Billy Quick Will Direct Giant Musical Assemblage in Mass Concert Before Husker-Sooners Tilt; Stunts Are Planned for Half Period.

Principal speaker at the luncheon will be I. E. O. Pace, Lincoln attorney, and special guests will include Governor R. L. Cochran, Mayor Charles W. Bryan, Chancellor E. A. Burnett, Dr. George Condra, and the members of the board of regents.

The annual Band Day is another spectacular feature on the program. The university has invited 110 bands from schools in Nebraska and Iowa, and eighteen bands have signified their intentions of being present. Lincoln, Beatrice, Falls City, Dewese, Sutton, Havelock, Pawnee City, Dwight, and Fremont are all sending their high school bands. In addition the Malmo Community Band, Oklawaha Band, Cook Band, Clark's Band (Wilber), Tecumseh Band, and bands from Fairbury, Pierce, Ord, and Scribner will be here. Others are expected to come later.

All these will assemble behind the R. O. T. C. unit here and parade thru the city streets into the stadium. Under the direction of Billy Quick, university director, the bands en masse will play several numbers before the game.

Starting at 2 o'clock a great game is in store for sport patrons when the Sooners of Oklahoma match brain and brawn with the Cornhuskers of Nebraska.

Between halves, Chancellor E. A. Burnett and Governor R. L. Cochran will render greetings to all the Dads over a public address system from midfield. Tassels and Corn-cobs are planning some novel stunts for half-time.

A crowd of approximately 22,000 is expected for the event.

#### Nebraska Drouth Problem Becomes More Acute; Experts Find Several Crops Able Meet Adverse Conditions

The drouth problem in Nebraska and other prairie states is becoming more and more pronounced. Farmers, and more recently, the thousands who live in the cities throughout the middlewest have come to realize that prosperity which begins in the agricultural belt, is dependent upon good crops which in turn are directly dependent upon an abundance of moisture.

Records of the weather bureau tell the story of a slowly decreasing annual rainfall for this section of the country. This has been more pronounced the past three years.

The business of the agriculturalist is to keep alert to the most recent developments in the science of agriculture. If he is to succeed, he must plant those types of crops and forage which are best adapted to meet adverse climatic conditions such as extended periods of drouth and hot weather.

INQUEST PROBABLE, AUTHORITIES INDICATE

Accident Occurs on Highway One-Half Mile West of Tenth Street Intersection; Five Other Passengers Slightly Hurt.

Mabel A. Clark, 21 year old sophomore in Teachers college, died early Sunday morning as a result of injuries received when the coupe in which she was riding with six other people collided with another car on the SYA highway one-half mile west of the Tenth street intersection and plunged into an eight foot ditch.

The sheriff's office said an inquest will probably be held.

Miss Clark was riding in a car driven by Glenn Carey, 1210 Peach St., while the other car was driven by Nick Stams, 1427 S st.

Miss Clark died three hours after the crash without regaining consciousness.

Death was attributed by physicians to massive injuries of the brain, caused by a crushing impact to the right side of the head.

Other passengers in the car were Miss Irene Dill, 4842 Greenwood ave.; William J. Healey, jr., 635 So. 25th st.; Chester Strubbe, Laurence Neville, and Lucille Glass, all of 1426 D st.

In attempting to return the Carey machine to its wheels from its side position in the ditch, passersby pushed too hard and the car rolled over on its other side apparently crushing Miss Clark beneath it.

Stams said he swerved his car to the left, as he claimed Carey was driving about in the center of the highway. Stams explained he planned to put his car in the ditch to avoid the other car.

Miss Clark is survived by her parents, three sisters, Mrs. Blanche Baker, Mrs. Reynolds McMeen and Miss Pearl Clark of Lincoln. The young woman moved to Lincoln with her family five years ago from Holyoke, Colo. Funeral services are awaiting the outcome of an inquest.
