

45 KANSAS STATE GRIDSTERS ENTER PRACTICE DRILLS

MANHATTAN, Kas.—A hand-picked squad of 45 football men, including 19 lettermen, went into

their fifth day of practice on the Kansas State college field here today. Coach Wesley L. Fry, Kansas State mentor, invited that group to return early and will continue to hold morning and afternoon practices for them until Wednesday.

With a large squad of seasoned veterans, including 19 lettermen, Fry hardly could predict anything but a strong team. He is conservative, however, and says that where the Wildcats finish in the Big Six race must be determined by the strength of the other schools. "The team cannot be classed as heavy. But I believe experience and speed will compensate for the weight disadvantage. Barring injuries or other unforeseen events which might weaken us, I look for a fine season."

The schedule: Sept. 26—Ft. Hays State college at Manhattan; Oct. 3: Oklahoma A. & M. college at Stillwater; 10, Missouri university at Manhattan; 17, Marquette university at Milwaukee; 24, Kansas university at Manhattan; 31, Tulsa university at Tulsa. Nov. 7, Oklahoma university at Norman; 14, Iowa State college at Manhattan; 21, Nebraska university at Lincoln.

CLASSES START AFTER TWO DAYS OF REGISTRATION

(Continued from Page 1.) on the third floor of social science finished registering before the closing hours. The assignment committee will move its accoutrements into Memorial hall, but will not function until Friday. New students may begin taking their psychology, English and medical examinations tomorrow, however, by calling at the registrar's office.

According to the figures on the first day of matriculation which were computed yesterday a slight increase over last year was made. Tuesday a total of 1,569 students completed their registration as compared with the 1,502 figure for the first day a year ago. A total of 2,744 last year's students had paid their fees during the past summer as compared with the 2,360 who had paid a year ago.

Last year by the end of the first week a total of 5,205 students had completed their registration. Including graduate students, students at the medical college in Omaha who register later, and stragglers, the official total for the first semester last year was 6,239 and for the previous year, 1934-35, 5,731. The largest first semester enrollment was in 1925-26 when the figure reached 6,535.

Valuable information and advice is contained in the brochure, which also retells the old, but nonetheless sanguinary, story of "Death at the Wheel" in the form of statistics, such as the following:

WHITES BOW TO REDS 24 TO 0 IN FIRST BIG GAME

Johnny Howell Features Scrimmage With 65 Yard Return.

By Morris Lipp. Featured by a 65 yard kickoff return by Johnny Howell, aided and abetted by spectacular blocking by Lloyd Cardwell and Ted Doyle, the Reds blanked the Whites 24 to 0 Wednesday afternoon in a regulation game on the hilltop. A large crowd of Husker fans skirted the sidelines to watch the first big scrimmage of the season, although several Huskers were absent due to registration and other conflicts. Coach D. N. Bishop, footballer, gave a good account of himself to those who gathered around to see what Nebraska has to offer. The Redshirt line, composed of first string Huskers, showed power both offensively and defensively, while the White line displayed a stubborn and determined ability to keep up with the Reds.

The Red backfield—Howell, Cardwell, Douglas and Francis—were able to break away from the Whites and to give a rough idea of their passing, punting and ball-toting powers. Francis failed four of four times in attempting to convert the point after touchdown and showed need for some placekicking practice. Despite a severe cold, Carly managed to get loose for several nice gains, but blocking rather than running was his assignment. Ron Douglas did nicely in the Red backfield, breaking away from the White would be tacklers for good gains. Howell equalled Francis by scoring twice, once in the first and once in the third quarter. Francis tallied in the second and fourth quarters. Phelps Averages 50 Yards.

Thurston Phelps, sophomore signal caller, outpunted Francis in the day's contest averaging over 50 feet in his punts. Phelps did well in calling plays for the Whites and ran with the pigskin for good gains. Ernie White, Dick Fischer and Bill Callihan took turns at the halfback posts for the Whites and Art Ball in the tailback position.

Ron Douglas led the Reds in a scoring drive in the first quarter with Johnny Howell scoring in a wide end run. When George Seeman broke thru the Red line in the second quarter and tossed Francis for a loss, it looked as if the Whites were threatening the Red goal. But the Reds retained possession of the ball and Douglas, Howell and Andrews advanced the ball to the three yard line. Francis smashed center for the second touchdown.

It was during the opening kickoff in the third quarter that Howell took over under his arm and behind the perfect interference of Cardwell and Doyle, dodged thru a field of White shirted gridsters for 65 yards to score standing up. The rest of this quarter was a punting duel between Francis and Phelps, but a fumble by a White back put the Reds in scoring distance again.

Harris Andrews, playing halfback for the Reds, attempted a right end sweep in the fourth quarter but was mobbed by the White secondary. Andrews managed to lateral to Douglas who in turn was beset by Whites. Douglas tried to lateral back to Andrews but his lateral turned into a forward pass which brought the play back.

Francis Scores Again. In the dying moments of the first quarter the Whites launched an aerial attack that netted them a good gain. Perry Franks, White guard who played "B" team competition last fall, spectacularly blocked out two Redshirts as Bill Callihan made a good run around left end. The Reds however got the ball back and opened an offensive drive that brought Andrews and the ball to the one yard line. Again Francis cracked the center of the line for a touchdown.

Lineup: Whites (6) McDonald Grimmond Shirey Whites (8) Hutcherson
