SEEN ON THE CAMPUS

White shoes, no coats, ankle socks, and even a few cottons; summer has indeed arrived. Bob Gannon very smart in a pair of yellow suspenders accented by a narrow blue stripe, contrasting colors are the thing. Invariably every afternoon Professor Walker is to be found in the Moon sipping chocolate cokes... a recently sprained wrist, a gym class, and an infected finger combined to make Pat Peterson give way to her prerogative as a red head to have a temper tantrum... the Tri Delt who got a little mixed up in her German translation and read instead of "God greets you," "Greetings, by God"... Jimmy Beltzer curled up on the davenport in the Argway office sound asleep... Pat Lahr admitting that her glowing health is due to plenty of milk plus two apples a day... blind dates are usually disappointing but Mildred Holland looked like a double drip when she came down the stairs disguised in horn rimmed glasses... deciding that she was too young to wear a pin, Claudine Bert compromised by accepting Carl Cleveland's guard... Campus party-goers will be kept busy this week end when they will treke to the spring and house parties of five fraternities and two barb organizations.

ing the bare feet of every light sleeper in the house hit the creaking floors. The inevitable had happened. A great crash from Coolidge's room jolted them from troubled slumber.
Bumping into their friend's room in the dark, they found him still sleeping. But there on the bed beside him was a huge chunk of plaster, four inches thick in places and three feet in circumference.
The sagging ceiling had finally fallen. Coolidge slept with the sinister bed partner until morning. The potential death missile weighed upwards of 50 pounds.
The treacherous ceiling had begun to fall several days before. The hazard terrorized all who came into the room. The landlady had twice tried to make arrangements to have it fixed, but the boy of the mining and soldier background pool-pooled the danger and went on sleeping under the hanging cloth which looked like a jaggedly broken hole in the thick ice of a muddy white lake. Coolidge got a new ceiling yesterday.

4TH ALL-SCHOOL GYMNASTIC MEET SET FOR APRIL 29

Athletic Board Accords to Tumbling Sport Place in Athletic Program.

When the fourth annual all school gymnastic meet gets under way next Thursday night April 29 at 7:30, Coach Charles Miller will have the satisfaction of seeing the tumbling sport safely incorporated in the athletic program after three years of adverse conditions.
It was in 1934 when the first all university meet was proposed by Coach Miller. As a result of the meet Ed Reynolds, Floyd Herman, Ed Egnell and Jack Green agreed to pay their own expenses of allowed to form a gymnastic team. Permission was given and the team entered one triangular meet and gave two exhibition meets. This team won the Rocky Mountain A. A. U. championship. No letters were awarded.
This was the first time a gymnastic team had been formed in more than a decade. Before that time the teams had given exhibition meets but rather participated in intercollegiate competition, the Western Intercollegiate meet being the only one attended by the team.
Receive Minor Letters.
The next year the athletic department recognized the achievement these four men had made during the previous season and rewarded them by assuming a good part of the expenses and by awarding minor letters. The team had

dual meets and tied for the Rocky Mountain A. A. U. championship. Finally, this year, the athletic board has accorded the sport full recognition, paid all expenses, and awarded both major and minor letters. The squad won three dual meets, second in a triangular meet and won the Rocky Mountain A. A. U. title for the second time in three years. Most of the teams met by the Huskers this year have had team strength of nine to fourteen

men while Coach Miller has had only four or five men available. The gymnastic mentor hopes that more men will report for the team next season.
Reynolds Goes to Hanover.
Reynolds was sent to Hanover, N. H., the last of this season to enter the biggest gymnastic meet in the country at Dartmouth college. The Husker placed fourth in all-around competition. Meanwhile, ten men have already entered the fourth all school meet and more are expected. Coach Miller has been instructing them in the saw dust pit west of the coliseum and much progress has been reported. As an added attraction it is probable that some of the members of the varsity will give an exhibition during the meet.
