PRICE 5 CENTS

PLAYERS CHOOSE 'LET US BE GAY' AS NEXT PRODUCTION

Rachel Crothers Author of
Comedy Opening at
Temple Nov. 11.

MISS HOWELL DIRECTS

Play Enjoyed Year Broadway
Run; Hunter Praises
Smart Plot.

University players have chosen for their next production, Rachel Crothers' most brilliant comedy, "Let Us Be Gay," with Françoise Larrimore in the star role. The play opens Monday, Nov. 11, and will run one week, closing Nov. 16 with a Saturday matinee.

The play ran for a year on Broadway and was acclaimed by New York critics to be the high spot of an otherwise dull season.

Frances McChesney, Jane McLaughlin and Armand Hunter, favorite players for many past seasons, will return for the first time this year in the leading roles, under the direction of Miss Alice Howell, chairman of the dramatic department. Others having strong supporting roles are Margaret Carpenter, Donald Buell, and Era Lown, three prominent players.

The play itself has a unique plot, clever dialogue, and exceptionally human characters. "It's smart, saucy, witty, and happy as the name demands. 'Let Us Be Gay' fulfills the best tradition of the modern comedy of manners. Coeds take notice—this play reveals what every broken hearted girl would like to do. Don't miss it," declared Armand Hunter, business manager of University Players.

Reservations should be made at Magee's, starting Monday, Nov. 4. "We are placing the tickets on sale a week early to give everyone an opportunity to assure themselves a good seat, as this is one of the 'musts'," stated Hunter.

The dramatic department urges everyone to mark Nov. 11 to 16 on their calendars, as an epic week in the history of the players.

FALL FUND FESTIVAL DRIVE REACHES \$200 MARK ON SECOND DAY

Frances Scutter High Point
Girl in Thursday
Report.

Y. W. C. A. Fall Fund Festival workers increased their collections from \$80.65 to \$200.00 on Thursday, Oct. 31, the second day of the drive. "Such a wide margin of improvement will encourage us all to work harder toward the goal of \$1,200," declared Gayle Caley, the chairman of the Fund Festival.

Frances Scutter, junior class executive, was high point girl on Thursday, collecting \$18.75.

The top team for the day was a group of junior class workers headed by Marylu Petersen, increasing the fund by \$14.00. Maxine Wertman, and her freshman group, were second with collections of \$14.00, while third place was taken by a sophomore group led by Maxine Durand, who turned in \$11.75. Senior class high group, headed by Theodora Lohrman, collected \$4.00.

Miss Green, Y. W. C. A. secretary, spoke at 5 Thursday to a group of all girls taking part in the drive, encouraging them and instructing them on technical points.

Third of the group report meetings was announced for Friday, Nov. 1, at 3 o'clock in Ellen Smith hall.

TRI K CLUB SPONSORS BANQUET FOR AG MEN

Dr. Frolik to Speak at Open
Meeting Following Dinner
To Be Held Nov. 7.

One of the several banquets to be sponsored by the Tri K club, Agronomy student organization, on Ag college campus this year will be held Nov. 7 at 8 p. m. in the Agronomy Laboratory building.

Committee in charge of publicity for the banquet consists of John Clymer, chairman, Adrian Lynn, and George Lambrecht. The ticket committee is composed of Darrel Bauder, chairman, Don Kilmer and Dale Smith.

There will be an open meeting after the banquet at which Dr. A. L. Frolik will discuss the problems in connection with wild game management. Dr. Frolik is back in his position in the department of agronomy after spending the past school year and two summers in Wisconsin completing all requirements for a doctor's degree. His (Continued on Page 4)

4-H CLUB MEMBERS MAKE PARTY PLANS

Short Program Presented
At Regular Meeting
Tuesday Night.

Seventy-five persons attended the university 4-H club meeting Tuesday evening when plans were completed for a party to be held Nov. 7 in the activities building on the Ag campus, according to Gilbert Erickson, president of the club. The party will be an overall party. Plans were also made for a membership drive.

Laverne Peterson gave an extemporaneous speech as a part of the program and Evelyn Dittman gave a reading. A skit was presented and Ruth Murray gave a solo. Erickson presided at the meeting.

NYA PAY CHECKS AVAILABLE TODAY, STATES AUTHORITY

Students May Call for Pay
This Afternoon Says
Boschult.

Pay checks for the period of Sept. 16, to Oct. 12 inclusive will be ready for distribution at 1 o'clock this afternoon among the Nebraska students in the local NYA offices, Edgar J. Boschult, assistant purchasing agent of the NYA announced Thursday.

Students assigned to departments on the ag college campus should call for their pay checks at the dean's office or see Miss Schurr, in Agricultural hall. Students assigned to departments on the city campus should call for their stipends at the west stadium office.

The National Youth Administration has been the subject of much newspaper comment and of oral criticism. Tuesday, Dean T. J. Thompson retaliated for the NYA against rumors which were circulating. NYA officials reported that the student checks were unavoidably delayed because of a complex checking process.

Thoro Checking.
Lincoln administrators of NYA received quotations from the university regarding the amount due each student, but these elongated reports took an exceedingly long time going thru the auditing department. After thoro examination in the above division, the reports were sent to the treasury branch for additional checking and final payment.

Much dissatisfaction was expressed by individual students working for the NYA who complained that the belated stipends cause hardships which seriously interfere with their university work and their peace of mind.

There are 773 students employed under the NYA, of which amount 675 are undergraduates at work on the Lincoln campus, forty-three are graduate students, and fifty-five are students of the medical and nursing schools in Omaha. The monthly payroll amounts to \$10,360.

Staff to Hold Class For Reporters Today

The regular Friday afternoon news-writing class will meet today at 3 o'clock in the offices of the Daily Nebraskan, under the direction of the managing editors. All students interested in journalism are urged to come, and reporters on the Nebraskan are required to attend.

Due to recent neglect of beats by various reporters, the managing editors are contemplating a shift in staff and reassignment of certain beats. For efficient coverage of all the news, the co-operation of every reporter is essential.

Student's Pictures Decorate Playing Cards of Prof. Grone

Red queen on a black king. Black ten-spot on a red jack. That's the solitaire as played by the vast majority of card playing Americans. But Prof. E. A. Grone, of the mechanical drawing department, has developed a new wrinkle in the game. Instead of cards he uses pictures of the students in his classes, mounted on stiff paper, with names written on the back. For four years he has indulged in this unusual pastime.

The reason? He wants to know his students personally, to be able instantly to connect the right name with every face in his classroom.

"You may smile," said Professor Grone, (and indeed we were), "but I find that knowing my students by name has helped their grades."

"Many of my classes are lecture courses, or large laboratory groups in which in the ordinary course of events, I should have no opportunity to get acquainted with individual students. But when I take their pictures and memorize their names, they forget I am a lecturer and feel free to come to me with questions and problems, and their interest in the class grows proportionately."

Professor Grone takes his pictures with a small Minnie—a \$216 candid camera similar to the one

WILLIAMS LAUDS WORKER'S SPIRIT AT CONVOCATION

Lecturer States Belief in
Right of Laborer to
Advance.

DR. HERTZLER PRESIDES

Consultant Says More Jobs
Needed—Not More
Leisure Time.

Declaring his faith in the future and applauding the spirit of the American laborer, Whiting Williams, well known lecturer and industrial consultant, speaking at the Temple Thursday morning told his audience that the worker has a right to expect advancement in his field.

"Too much stress today has been given to work security and not enough to the spiritual and soul satisfying aspect of the labor problem," he said. Following his introduction by Dr. J. O. Hertzler, chairman of the convocation committee, Williams reviewed some of his experiences as a laborer in the mines and manufacturing plants of this country and abroad.

Need More Jobs.
"What we need today is more jobs—not leisure time," he pointed out. "Workers everywhere are praying, 'Give us this day our daily job,'" and "the speaker continued, "this cry is not merely for economic reasons, rather it is the expression of his soul. It is the cry of every man tries to justify himself by his job. Even the hobo becomes indignant if you refer to him as a bum."

"Our failure to realize this in our social philosophy today means that we are likely to assume that the unemployment problem will be solved by unemployment insurance.

Favors WPA.
Williams said he is in favor of this type of social enactment, so long as it is not offered as a substitute for men's jobs. He also spoke in favor of the national relief program as being carried on (Continued on Page 4)

CLASSICS CLUB HOLDS MEETING WEDNESDAY

Dean Oldfather Addresses
Group on Oriental
Institute.

Members of the Classics club held their first meeting of the year in Morrill hall Wednesday night. Following introductory talk by Lois Pierson, president of the club, and a short business meeting, the program began with music furnished by Eunice Bingham, violin, and Margaret Baker, piano.

Dean C. H. Oldfather spoke on certain phases of the work now being carried on by the Oriental Institute of Chicago. This was followed by group singing of a number of Latin songs.

Dean Oldfather described particularly the process by which photographs of Egyptian inscriptions are made and corrected. This process was shown to be very complicated, involving the efforts of a large staff of photographers, artists and epigraphers. Many of the most important archeological projects now under way are being supported by Americans. Dean Oldfather pointed out, and before many years America will not need to depend on foreign countries to furnish leaders for these expeditions.

Class Presidents

James F. Marvin, George H. Pipal, James Marvin, Lincoln, and George Pipal, Humoldt, who respectively will head the senior and junior classes at the university. Marvin is unaffiliated, Pipal is a member of Chi Phi fraternity.

COCHRAN, CLARK TO SPEAK BEFORE ENGINEERS GROUP

Nebraska-Kansas Section of
Education Society Will
Meet Here.

Gov. R. L. Cochran and Prof. John D. Clark, professor of economics, will be principal speakers at the 6 o'clock dinner this evening which opens the two-day convocation of the Kansas-Nebraska section of the Society for the Promotion of Engineering Education. Approximately 140 are expected at the dinner at the First-Plymouth Congregational church as guests of the engineering college instructors.

Speaking to over eighty delegates from Kansas, Iowa, Missouri, and the universities of Kansas, Iowa and Missouri, Governor Cochran will discuss "The Engineer in Public Service." The speaker, an engineering graduate of the university, will stress the human relationships to be taken into consideration when an engineer is dealing with the public.

Dr. Clark will speak on "The Engineer in a Planned Economy." He will consider various phases of the profit motive in industry. Chancellor E. A. Burnett of the university will present the address of welcome to the visiting delegates, with registration of representatives Friday afternoon in the mechanical engineering building. In the evening following the dinner the group will adjourn to various buildings on the campus where round table discussions will be held.

General sessions will occupy Saturday morning's program in the M. E. building. The following discussions will be given throughout the morning: "Practical Applications of the Stroboscope," with registration by Prof. O. E. Edison and Prof. F. W. Norris of the E. E. department; "Honors Group Plans," by Prof. R. H. Frazier of the Massachusetts Institute of Technology; "Social Interests of Government and Engineering Education," by Pres. Rowland Haynes of Omaha Municipal university. (Continued on Page 4)

MISS NELSON HEADS FRESHMAN HONORARY

Marie Vogt Will Serve as
Vice-President of
Society.

Winifred Nelson was elected president of Alpha Lambda Delta, freshman women's honorary, and Marie Vogt was elected vice president at a special meeting called Thursday at 5 o'clock in Ellen Smith by Betty Cherny, resigning president. The election resulted from the resignations of Betty Cherny, president, and Jane Barbour, vice president. Both girls were forced to resign because they were over-pointed, according to the A. W. S. activity point system.

New officers of the freshman honorary announced the initiation of nine pledges Nov. 7 at 7 o'clock in Ellen Smith hall. The nine girls, who gained their right to become members of the organization by maintaining a 90 average during the first semester or the first year they were in school, were pledged early this fall. They include Margaret Cushing, Enid June Gillett, Jean Eleanor Gordon, Rosalyn Laubinsky, Muriel Elaine Line, Mary Jane Mitchell, Alice Lenore Nielson, Helen Margaret Reynolds, and Wilma Harriet Stutt.

Committees in charge of the initiation and the reception which will be held afterwards, include Martha Morrow, Theora Nye, and Florence Steyerville, refreshment committee. The program committee consists of Helen Rosser, Lill Katherine Kryger, and Mary Margaret Evans. Betty Cherny and Jane Barbour will assist the new officers with the initiation ceremony. Betty Cherny is in charge of publicity.

Deans Return From Long Geological Survey Trip

Deans Conrad and Reed returned Wednesday morning from an extensive geological trip made in northeastern Kansas, northwestern Missouri, and southwestern Iowa. There were four directors of Geological Survey on this trip.

DEADLINE NOV. 7 IN COMPETITION FOR HOMECOMING

Annual Decorations Contest
Open to All Campus
Fraternities.

JACK PACE IN CHARGE

Aptness, General Effect,
Originality Basis of
Judgments.

Deadline for entries in the contest among all campus fraternities for the best decorations displayed for the Nov. 9 homecoming celebration has been set as Thursday, Nov. 7, by the Innocents' society, sponsor of the project. Jack Pace, member of the senior honorary organization in charge, announced yesterday.

The trophy to be awarded to the winning group has just been received and will be placed on display in Long's College Book Store. Names and addresses of clubs who plan to compete for the award must be filed at the Daily Nebraskan office in U hall before Thursday, Nov. 7.

On the basis of originality, aptness and general effect, judging will be made on Nov. 8, the night before the homecoming football game with Kansas university. Judge will be announced at a later date.

Inexpensive Plans Emphasized.
"It is hoped that all fraternities will enter into this contest which has been a tradition with homecoming festivities in the past," Pace declared. "Of course, every club can not win the trophy offered, but with the majority of houses decorated a great amount of color will be added to the general atmosphere of the occasion which should be a colorful one."

The Interfraternity council has named \$25 as the maximum amount that any group can spend in decorating, and all fraternities are eligible to participate. By the maximum ruling, Pace pointed out, emphasis will be placed on clever inexpensive decorations which was the purpose of the society had in mind in announcing the contest.

GEOLOGICAL DRILLING CREW CHANGES SITES

Survey Commission Seeks
Water Deposits at
Elmwood.

Drilling crew of the State Geological Survey has been moved from Nebraska City to north of Elmwood. The purpose of the latter location is to determine the character of water bearing formations that are thickly covered with glacial deposits. It is in an area where farmers and small towns have experienced considerable difficulty in obtaining water supplies.

The State Conservation and Survey Division sent to the printer yesterday a bulletin prepared by Dr. J. E. Weaver and William Knoll. The subject of this bulletin is "The Relation of Runoff and Ground Water Storage to Prairie and Cultivated Crops."

STOREY ORCHESTRA TO PLAY FOR BARB DANCE

Interclub Council, A.W.S.,
Sponsor Carnival Event
Friday.

Jimmie Storey's orchestra has been hired to play for the Carnival Dance which is being sponsored by the Interclub Council and the Barb AWS league on Friday, Nov. 1, in the Armory. An error was made in the previous announcement concerning the admission price. Admission will be twenty-five cents per couple, or ten cents for girls and fifteen cents for boys. The party will begin at 8:30 and close at 11:45.

"Such affairs as this dance afford an excellent opportunity for Barb students at the university to get acquainted with one another," stated Dorothy Beers, chairman of the Barb AWS league, "and we are expecting a record crowd."

Committees in charge of the dance are Jim Rianness and Elizabeth Edison, concessions; Dorcas Crawford, special entertainment; Eleanor Oldfather, refreshments; Paul Rader, properties; Gretchen Budd, tickets; Rowena Swenson and Ruth Fulton, chaperons; and Doris Weaver and Wilbur Bezeley, publicity.

Army Pilot Has Fun But Didn't Count on Air Bureau Charges

The army airplane pilot who dived his plane low over Memorial stadium at the Oklahoma-Nebraska football game Saturday may face drastic action for breaking army flying regulations, according to Lieut. Harold Montee, aeronautical inspector for the bureau of air commerce in Nebraska and Colorado, who was in Lincoln Thursday investigating the incident.

Complete data on the army cadet pilot has been placed in the inspector's hands by City Inspector Erikson, who filed the complaint. Montee stated the evidence indicates the cadet, named C. V. Smith was flying both recklessly and too low. He explained that although the pilot was not flying under army orders he was subject to the same regulations under the department of commerce as any other flyer.

The offense was serious enough to bring drastic action, Montee said. The information gathered by the inspector will be sent to the bureau of air commerce in Washington where it will be turned over to the chief of the army air corps.

The pilot was registered at the Municipal airport here as C. E. V. Smith, Selridge Field, Mt. Clemens, Mich. Selridge Field is a training school for the U. S. army air corps.

It was explained that if Smith were a commercial pilot the aeronautical department could either suspend or revoke his commercial license or levy a civil penalty of \$500. Montee stated his department had no jurisdiction over the army proper but could only transmit information to it.

ENGINEERS SOCIETY COMPLETES PLANS FOR ANNUAL DANCE

Mel Pester to Furnish Music
For Ag Campus Affair
Friday Night.

One of the largest ag campus social events of the year will take place Friday evening in the Students Activities building when the members of the American Society of Agricultural Engineers hold their annual dance.

Mel Pester and his orchestra will furnish music for the affair which has been planned by Wayne Thurman, president of the society. "Students have danced to Pester's orchestra at several parties this year and have enjoyed it very much," Thurman stated as one of the reasons for expecting a large crowd at the affair.

Another reason is to be found in the novel lighting and decorating system which will be used. The lighting scheme, described by Thurman as "spherical luminosity," will be carried out with colored spotlights shining on revolving mirrors suspended above the center of the dance floor.

Chaperons for the affair will be Mr. and Mrs. E. E. Brackett and Mr. and Mrs. L. K. Crowe. Lloyd Hurlbut is sponsoring the organization and on the committee in charge of arrangements are Pete Burns, Fred Chambers and Russell Kychelhahn. Other officers of the society are Marvin Samuelson, vice president, and Vernon Keller, treasurer.

12,500 N STAMPS SOLD, REPORT MEET SHOWS

Amount Exceeds Complete
Totals of Previous
Years' Drive.

Results of the N stamp sale report meeting held Tuesday from 4 to 5 o'clock in Ellen Smith show a total of 12,500 stamps sold during the drive. Having already exceeded the total of previous drives, A. W. S. board members in charge of the sale anticipate a large increase in the number of stamps sold before the final check-up next Friday.

The sophomore team with the highest number of sales is the Kappa team composed of Jane Walcott and Jean Rowe. They have sold 1,800 stamps during the drive. Second is the Theta team, Betty Magee and Jane Loeke, who have sold 1,000 stamps. Virginia Fleetwood is high among the freshman saleswomen with 965 sales. Barbara Selleck comes in second with 670.

Betty Cherny, sales director, has called the next report meeting Tuesday from 4 to 5 o'clock in Ellen Smith. It is essential that every worker report at this meeting, she announced.

CORN COBS START SALE OF TICKETS FOR PARTY NOV. 9

Innocents Set Price of Ducats
For Homecoming Affair
At \$1.50 Each.

TOM GENTRY TO PLAY

Campus Opinion Shows Band
Of Ambassadors Good
Choice for Dance.

Tickets for the annual homecoming party will go on sale this week end by members of Corn Cobs who have been designated official salesmen, Dick Schmidt, president of the Innocents society, sponsors of the affair, announced. Innocents members and a few other selected persons will sell the ducats. Price has been set at \$1.50.

The event, which has been granted a closed night, is scheduled for Nov. 9 at the coliseum following the Kansas university football game. Tom Gentry and his Ambassadors, featured CBS and WGN orchestra, will play for the dance.

Each salesman who sells 15 tickets will be given one complimentary ducat if all money is turned in at the student activities office in the coliseum by noon Saturday, Nov. 9.

A public address system will be used in the coliseum making the music audible in all parts of the ballroom, according to Irwin Ryan, member of Innocents. Permanent decorations will be used.

"Consensus of campus opinion indicates the popularity of Gentry and his Ambassadors," Ryan stated. "The band is especially well known as a rhythm band and for its imitations of other outstanding orchestras of the country. Gentry's arrangements in imitation of the Casa Loma orchestra technique produces an effect identical with that of Glen Gray's famous band."

Several popular recordings of Tom Gentry will be featured on a special program to be broadcast over KFOP in the near future. If present plans under discussion can be carried thru, Ryan indicated. The purpose of the broadcast is to acquaint students with the Ambassador style of arrangement and rhythm.

NOVEMBER ISSUE OF BLUEPRINT APPEARS FIRST OF NEXT WEEK

Feature Article on Rural
Electrification to Be
Included.

November issue of the Nebraska Blue Print, engineering magazine, will be distributed and placed on sale the first of next week. Ted Schroeder, editor, announced Thursday.

The feature article is "Rural Electrification," an informative discussion of the rural program from the standpoint of the private power company. Next month, the editor states, a sequel to this article, describing the government's plans for rural electrification, will be written by W. F. Lewis, agricultural research engineer, at the college of agriculture.

Lowell Newmyer contributes "A Day at Camp Nebraska," an article describing the civil engineers' summer surveying camp near Ashland.

In the Dean's Corner, a regular Blue Print feature, Dean Ferguson writes on "Joining Your Engineering Society." Other features include Engineers, Alumnus, and Sledge, Jr., humor page.

Betty Cherny, sales director, has called the next report meeting Tuesday from 4 to 5 o'clock in Ellen Smith. It is essential that every worker report at this meeting, she announced.

The discussion is the first part of the program of the day's meet and will be followed by a fellowship luncheon at which Rev. A. W. Mansur will speak on "How to Improve the Letters of the Alphabet."

At 2 o'clock Edward Steinmetz, director of the Omaha Community Playhouse, will talk on the Playhouse project. An article section will be lead in the afternoon by Martin J. Chicone and a poetry section by Claire Austin Dixon.
