LINCOLN, NEB.

SIGMA TAU DINNER TO FEATURE TALK BY PROF. COLBERT

Speaker to Explain Pending Unicameral Proposal at Banquet Tonight.

Prof. J. P. Colbert of the engineering mechanics department will speak on the proposed engineers and architects registration bill scheduled to be presented in the present session of Nebraska's unicameral legislature, before members of Sigma Tau, honorary engineering fraternity, at a regular dinner meeting tonight at 6:15 at the Y. M. C. A.

The bill proposes the regulation of professional engineers and architects practicing within the state thru the creation of a board of examiners. This board will give state examinations to all desiring to engage in the professions and will give certificates to those successfully passing them. These certificates or permits will be renewable each year without further examination. The plan, which is similar in idea to that used for doctors and lawyers, gives the board the right to revoke any permit if unethical practices on the part of the individuals is proven.

Prof. Colbert will explain the proposed act and also give a history of engineering and architectural registration in the United States. Following his talk, he will open the meeting to any questions which students may care to ask.

STATE FARMERS END FOUR-DAY CONCLAVE AT BANQUET TONIGHT

Kincer Declares Drouth Not Unnatural; Looks for More in Future.

Despite the disagreeable weather several hundred farmers continued to attend the association meetings and sessions of Organized Agriculture at the Ag campus Wednesday. With meetings of the Nebraska Livestock Breeders' association, Nebraska State Dairymen's association, Dairy Breed association, Farm Equipment association, and the Home Economics group scheduled to continue today, a large number of prominent speakers have been secured for the sessions.

Faculty members of the college of agriculture and experts residing thruout the state will comprise the roster for today's activities. Many Nebraska farmers who are prominent in their respective groups will play an important part in concluding the four-day conclave. The

RIFLEWOMEN REVIVE DORMANT COED CLUB

Captain Hough to Explain Shooting Principles at Next Meeting.

Woman's Rifle club was officially organized at a meeting held in the armory yesterday afternoon. Altho existing for several years as a campus group, the club had never been formally recognized.

Active and associate members will comprise the club, according to the explanation of Maxine Wertman, manager. A special committee has been appointed to prepare an emblem which each member of the club will wear in honor of the marksmanship group.

Capt. C. C. Hough of the military department will address the club members at another meeting to be held in the armory this afternoon. He will discuss the parts of the rifle, range rules and scoring, and the technique of good marksmanship. Miss Wertman urged that all interested women should attend the meeting.

JOSEPH ALDEN SPEAKS ON CHRISTIAN SCIENCE TODAY

York Speaker Appears in Ellen Smith Hall on Religious Series.

"Principles of Christian Science" will be the subject of an address by Joseph Alden of York this afternoon at 4 o'clock in the drawing room of Ellen Smith hall.

Study of the various religions is being made under the direction of Betty Cherny, leader of the Creative Leisure Y. W. C. A. staff.

According to Miss Cherny, who will preside at the program, a great deal of trouble has been taken to secure the speaker and it will be well worth the while of those interested in religious study to attend.

CLARK LECTURES ON NORRIS PROJECT AT MEETING OF A.S.C.E.

Lantern Slides, Graphs Used To Illustrate Building Of Tennessee Dam.

Featuring an illustrated lecture on the Norris dam development of the Tennessee Valley Authority by Royal Clark, engineering senior, the American Society of Civil Engineers held a meeting last night in Mechanical Arts hall.

The lantern slides and lecture presented by Clark were sent to the Nebraska campus by the national organization of the A. S. C. E. The Norris development of the TVA was the first major construction activity undertaken in that project. The dam was built 22 miles northwest of Knoxville on the Clinch river and nine miles below that river's junction with the Powell river. The dam and reservoir will control the flow of water which before was inclined to be very flashy—extremely heavy at some times during the year and very slow other times.

Slides showed not only various views of the dam in models and as constructed, but also graphs and charts which had to be worked out preliminary to actual work on the project. Also shown were pictures of the housing provided for the workers which included a school system, cafeteria, and recreation building.

A brief business meeting preceded the lecture. Secret balloting is now in process in Prof. Mickey's office for the group's next officers.

FIVE DIVINES TO SPEAK IN SYMPOSIUM ON FEAR

Lincoln World Fellowship Council Plans Forum at St. Paul's.

"How Man May Master Fear" is to be the topic discussed at a Sunday evening symposium, Jan. 10, by a Jewish rabbi, a Hindu monk, a Negro Christian, a Roman Catholic, and a Protestant Christian. The discussion is being sponsored by the Lincoln World Fellowship council and will start at 7:45 p. m. in St. Paul's Methodist church.

According to Chancellor Elmer Guy Cutshall of Wesleyan, the program will be preceded by special choir music and is open to the public. With the exception of Sreemat M. Bramachari, Hindu monk from Mahanama mission and "Sree-Angran" monastery in India, the speakers on the program are all from Lincoln.

Father Joseph M. Murphy, Roman Catholic, is assistant rector of the Church of the Blessed Sacrament. The Rev. Charles Blooah, Negro, is acting pastor of the Newman Methodist church. Dr. Ray Hunt is pastor of the First Christian church. Dr. J. J. Ogle is the rabbi at Temple Enai Jeshurun.

NU MED CLUB ELECTS R. HOLLAND, PRESIDENT

Theta Nu Announces 11 Upperclassmen as New Members.

Robert Holland was elected president of the Nu Med society for the coming year and eleven members were tapped in Theta Nu, medical honorary for upperclassmen, at a dinner held Wednesday evening.

Other officers of Nu Med are: James Lauridsen, vice-president; Eugene Knox, secretary-treasurer, and Richard Hiatt, reporter. New members of Theta Nu are Max Gould, Howard Hildebrand, Robert Holland, William Hollister, Clyde Kleager, Charles Hranac, J. Estil McConchie, Austin Mutz, John Salyards, Vance Link and Milton Sherman.

Dr. H. E. Eggers, professor of bacteriology and pathology at the University of Nebraska medical college at Omaha, spoke on "Cancer Research." Seventy attended the banquet.

Nebraska Singers Give Cultural Concerts in East; Find Listeners Skeptical of Civilization in West

"Didn't you have to take a stagecoach to Chicago?" John M. Rosborough's Great Cathedral choir was abashed at New York's apparent disregard of the great civilization established in the midwest.

Spending eight days of a two week eastern trip as guests of the famous Waldorf-Astoria hotel in metropolitan New York, the 55 members of the nationally known choir made their second appearance in the world's largest city during the recent vacation.

Altho 10 concerts, several broadcasts, and two rehearsals each day required a great deal of time, the youthful singers were able to dart away long enough to see many of the outstanding musical comedies and stage plays which have been attracting attention of critics thruout the country, visit many of the scenes of interest, and hear the incomparable dance orchestras that all college students long to swing to.

Leaving in three private train cars on Dec. 21, the choir traveled

OLDFATHER WILL SPEAK TO BAPTISTS AT FORUM

To Lead Informal Session on 'Church and War' After Main Address.

Dean C. H. Oldfather of the arts and science college will be the speaker at the dinner forum which will be held at the Baptist student house, Friday evening at 6 o'clock. Following his formal address on the subject, "The Church and War," Dean Oldfather will lead an informal discussion on it.

This is the third in a series of monthly dinner forums which all students are invited to attend. Reservations may be made by calling Miss Grace Spacht, Baptist student secretary, by Thursday night.

APPLICANTS TO FILE FOR FOUR PANHELL AWARDS BY JAN. 10

Junior, Senior Sorority Women Eligible for \$35 Scholarships.

With the filing deadline set as Sunday, Jan. 10, junior and senior sorority women interested in applying for the four Panhellenic scholarships being offered this year by the City Panhellenic association are asked to secure application blanks at Dean Amanda Happer's office within the next few days. Awards amounting to \$35 each will be given to two junior and two senior girls enrolled in the university, and will be presented to the winners preceding the opening of the second semester, according to the announcement of the association.

Following the custom of many years past the city Panhellenic society will award the scholarships to four sorority women who have superior personal and scholastic qualifications and need financial aid. In former years the association has offered only \$20 awards.

Miss Hartley Outlines Future for Women in Chemistry Positions

Speaking on the subject of "Women in the Fields of Chemistry in Civil Service," Miss Olive Hartley, chemist in the laboratories in the civil service and patent offices of Washington addressed members of Iota Sigma Pi, national honorary chemistry sorority at a meeting held last evening in room 304 of Avery laboratory.

Miss Hartley received her bachelor's degree as well as her master's degree at the University of Nebraska, and in addition to her experience at the Washington laboratories, she has worked under two famous chemists, Dr. Washburn and Dr. Hudson.

AFRICA FURNISHES GOLDMINE OF ART, SAYS WIESCHOFF

Noted Ethnologist Speaks at Fine Arts Assembly Wednesday.

Illustrating his extremely interesting lecture with lantern slides made from actual photographs of African art, Dr. Heinz Wieschoff, prominent authority on African ethnology and anthropology, addressed students and members of the fine arts department Wednesday in Morrill hall auditorium.

Dr. Wieschoff, enroute to the University of Pennsylvania after a lecture tour of the United States under the auspices of the Carl Schultz Memorial Foundation, has done much work in African archaeological excavations as a member of the German Inner African expedition sponsored by the University of Frankfurt in Germany.

Wood Carving Popular. "When speaking of African art," Dr. Wieschoff said, "we usually confine our remarks to African wood carving, which is all the rage in Paris and other art centers. But the African mind expresses itself not only in wood carvings but in iron, rock, bronze, leather and many other forms."

Pointing out that most of the treasure-sites for excavations in

IVINS, CURTISS MEET K-STATE ARGUERS ON FEDERAL OWNERSHIP

Same Team to Appear Seven Times This Week Before Prep Audiences.

Opening a full 1937 University debate season, Coach H. A. White's negative squad argued against the University of California affirmative team before a large audience at the Lincoln high school yesterday afternoon. Upholding the con side of the question, "Resolved, that Congress should be empowered to fix minimum wages and maximum hours for industry" were Leonard Kreuger and William Curtis. California was represented on the pro side of the question by Ray Compton and Harry Roberts. The debate was a non-decision affair, as all university debates are.

By request of the Lincoln high school debate forum the California speakers appeared here as the first stop on their tour of the eastern and middlewestern states. Their itinerary includes appearances as far east as Chicago and as far south as Dallas, Texas. Both representatives are outstanding members.

IOWA CONSIDERS BIBLE FOR VACANT GRID POST

Cornhusker Football Mentor Mentioned as Sole's Successor.

Dana X. Bible, Husker football coach and director of athletics, was among those considered by the Iowa university athletic board of control to fill the hiatus left by the resignation of the Hawkeye mentor, Ossie Solem. Coach Solem has accepted a grid instructing position at Syracuse university.

Lou Little, Columbia; Charley Bachman, Michigan State; Noble Kizer, Purdue; Marchmont Schwartz, Creighton; Gus Dorais, Detroit, and Howard Jones, Southern California, are other famous football preceptors who have been mentioned frequently for Solem's job.
