

INTERLOCHEN MUSIC CAMP INSPIRES NEBRASKA COURSE

Ten years ago Dr. Joseph E. Maddy, of the University of Michigan, conceived the idea of establishing a summer music camp for high school students. Believing that much could be accomplished in increasing knowledge and love of music, he organized the now nationally known music camp at Interlochen, Mich., for students with superior and excellent ratings in the high schools of the state.

He wanted to give students, especially the talented musicians, an opportunity to develop. With this idea as its purpose, the camp has grown and developed since its

founding. Now nationally known, it draws several hundred young musicians each summer.

It was from this camp, according to Howard Kirkpatrick, director of the school of music, that the idea for the all state high school summer course at the University first came. The course here was started four summers ago and in that time has increased enormously.

"The outstanding value of the course," Director Kirkpatrick stated, "is that it gives students social contacts that they would not otherwise get. It gives them an opportunity to make friends, and develops them musically at the same time."

Expenses at the Interlochen camp are much higher than those for the course at the University of Nebraska. The national music camp is situated in Interlochen state park on land lying between two lakes, territory once hotly contested between the Chippewas or Ojibway and the Ottawa Indian tribes. The present summer camp contains many reminders of the Indians who once lived and hunted there.

Many famous figures in the musical world have taken part in directing the students during the summer camp term. Included among these are Frederick A. Stock, conductor of the Chicago symphony orchestra, F. Melius Christiansen, director of the St. Olaf choir, and the late John Philip Sousa. Dr. William W. Norton, director of the band and orchestra of the all-state course in Nebraska, is also on the faculty of the Interlochen camp session. He will leave for Michigan after the four-week course here is completed.

The day's program at Interlochen includes an orchestra rehearsal and chorus practice in the morning and a period of music or recreation and band rehearsal in the afternoon. The remainder of the day is devoted to sports, swimming and the like, and ensembles in the evening.

The program started at Interlochen has been imitated by various other states in the country. "The idea has become very popular," Director Kirkpatrick stated. "The University of Idaho is one of the last to undertake such a venture."

FAMOUS EDUCATORS VISIT CAMPUS FOR ANNUAL CONFERENCE

(Continued from Page 1.)
supervisor of WPA correspondence study, extension division, University of Michigan, and C. A. Fisher, assistant director of extension division at Michigan, will attend the correspondence study program. Dean Henzlik and Dr. K. O. Broady will speak.

The program of the Nebraska summer conference, of which Dr. S. M. Corey of teachers college is chairman, attracted large audiences for each of the sessions Tuesday and Wednesday. Among the outstanding educators who appeared on the program this year include C. W. Washburne, superintendent of schools at Winnetka, Ill.; Miss Mary Kelly, lecturer at the University of Chicago; H. H. Ryan, principal of the experimental high school at the University of Wisconsin, and E. G. Williamson, director of the testing bureau, University of Minnesota. A

few of the more important topics to be discussed at the supervised study conference follow:

Friday.

The establishment of co-operation between the various correspondence centers that prepare supervised correspondence study courses.

Pedagogical handling of papers by correspondence instructors.

In addition to the discussions, the members of the conference will have the opportunity to visit the extension division of the University of Nebraska and see how this institution operates a relatively large program of supervised correspondence study.

Saturday.

The evaluation of supervised correspondence study courses.

Procedures for simplifying supervision in the local schools and clerical responsibilities at correspondence centers.

The inter-relationship between university extension divisions, state departments of public instruction, private correspondence schools, and the teacher training institutions of the various state universities.

Alice Brown, Clarann Carpenter, Louise Lehmer, Babs Cheney, Barbara Dale, Maralyn Dale, Ruth Grosvenor, Elaine Heacock and Wendell Johnson.

RYAN SEES NEED OF NEW PRINCIPLES IN TEACHING PRACTICE

(Continued from Page 1)

much from business, particularly in periods of depressions.

"When discouraging years are at hand big business protects itself by developing new principles of production," he said. "The schools must meet crises in the same way. The guiding principle in business is 'root hog or die,' while that of school systems is 'cherish me and I will serve you well.' The best defense is a vigorous attack."

Practical Side.

The Wisconsin educator emphasized the necessity of taking into consideration the practical side of education today as opposed to the outmoded principle that the high school curriculum should serve primarily as a means of mental exercise.

Ryan spoke again in the afternoon, the rest of the Wednesday program featuring discussions participated in by superintendents and principals of Nebraska schools. The summer conference continues thru Thursday, with many of those in attendance planning to remain over for the conference Friday and Saturday on supervised correspondence study.

paper: A Study of Contemporary Institutions in Conflict," explains the conflict between the radio and the newspaper world.

Other articles in the June magazine include, Campus Month by Lynn Leonard; A Bookman's Notes by Gilbert H. Doane, Librarian of the University of Nebraska; President Martin's report and the report of Ray Ramsey, secretary of the Alumni association.

Black Legion was not a good descriptive name to give to the terror organization which does its work at night and runs. It should have been baptized Yellow Legion to match the color of the members' backbones.

UNIVERSITY OFFERS INSTRUCTION COURSE IN JANITOR'S WORK

Custodians, Engineers Meet at Capitol School This Week.

The University of Nebraska, through its department of school administration, is offering a short course for school custodians and engineers June 22 to 27. In addition to the varied lecturers and discussion period, demonstrations will be given and trips to school buildings in and about the city have been arranged in order to show conditions and practices on the job. Custodians and engineers will be shown not only how their work should be done, but when and why.

Prominent Speakers.

Several prominent men have been secured for the program, including J. F. Flikeid, housekeeper of the Minneapolis public schools; Dr. H. H. Linn, business manager and assistant superintendent of schools, Muskegon, Mich., who is on the summer staff here; Harry A. Burke, superintendent of schools at Kearney, Neb.; E. J. Boschult, assistant purchasing agent, University of Nebraska, and R. H. Park, assistant superintendent in charge of operation and maintenance, Lincoln schools.

The program:

Monday.

9 a. m. Registration, Room 101, Social Sciences. Greetings, Dean F. E. Henzlik, Lincoln; The Custodian and the Superintendent, Supt. Harry A. Burke, Kearney.

1 p. m. (Capitol School.) Daily Cleaning and Maintenance of School Floors, Dr. H. H. Linn, Muskegon, Mich.; Relation of Custodian to Pupils, Teachers, Parents, Board and Community, Supt. Harry A. Burke.

Tuesday.

9 a. m. Care of Cement, Terrazzo, Asphalt, Tile and Linoleum Floors, J. F. Flikeid, Minneapolis; Maintenance and Repair of Electrical Equipment, R. J. Park, Lincoln.

1 p. m. Selection and Use of Tools Needed by the Custodian, J. F. Flikeid; Selection and Uses of Supplies Needed by the Custodian, E. J. Boschult, Lincoln.

Wednesday.

9 a. m. Care and Cleaning of Enamel and Vitreous China, J. F. Flikeid; Cleaning of Glass, Blackboards and Erasers, Dr. H. H. Linn.

1 p. m. Landscaping, Care of Grounds, Lawns and Trees, and Playing Surfaces, Dr. H. H. Linn; Inspecting and Rating Public School Custodial Engineers, J. F. Flikeid.

Thursday.

9 a. m. Pests and Their Eradication, J. F. Flikeid Heating and Ventilation, E. J. Boschult.

1 p. m. Safety and Fire Protec-

tion, Dr. H. H. Linn; Handling the Boiler Room, J. F. Flikeid.

Friday.

9 a. m. Upkeep and Repair of Buildings, J. F. Flikeid; Upkeep and Repair of Equipment, H. H. Park.

1 p. m. The Custodian's Work Schedule, Dr. H. H. Linn; Field Demonstration, staff.

Saturday.

9 a. m. School Lighting and the Pupil, Dr. K. O. Broady, Lincoln; Personal Dress, Appearance, Character and Habits of the Custodian, Dr. H. H. Linn.

11 a. m. Presentation of Certificates to Custodians who have taken the course.

They say that Landon was almost unknown a year ago. They had heard about him in Kansas, but that doesn't count.

Now that the veterans have got their bonus the country will have to look for something else to argue about.
