

WARM WEATHER GREET'S HUSKER CINDER ARTISTS

Schultemen Will Take Final Workouts for Relays This Week-End.

A warm sun and clear sky greeted the Schultemen Tuesday afternoon as they opened their final week of preparations before the 14th annual Kansas Relays, April 17-18 at Lawrence. The unheralded warm weather gave the Husker track and field men an opportunity to bask in the hot April sun while putting the finishing touches on their track forms. Dr. F. C. "Phog" Allen, Jayhawk athletic director and man-

ager of the Kansas Relays, recently announced the entry list is far greater than in preceding years, especially in the individual performers. The Husker team will oppose such formidable universities as Arizona, Arkansas, Chicago, Colorado, Illinois, Indiana, Iowa State, Iowa, Kansas State, Kansas, Michigan State, Minnesota, Missouri, Northwestern, Oklahoma A. & M., Oklahoma, St. Louis, Texas, Tulsa, Washburn, Wisconsin, Notre Dame, and Drake.

Elser to Compete.
Glenn Funk, veteran Cornhusker distance runner, is not eligible to compete in the university class competition, but he has entered the special A. A. U. events including the 1500 meter run and 3,000 meter steeplechase. Funk will not enter the decathlon competition. Don Elser, all-around athlete from Notre Dame, is expected to enter the decathlon competition at the relays. Elser stayed out of basketball competition this past winter in order to train for track competition, and is looking forward to a place on this summer's Olympic team. Jay Berwanger, all America halfback from Chicago, is also expected to enter, especially since T. N. Metcalf, director of athletics at Chicago, is to be referee of the Kansas Relays.

Definite word has also been received from Clyde Coffman, last year's decathlon champion, to the effect that he will engage in the competition again, as will Ward Parker, University of Wisconsin, who won the all-around championship at the Armour Relays this spring.

Cardwell to Perform.
Lloyd Cardwell will perform at Lawrence in several roles includ-

ing the 100 yard dash, 120 yard high hurdles, high jump, broad jump, hop-skip-and-jump (special A. A. U. event), and 880 yard relay. Performing in these various events will give "Cardy" an opportunity to present his wares before the first great gathering of athletic figures this spring. In the sprint medley relay the first man runs 440 yards, the second man 220 yards, the third man 220 yards, and the anchor man 880 yards. The official entry list has Les Pankonin, Harold Jacobsen, Harwin Dawson, Bob Morris, and Standley Haight listed as potential runners. A four-man team will be selected from Les Pankonin, Fred Matteson, Chet Beaver, Bob Morris, and Wilson Andrews, the first man to run 440 yards, the second 880 yards, the third 1320 yards, and the fourth man one mile.

DR. BENGTSON TELLS OF ALLURING TROPICS AT HOLDREGE FRIDAY
(Continued from Page 1).
Dr. Bengtson killed one boa constrictor nearly seventeen feet long. Another time he was one of a party that killed an even larger one twenty-two feet in length.

"We were riding down a railroad track one day, when suddenly the driver stopped so abruptly as to all but throw us out of the car," he said. "There, stretched across the rails was this twenty-two foot reptile, which would have caused a derailment had we hit it. As the cool of the evening was approaching, the snake was sluggish and fell an easy prey to a gunman in our party. In spite of the great length of these tropical snakes, I am not as afraid of them as I am our Nebraska rattlesnakes."
Dr. Bengtson made his last trip to the South Americas six years ago, when he was an oil geologist for one of the large petroleum companies.

DEAN LERROSSIGNOL TO ATTEND CONVENTIONS
The eighteenth annual convention of the American Association of Collegiate Schools of Business April 22 to 25 at Cambridge, Mass., will find Dr. J. E. LeRossignol in attendance. A past president of the organization, Dean LeRossignol is listed along with President J. B. Conant of Harvard as an after dinner speaker on the final day's program. Dean LeRossignol as grand vice president and as an official delegate from the university will also attend the meetings of Beta Gamma Sigma, national business administration honorary fraternity, which will be held in the same city.

C. E. MILLER URGES ALL UNIVERSITY MEN TO ENTER GYM MEET

Medals Will Be Awarded Winners of Each Event.

All university men interested in gym work are urged to enter the fourth annual all-university gym meet to be held next Thursday night, April 16, at eight o'clock at the coliseum. There is no entry fee. Those interested should see gym coach Charley Miller in the coliseum.

There will be gold, silver and bronze medals for the winners in each event. A gold medal will be given the high point man.

Search for Material.
The purpose of the meet is to line up future varsity gym material. Winners of these meets usually win varsity letters. The only limitation placed on entrance is that the entrant can't be a former medal winner or a letter man. Twenty-five men, about the same number as last year, have signed up for the meet. According to Coach Miller, the tumblers look better than ever before.

Varsity to Demonstrate.
The varsity team will give demonstrations at the end of each event. Among those who have shown

the most promise in the practice periods are Irving Kuklin in the flying rings event, F. Egley and Bill Luke in the horizontal bar; D. Maupin and D. McDowell in the tumbling event. Other events include the side horse and Indian clubs. The complete list of entrants to date include: Irving Kuklin, Bob Belka, D. Maupin, H. Nearing, F. M. Myers, J. R. Myers, F. Egley, Bill Luke, C. Dodd, N. McIlravy, Kenneth Shindo, D. McDowell, C. Brown, V. Kean, Alvin May, O. Hoeckele, Jim Harris, F. Sukup, Dick Fischer, K. Myers, A. Tintman, Elmer Dohrman, G. Murphy, G. THE REASON FOR WATER-PIPES

I DON'T WANT TO SOUND CRITICAL . . . BUT IT DOES LOOK LIKE SOMETHING OUT OF CHEM. LAB.

YOUNG MAN, THAT PERSIAN WATER-PIPE IS ABOUT THE MOST VALUABLE PIPE IN MY COLLECTION.

IT WAS, AND IS TODAY, A METHOD THE PERSIANS EMPLOYED TO GET THAT MUCH-FOUGHT-AFTER, COOL SMOKE!

NOW, CHUBBINS, LISTEN CAREFULLY. THE PERSIANS VERY WISELY CRAVED A COOL SMOKE, AND NOT HAVING PRINCE ALBERT, THEY—

YOU'RE RIGHT, LAD. RA. NEEDS NO COOLING PLANT. IT NEVER BITES OR BURNS.

SHARTY!

FOR BACHELORS OF THE ART OF SMOKING
You can't lose when you try Prince Albert. If you don't agree it's pipe tobacco at its mellowest and tastiest—it costs you nothing. If you do—you've found a friend in Prince Albert who'll be a joy to you for life. No other tobacco is like P. A. It's "crimp cut"—smokes cool and sweet, cakes evenly, doesn't bite the tongue. P. A. had to be good to become the world's leading smoking tobacco.

SMOKE 20 PIPEFULS OF P.A. AT OUR RISK
Smoke 20 fragrant pipefuls of Prince Albert. If you don't find it the mellowest, tastiest pipe tobacco you ever smoked, return the packet tin with the rest of the tobacco in it to us at any time within a month from this date, and we will refund full purchase price, plus postage.
