

How Much on the Level Are These Embroglios?

.

By Morris Lipp. Wonderment befuddles this pinch hitting sports writer while reading the accounts of the so-called "battle of the century" at St. Louis when a pitching duel between Carl Hubbell of the New York Giants and Dizzy Dean of the St. Louis Cardinals took second place to a free for all fistfest. When a balk had been called on Ol' Diz, the embroglio began be-tween the loud mouthed Cardinal ace and Jim Ripple, Giant outace and Jim Ripple, Glant out-fielder. In a couple of seconds both nines were nearly to a man in-volved in the fight. The Glants won 4 to 1 giving cool, calm and col-lected Hubbell his 22nd straight win. Diz and Ripple paid \$50 each for touching off the dynamite to the season's first big melae. The HUSKERS DEFEND the season's first big melee. The thing that causes the local bewilderment is how many of these baseball fights are on the level? The resemblance to the mock agony and pretended bitter feeling of professional "rassling" is remarkable, Real McCoy or not, free for alls on the diamond make good reading and it wouldn't be saying too much to hint that publicity of this sort makes for rapid clickings of the turnstiles, would it?

That old adage about one in the band and all that may be accurate conugh, but you'll have to agree after you hear our tale that three or four in the palm is the thing to aim at.

After a time in the anals of football he decided he had received little encouragement from the athletic dignitaries and thus packed up and left Huskerland in a hurry and a huff. Now at Wayne Normal college

he is tossing his name into all the banners of the state's press. Crit-ics are now calling him another "Wild Hoss" Cardwell, especially since his performance this week when he copped 18 points in isx different events.

He was the boy that awed the sports bench last fall in the froshvarsity warmup by ripping down the gridiron and nailing Cardwell

while on full gallop, from the rear. As we have a few pipe dreams (different from hallucinations) we wonder how it would be to have Bradford. Vike Francis. Bus Knight, and Jim Mather all in the Kansas and Kansas State in indoor backfield in a couple of years. Or to have Mather, Bradford, Edsel last March the N. U. men broke Wibbels and the rest of the boys their own circuit scoring mark by on the same track team.

This time only one snipe down along the river bank could be heard. It was running in the direction of the light when the Burlington Zephyr streaked its way thru the woods. There was a splash in the river.

"It's all off," Dale sighed. "The train scared the sinipe and it jumped in the river."

No snipes were caught. Dale is enlightened, but Eunice looked in the dictionary yesterday and discovered that there are such rare birds.

WHAT happens in fine wines hap-pens in tobacco-aging mellows and enhances flavor.

As every tobacco expert knows, pipe tobacco can be rushed through the plant and save big sums of money. Edgeworth does not do this-that's why Edgeworth is different.

Edgeworth is PROCESS-AGED, a method as vital to these fine tobaccos as aging is to fine wines. Process-Aging requires twelve steps, each under laboratory control. It takes 4 to 7 times as long as might seem necessary. But in no other way can we guarantee that Edgeworth will not hite the tongue.

If Edgeworth is not the most delicious pipe tobacco you ever smoked or if it bites your tongue, your money will be cheerfully refunded.

NOTE: There are three kinds of Edgeworth for you to choose from:

1-Edgeworth Ready-Rubbed-a cool, long-burning tobacco preferred by seasoned pipe smokers.

2-Edgeworth Plug Slice-for the pipe smoker who likes to crumble the tobacco in his hands until it's just right for him.

3-Edgeworth Jr-for the pipe (and cigarette) smoker-the same tobacco also Process-Aged, but cut for "roll your own" and manufactured to give the beginner a milder, more freeburning smoke.
