BROWNE IRONS OUT HARDWOOD ERRORS

Huskers Face Tough Assignment of Three Encounters in honor of Nebraska's coaching Within Week: Shadow of Ineligibility Still Hovers Over Heads of Two Netsters.

By Ed Steeves.

Coach W. H. Browne has had his iron plenty hot this week ironing out last week's faults. The team now looms up as a better working machine, tho still a little indefinite.

HUSKERS ADOPT WRESTLING POINT SCORING SYSTEM

That the Big Six wrestling meets this season will be packed galore with action and aggressiveness, is the firm belief of Coach Jerry Adams, conference president of grappling instructors.

Adoption of the point system of scoring, according to the Husker bonebending teacher, should make the contests more interesting and lively that was the case under the old method of deciding winners. Under the previous plan, a match either ended in a referee's decision or in a fall, but in accordance with this innovation, the arbitor's judgment of a victor will be eliminated. Awarding of points can be flashed on a scoreboard similar to that used during a basketball fray, and the fans can see who is making headway in the match transpiring before them.

According wrestling coach, points will be given on the basis of the following technicalities: (1) Escaping from an underneath position and then breaking into the clear for a getbehind hold, 8: (2) get behinds, 5: (3) escaping from an underneath plight, 3; (4) keeping opponent in a near pin hold; (5) aggressiveness, 1 to 5.

Conference bouts this season will be nine minutes in length, and the winners must show signs of cleverness, talent and aggressiveness. No longer will mat fans be vexed by the listlessness of grapplers, which was the case many times in previous collegiate duals.
