Date for Political Poll Set in Early Part of December.

**Concerning New Deal** Policies.

Definite plans for the political maliland plateaus, which are hardversity campus by the Daily Ne-braskan in an effort to feel out the trend of student sentiment toward issues which promise to be dominating factors in the approaching election, are nearing completition, Jack Fischer, editor, announced Tuesday. Previous to the all-university poll, which is scheduled for sometime in the first part of December, a series of arguments by student and faculty members setting forth the facts and data pro and con on each of the specific issues, will be published for student study in the pages of the Nebras-

Among these questions and is-sues which will be discussed by campus authorities are those regarding: AAA, CCC camps, TVA, federal securities act, social securi-ties measures, public works, bonus issues, utility company regulations, and other phases of the new deal. These topics will be treated in such a way that the student may cast a ballot that reflects knowledge of the question rather than

one displaying a party prejudice.

Preparations are also being forwarded, by the convocations committee of student council, for con-troversial debates in which the foremost representatives of each of the major political parties will have an opportunity to present his faction's views on the various

### Is Ethiopia Worth a War?

BY DR. W. VAN ROYEN.

Editor's Note: This is the second in a series of articles by professors of the university relating to the Italian-Ethiopian situation and problems in-colving the great world powers. Dr. Van Royen of the geography department discusses the situation in the light of the geographical aspects of Ethiopia.

A peacefully occupied Ethiopia would be a very valuable STUDENT BALLOT addition to Italy's possessions in eastern Africa. The country is about three times as large as Italy, and—for Italian ideas is only sparsely populated, its average density of population probably slightly exceeding that of Nebraska. Economically it is of much greater value than o all the other colonies of Italy put by over a thousand feet at the together.

Ethiopia consists of three main divisions. The high plateaus and PUBLISHES ARGUMENTS
