

Campus CAPS and GOWNS

ALL THE GLAMOUR AND ALL THE GLORY OF THE opening formal ball are gone. The hems of white satin formals are covered with the dust of soldiers' boots. The carefully selected formal sandals that matched the enticing evening gown, have that "bran' new" look entirely removed. In short, if we may wax sentimental, the ball is over. But this needn't be a darkening influence over those socially minded individuals who can still be optimistic about dancing. Those who didn't get around to the P. A. D. formal party last night, or who weren't lucky enough to be Sigma Nu's and get into that exclusive pig fest, will have their bon chance at the Mortar Board party next Friday evening. As everyone knows, it's the chance of a lifetime. But if you should miss this opportunity, it will undoubtedly knock again, and persistently. For there will be many more Friday and Saturday evenings filled with gala dancing ahead.

For your Christmas gifts, see the **HAND CRAFT SHOP**, 1227 N. Gifts personal and for the home.

Take your best boy friend to the Mortar Board party in a safety first rent-a-car from the **MOTOR OUT COMPANY**, 1120 P. B6819.

Speaking of transportation to the leap year affair Friday evening, we've a suggestion. Coeds, why not get together and hire a truck to get the dates to and from the Coliseum?

And when Bob Wineland got around to asking Mary Anne Martin for a date to the Brawl, she already had one.

It isn't surprising, though, because the S. A. E.-Theta inseparables had had a bit of a tiff a week before, and Mr. Wineland had scarcely gotten over it by Ball time.

You'll want the o. a. e. to blossom forth in a corsage for the Motor Boat party, and what's more, you'll want it to come from Danielson's. Your own ideas, and if you haven't any Mr. Danielson's, will make your date look right fancy for Friday night. **DANIELSON'S FLORAL CO.**, 1306 N.

LINCOLN ARMY STORE, 203 So. 11th Girls' snowsuits, boots, breeches, and jackets.

Another informal engagement, sealed with a pin-hanging, is that of Marguerite Kurth, Alpha O, and William Pritchard, Gamma Lambda Nu.

For holiday parties and gala affairs, you'll want your fanciest date dress and your ball gown cleaned. Send them to **MODERN CLEANERS** to be sure of reliable service. **SOUKUP AND WESTOVER'S MODERN CLEANERS**, F-2377.

What to give the boy friend for Christmas seems to be the important question. Why not a smart robe, good looking pajamas, studs, or luggage? **GOLD'S** has a grand selection of gifts that men really like. Do your shopping there and you'll feel confident that whatever you choose will receive his o. k. **GOLD & CO.**

Featured by Esquire, found at **MAGEE'S** and just right for the best boy fran's Christmas present is Wilson Brothers wearing apparel. You can please him with lounging pajamas, imported reefers, initialed handkerchiefs, just anything his heart desires. Save shopping headaches, and buy gifts for men at **MAGEE'S**.

If you have a boy friend who is verra particular, you'll go to **BOYD'S** to get his Christmas gift. Crested jewelry, cigarette lighters and cases, rings, watch bands, everything to please the masculine

fancy. **BOYD'S JEWELRY CO.**, 1144 O.

Together at the ball were John Edwards, Beta's baby boy, and Carolyn Skans, Alpha Phi.

Thetas are doing quite well by their brother fraternity, Phi Kappa Psi. Mary Helen Husted's relations with one of the brothers are termed "practically steady", we understand.

Let your date steam to the Motor Boat party in a corsage by **DANIELSON**, 1306 N.

Hot and heavy romance these days what with Roy Christensen, S. A. E. pledge, wending his way to the Kappa house to see junior Mary Heaton a good deal of the time. Serious—we hardly think so.

While you're in the spirit of Christmas and in the mood for gifts, why not buy yourself a present, too? Have your wool dresses and your knit suits cleaned and reblocked at the **Evans Cleaners**. You'll enjoy the holiday season much more unbothered by clothes worries. Call B6961 for delivery.

Choose your corsage for the Mortar board party with care. **DANIELSON'S FLORAL CO.**, 1306 N, will be glad to help you.

And when Jane Sawyer invited Pat Brown from Pawnee City to visit her this weekend, little did she suspect. For James Begley, one of the Beta boys, asked the Pawnee gal for a date Sunday evening, Oh bo—y!

UNIVERSITY NOTES
Prof. Lester B. Orfield of the college of law, who is now on leave of absence at Washington, D. C., is author of three articles appearing in November law reviews. "History of Criminal Appeal in England" appeared in the Missouri Law Review; "History and Structure of the State Appellate Courts with Special Reference to Criminal Cases" was published in the Southern California Law Review, and "Appeals by Indigent Criminals" in the University of Pittsburgh Law Review. He is also author of the chapter on quasi-contracts in Ballantine's "Problems of Law."
At the request of Dr. Louise Pound of the department of English H. L. Mencken sent autographed slips which also bear the student's name to those who own the new edition of his "The American Language."
Ellsworth P. Conklin, Peru man, former student with Miss Pound at the university, has taken another step forward in his career as a playwright. His new drama, "Two Hundred Were Chosen," appeared simultaneously on the New York stage and on the stage

of the University of Iowa's new theater. The play deals with the United States government's experiment of sending 200 families from this country to establish new homes in Alaska.

Dr. E. A. Gilmore, jr., of the business administration faculty will address members of Ashland's Rotary club Monday at 8:15 p. m. on "Currency Stabilization and International Trade."

Several university faculty members are listed on the program of the Older Boys' conference which will be held at Trinity M. E. church Dec. 11 to 13. Among them are O. H. Werner of teachers college who will be a leader on the subject "What is a Religious Person Like?" Dr. C. W. Scott, also of teachers college who will serve as a counsellor on the topic; Dr. D. A. Worcester and Dr. Dewey, chairman of the department of educational psychology and measurements and Dr. Dewey Stuit, teachers college, both of whom will lead in the discussion on "Building a Wholesome Personality," and Dr. Harold Ennis of the college of business administration, who will lead the group in discussing the problem, "What Can I Think About My World Today?" Paul Amen, varsity football player and John Williams, now of the coaching staff, will act as counsellors on the subject "Building Creativity in Athletics" and Mark Delzell, who is taking graduate work in teachers college will be registrar of the discussion groups.

Dr. F. W. Webster of the dental college will address the Lincoln district dental program Dec. 17 at the Cornhusker hotel on the subject of diagnosis, pre-operative treatment, surgery and post operative treatment.

Economica club will meet Tuesday evening in the Temple to hear a paper by Dr. O. R. Martin, acting dean of the college of business administration, on "Taxes on Corporate Surplus."

Dr. W. C. Lowdermilk, of the United States government conservation service, Washington, D. C., visited the campus several days the past week.

M. M. Boring, representative of General Electric Co., will interview engineering seniors, particularly electrical and mechanical engineers Friday and Saturday.

Dean O. J. Ferguson, of the college of engineering spoke on the world power conference at the Interprofessional Institute meeting Saturday at the Lincoln hotel.

Several students of the engineering college have been offered positions recently, indicative of the increasing upturn in the business world: Offers to Robert A. Rait, civil engineering graduate in 1933; Roger W. Seng, architectural engineering, 1933; and M. H. Halderson, electrical engineering, 1934 were received from Phillips Petroleum Co., at Bartlesville, Okla. Charles J. Klein, Lincoln, who graduated from the electrical engineering department in 1930, has accepted a position with the Interstate Power Co., at Neligh, Neb.

Professors E. E. Brackett, C. W. Smith, and C. L. Zink, all of the college of agriculture, attended the winter meeting of the American Society of Agricultural Engineers at Chicago the past week.

Members of the mathematics staff who attended the recent regional meetings of the American Mathematical Society at Lawrence, Kas., included Professors T. A. Pierce, C. C. Camp, M. S. Webster, Lulu Runge, W. C. Brenke, J. D. Novak and M. G. Gaba.

H. W. Rinehart of the ammonia department of the DuPont Co., interviewed chemistry students who will receive their Ph. D degrees within the next few months. He was particularly interested Friday in students majoring in organic, physical and inorganic chemistry.

Members of Sigma Gamma Epsilon, honorary and professional geological fraternity, heard Dr. Earl H. Bell, assistant professor of anthropology, give an illustrated lecture Thursday night on his summer's field work near Lynch, Neb.
