Lambda's 31-0, and the Phi Kappa Alpha's over Lambda Chi Alpha 28-0.

The Phi Psi and Zeta Beta Tau houses had an option on the limelight of Russian flats Friday as they played the one game. In this the spectators, had there been any there, would have indeed been well compensated for their attendance.

The major portion of the action was played in mid-field, no man's land, punctuated by frequent interceptions. The Phi Psi's taking one long jaunt to predominate 6-0.

Gilmore Says Formal Requirements of Italian-Ethiopian Situation Raise a Difficult Question for Secretary. (Continued from Page 1).

kindred products are included. Yet an examination of the lists during the last war shows that it covered practically every commodity that normally moves between nations.

For a nation as well equipped with munition plants as Italy, the direct embargo of arms shipments is of little significance provided the sources of basic raw materials are not shut off.

And in spite of vigorous efforts Italy is far from a self-sufficient country. "Ethiopia in the past has been the least significant of our foreign customers. Italy, however, is one of the best of our European customers, averaging about 150 million annually before the depression and at the present time has exported \$8 millions to July 31.

By way of comparison it may be pointed out that the farm income of the entire state of South Dakota amounted last year to slightly more than the value of trade with Italy.

"In view of these facts it can be seen that the administration has not as yet proposed any measures which are likely violent to upset existing economic relations. In view of the dangers of so-called neutral trade under the circumstances likely to develop, it seems desirable that we should go even further in our efforts to preserve neutrality also as above indicated, the cost would be heavy."

Fellman Believes Federal Processing Tax Act is Illegal. (Continued from Page 1).

It should do away with the A.A.A., there will have to be some alternative, and that is the problem the republican party is trying to solve as the basis for its campaign for the coming election," he concluded.

Other test cases of national importance and interest are the Alabama Power Co. against the V. A., government's condemnation of slum property in Louisville versus private ownership; Utilities Holding corporation, and the social security which involves the new national labor relief act; Guffy coal bill, and the railroad retirement act.

Cases decided in the last term were the N. R. A.; Frasier-Lemke Mortgage moratorium; railroad pensions; gold bond issue, and the famous Humphrey case.

Campus Caps and Gowns by the Stylists

THERE'S something in that old song, "You've Got to Be a Football Hero," but we concede a lot more to the vicere versa version of it—a bit of ditty concerning the advisability of keeping young and beautiful if one wants to be loved. One does, we suspect, and forthwith submit suggestions gleaned from a recent questionnaire "On the Gal I'd Like to Take to Manhattan," or "Why the Football Team Sat in Car 3 on the Special Train."

Score number one for the sportsman is good grooming. A co-ed with harmonious make-up, a smooth wave, and not a pleat out of press goes farthest in the race, and her nearest runnerup is the smart collegiate who wears appropriate clothes at the right time. Let your sense of fitness be your guide, and remember, there's a truth in them that words, when we say "Keep young and beautiful,"...

And there are those men who really do things on a grand scale. When Johnny McKee took the first little steps that usually lead to the altar, he didn't stop with a ringed pin. He bought his O. A. O. a wedding, and the Alpha O's say it's a good sized diamond. The lucky gal, by the way, is Katherine Carver of Lincoln.

For individual hair styling see AGNES F. SCHMITT, AGNES' BEAUTE SHOPPE, Cornhusker hotel, Manhattan game specialty is the Agnes handy box: day and night powder, astringent, and cleansing cream. \$1.00.

In the words of Elizabeth Bushee, "We can't hold our pledges down, they're too peppy." But we think that the Alpha Chi O's found a most effective way when they made Hokey Weaver stand on the corner of 14th and O selling newspapers after dark.

A verba fine suggestion for future reference when others get an uncontrollable pledge class that wants to go Joe college in a big way.

Where prices are reasonable, style new, and charge accounts welcome—BURNETT STYLE SHOPPE.

Jane Weldon, D. G., it is heard, has given Barney (Pontiac) Drummond, that trite thing called "the air."

Try this wee bit of Scotch!! KILTEES, by Van Raalte, Gay as a real Scotch tartan, this big, bold plaid done in soft blue or pink with white. Notice too, the prices keep to the Scotch tradition. Bras—\$1.00. Panties—\$1.00. "Because you love nice things," go to MAGEE'S.

For this next big week-end in Manhattan, get a wave, "meant just for you" at RUTH GRINSTED'S BEAUTY SALON. 50c.

RUTH GRINSTED BEAUTY SALON gives those soft, realistic end curls, we all wish to have. \$2.

Girls: Joineaire and Coty perfume orders, regular 65c perfume Monday, only 39c. Bring this ad. BOYDEN'S PHARMACY, Stuart Building.

You may select your own printer this year for party bids. GEORGE BROS. specialize in collegiate programs, and formal invitations.

Nebraska-Minnesota Statistics

Table with columns for NEBRASKA and MINNESOTA, and rows for various football statistics like First downs earned, Yards gained rushing, etc.

Olsen Accepts Post. Dr. A. L. Olsen, who received his Ph. D. degree in chemistry from the university in 1934, has accepted a position as instructor in chemistry at Kansas State college, Manhattan.

Pittsburg Takes 'B' Team's Measure 20-0

Gorillas Display Powerful Defense; Running Attack Strong.

Blue Howell's Pittsburg Teachers flashed a strong running attack and impenetrable defense Friday night to beat the Nebraska "B" team 20-0.

Recovering a blocked punt deep in Nebraska territory in the second quarter, the Gorillas scored when Scalet raced around end from the four yard line after taking a lateral pass. Near the end of the first half, Halfback Gibson broke off tackle and away 31 yards to a touchdown.

The third marker came in the third period, Chris Killian, fullback, leading a drive from midfield culminating in Scalet's second touchdown of the night on a 9 yard sprint after receiving another lateral pass.

Howell's team ripped off 223 yards by rushing, while the nubbins were held to 67 by the heavy Gorilla line. The Huskers completed only two out of sixteen forward pass attempts.

Dr. Van Royen Speaks on Italo-Ethiopian Dispute

Dr. Willem Van Royen, assistant professor of geography, spoke recently before the Lincoln Kiwanis and Optimists clubs and the Rotary club of Crete, Neb., on the geographic background of the Ethiopian-Italian dispute.

REGENTS ANNOUNCE NAMES OF 131 NEW FACULTY ADDITIONS (Continued from Page 1).

In agronomy, master of science at Chadron, B. Ira Judd, graduate assistant in agronomy, master of science at Nebraska, William Eburn Holmes, graduate assistant in anatomy, bachelor of arts at Nebraska.

John C. Kennedy, assistant in anatomy, Harold H. Macomber, graduate assistant in anatomy, bachelor of science at Nebraska.

Herbert C. Modin, graduate assistant in anatomy, bachelor of science at Nebraska.

Helen Baeder, assistant in animal husbandry, master of science at Nebraska.

Violet M. Wilder, graduate assistant in biochemistry, master of arts at Nebraska.

William Oberdorfer, graduate assistant in biochemistry, bachelor of science at Nebraska.

Walter Kiener, graduate assistant in botany, master of science at Nebraska.

William C. Noll, graduate assistant in botany, master of science at Nebraska.

Edmund E. Poole, graduate assistant in botany, bachelor of arts at Nebraska.

Thomas R. Long, graduate assistant in business research, bachelor of science at Nebraska.

Charles Shields, Miller & Falne scholar in business research, bachelor of science at Nebraska.

Albert E. Begun, graduate assistant in chemistry, master of science at Nebraska.

James R. Cribbett, graduate assistant in chemistry, master of science at Nebraska.

Arthur L. Dunn, graduate assistant in chemistry, master of arts at Nebraska.

Charles L. Graham, graduate assistant in chemistry, bachelor of arts at Doane.

Walter E. Hiltcomb, graduate assistant in chemistry, bachelor of science at Nebraska.

Theodore Letfordnik, graduate assistant in chemistry, bachelor of science at Nebraska.

Leland Danahall, graduate assistant in chemistry, bachelor of science at Wayne.

Harold E. Noyce, graduate assistant in chemistry, bachelor of science at Doane.

James J. Urtan, graduate assistant in chemistry, master of science at Nebraska.
