

VOL. XXXVI-NO. 107. STATE ENGINEERS Sagging Floors. Weak Pillars TO HOLD ROUNDUP CONVENTION HERE

Our World Abounds On Every Hand.

We are ever struck by the incongruities of Greek initiation ceremonies. The rituals—all patterned after the Ancient Order of Ma-sonry—are solemn, idealistic, classical. Elaborate paraphenalia and robing, lofty language and symbolic services all conspire for vast dignity and impressiveness. Yet even for a few short hours our modern generation can't cast aside their irreverent realism. During waits in the ceremonies, modern maidens squat tailor-wise on the floor, flowing robes pulled up over bare knees, nursing aching arches, yearning for nicotination. Homely phrases supplant aluttered over the vagaries of the unfamiliar garb.

This utter down-to-earthness we do not decry: indeed we feel that the illusionlessness is as healthy as love of onions. But we had a bit of trouble convincing the practical-minded telephone company that a nasty loud buzz was bad for a hushed initiatory expectancy. We may never lose our work-a-day world

¥ 0 .8 0

The Philosophical Bent. Naturally we expected some-.hing quite special from the inner sanctum of Dr. Bouwsma, one of the less clay-footed campus idols. We veritably snooped for trade secrets and indications of genius while we were wait-ing to meet him for the first time, under the auspices of Dotty Fulton. We found both: A much be-pidgeon holed desk and a wall calendar as of No-vember, 1936.

10 10 Look Candid Please!

Something really must be done about Bert Hartzell. He's as omnipresent as the atmosphere. On the campus, about town, in mob scene of tete-a-tete-there's Bert with at least one of his three cameras. If he doesn't catch you in a wild-eyed pose of your own doing, he'll go to great lengths to contrive one for you. And, as vain humanity loves to have its pitcher took, even in inauspicious moments, his collection of candid shots must comprise the biggest blackmail threat of the campus. Menace to

Pretty Picture.

mankind Hartzell.

Nebraska Students Invited To Attend Sessions On Saturday.

University engineering students are invited to attend any or all of the sessions of the seventh annual roundup of the Nebraska Engineering society which is to be held at the Lincoln hotel on Saturday. March 20. No registration fee will be required of any students.

"Licensing of Engineers," and "Transportation" will be the chief topic of the meeting for which the engineers' clubs of Lincoln, Omaha, and Grand Island are co-operating. Heading the list of speakers will be Col. Willard T. Chevalier, vice legorical solemnity, and curses are president and publishing director of the civil engineering publications of the McGraw-Hill company.

> Colbert Society Secretary. Prof. J. P. Colbert of the engineering mechanics department is secretary of the society, and Dean O. J. Ferguson is among the directors. Prof. Colbert has been named chairman of the finance committee also.

On the program will be Prof. Jiles W. Haney, chairman of the ture, a straight-edged timber about ment, who is scheduled to show some motion pictures, and Coach "Biff" Jones who will speak. The complete program follows:

complete program follows: Moving pictures. Frof Jiles Haney. Address of welcome Mayor Brise. Response: Lee Nelson, water and light commissioner. Hastings. President's and secretari's registration American Engin-sering council. Frof. J. S. Dodds. Jowa State college, president, national council of state boards of ergineering examiners. Report of nominating committee and election of officers. Moving pictures: Frof. Jiles Haney. Talk by Coach. "Biff" Jones. "Transportation" by J. W. Wheeler. Barlington engineer of highway negotia-tions.

Each Department to Select **Between Alternatives** Of Proposal.

PRICE 5 CENTS

At least one-third of the entire 1938 freshman class will be affected by the University's senate's proposal to shift recitation periods of certain first year classes to afternoons and Tuesday, Thursday, and Saturday mornings, Dr. A. R. Congdon, chairman of the assignment committee, estimated yesterday.

Forty-two courses probably representing over 100 sections are the number which will be changed when the new ruling goes into effect next September. This number will be composed largely of subjects in the English, mathe-matics, foreign languages, and political sciences departments.

Departments Select Change.

Whether the classes as changed will be instructed on Tuesday, Thursday and Saturday mornings or in the afternoons of the three Bruce Campbell Awarded more popular days of the week, Monday, Wednesday, and Friday, is now left to the respective departments to decide. A choice must be made between the two suggestions.

Following the precedent of affected are those which meet at chronicing the events of the hour thru the lens of the candid camera week on the restricted mornings established by "Life," "Look," and and are freshmen classes with a

'Senator's Husband' Good Comedy, But Lacks Polish First of Series Scheduled

mall.

By Oliver Howard.

Playing before a scanty but hopefully appreciative audience, the Players rather stumbled through their opening performance a of the final play of the current season last night at the Temple. Stumbled because most of them either had not had time, or had not taken trouble to learn their lines or the business. The play itself is not bad, but it saily is in need of another week's rehearsal. Miss Bannister Stars.

affirmative over Zeta Beta Tau,

The cast is heavily reinforced with members of the faculty of the speech department, but their per- give it. formance was not at all superior to that of the student players. The one bright spot of the whole play was Marjorie Bannister's presentation of Bertha Madden, a congressman's wife To her we give credit-where credit is due. She stole the show and by a large margin gave the outstanding performance.

The play was written by Fred Ballard, a local boy who has made good as a playwright., and is presented as a "pre Broadway",

performance, maybe even a Worki Premeire. We note in passing that characterizing the thing as "pre Broadway" performance, is bit presumptious, and reserve judgment until we see notice of its opening in the Times.

The comedy is titled "The Senator's Husband," and the title role is played by Charles Rogers, who tried hard to do two things-to remember his lines and to imitate Edward Everett Horton. He was not consistent in either. He designed the sets, and here too credit is due. We are happy to

Dia Their Bits.

Senator Smythe portrayed by attend Margaret Carpenter, looked severe throughout two and a half acts, and then fainted in the third. Don Buell, lately of Maine, was Boone Jackson, the husband of a congresswoman. Arthur Ball, as the senator's son looked cherubic. Polly Gellatly as Babe Fuller, who in the last thrilling scene is revealed as Mrs. Bradford Smythe had the rather bad habit (Continued on Page 3.)

Development.

Twenty-four slides concerning the fundamentals and the elements of picture making will be shown at the combined meeting of the regular division and the ministure section of the Lincoln Camera club tonight at 8 o'clock in room Morrill hall. Entitled "How to See Pictures" this collection of slides designed to lower the mortality rate of photographers' negatives.
