Bill Warner, local agent for the Missouri Pacific railway, finally comes forth with the infallible corollary for Husker basketball victories. No longer will Coach W. H. Browne have to worry about his team doing any habitating in the short ends of the

trips. In two years, the Scarlet has, when they travelled via that road, caesared every foe. This year they have lost every foreign game to which they went by another route.

Carrying the thing still farther, every time the Missouri Pacific has carried a Husker invader, the said invader has been humbled. The only trouble with the whole setup, as we see it, is to force the visiting teams to hire these rails for our victory plot.

Since the day his belated plane landed in the city of capitols, Biff Jones has been playing piggy back to gentlemen of the press and the better population. Everywhere he has been given a rousing ovation with all the clamor of Robert

IDLE AS HUNT FOR OPPOSITION FAILS

Embark on Barnstorming Eastern Tour Early Next Week.

Attempts of Coach Jerry Adams to secure a meet for his wrestlers in place of the Kansas encounter which was called off have failed and the team will be idle over the weekend. The bonebenders leave Wednesday night for the east coast where they will grapple with the teams of five schools on an eight

day road trip.
On Feb. 25 the Adamsmen will arrive in Lancaster, Pa., where they will meet Franklin and Marshall team, and the next day the Huskers journey to Philadelphia to pay a visit to Temple university. Feb. 27 will find the team at Annapolis where they will level their big guns at the navy.

Should the Huskers be successful in their eight day trip, they will have a running start for the annual Big Six championship matches which will get under way at the coliseum March 5 with the finals March 6. U.S. Senator Gerald P. Nye says: enjoy the comfort a light smoke gives my throat"

"I have smoked Luckies off and on ever since my first term in the Senate 11 years ago, and I have always enjoyed their taste and the feeling of comfort and safety a light smoke gives my throat. I have done a great deal of public speaking, on the floor of the Senate, over the radio and at conferences. Necessarily this results in a strain on the voice. So naturally, in smoking, I have to think of my throat-and I have found that a light smoke is suitable to my throat."

HON, GERALD P. NYE U. S. SENATOR FROM NORTH DAKOTA

In a recent independent survey, an overwhelming majority of lawyers, doctors, lecturers, scientists, etc., who said they smoked cigarettes, expressed their personal preference for a light smoke.

Senator Nye's statement verifies the wisdom of this preference and so do leading artists of radio, stage, screen and opera, whose voices are their fortunes, and who choose Luckies, a light smoke. You, too, can have the throat protection of Luckies-a light smoke, free of certain harsh irritants removed by the exclusive process "It's Toasted". Luckies are gentle on your throat.
