

Fresh Femmes Fascinate Fatally

Most noticeable of all changes wrought by the beginning of the new year is definitely the campus beautification.

Reigning belles dress with careful charm and vivacity, the fellows ogle and step lively, the faculty is painstakingly patient.

Stories of just how completely the lovely young things are taking the old school by storm are legend.

Goodbye Grade. It begins to look like a bad year for high grades among first year students.

Masculine expressions of enthusiastic appreciation cropped up very early and bid fair to evolve a new regime.

Rocking Chair Relegation. So obviously it's up to us, the oldsters to learn how to win friends and influence people.

Reports indicated that the car in which the trio was riding from Omaha to Lincoln hit a guard rail or a road abutment, although authoritative details of the wreck could not be learned.

Irving Hill Finds Ypres Battlefield "Compelling"

No Democracy in England, Says Hill; France Fears Dictator.

By Selma Hill. "So it's home again and home again, America for me." After spending almost three months touring scenic Europe Irving Hill, innocent and president of the student council in 1935, confessed that he was so "fed up with seeing cathedrals and museums abroad" that as soon as he saw the statue of liberty the "air seemed fresher and the sun shone more brightly."

"Europe is a continent emerged in the past," Irving stated. "That is its glories are old; it nurses grievances and hatreds from history. Looking backward has blinded them to the future whose logical outcome of hatred will be war and a final destruction of all the fine European tradition. I'm glad that I saw the deity in Europe now," he declared.

According to Irving the general European prediction is that there will not be war for four or five years unless something breaks in the danger spots in Europe—Spain, the Mediterranean, and the far east.

That America must be willing to pay the price of keeping out of the whirlpool of intense hatreds and conflicts of interests, was stressed by Mr. Hill. That price is economic nationalism. A trip abroad makes one an American nationalist, almost a jingo in his personal opinion.

Students should immediately notify Y. M. Secretary C. D. Hayes of any change in phone numbers or street addresses.

Five Fraternities Fined for Abuse of Rushing Rules

Greek Council Suspends Social Privileges of 3 Houses.

Three fraternities were forbidden to sponsor any social activities for one semester and four pledges suspended for 30 days by the judiciary committee of the Inter-Fraternity council Thursday night as punishment for breaking rules governing rush week.

Phi Kappa Psi, Phi Sigma Kappa and Lambda Chi Alpha will not be allowed to schedule any hour dances, house parties, formal parties, or any other social function this semester except for the annual Homecoming day celebration.

Enforcement of rushing regulations has become so lax in the last few years that we deemed it necessary to take a drastic move to curb further trouble in years to come," Web Mills, president of the council declared.

TOTAL OF 5,390 STUDENTS BEGIN DUTIES THURSDAY

Officials Predict Decrease in Enrollment From Former Records.

Two more students than the 5,388 registered at the university a year ago began attending classes which opened at 8 o'clock yesterday morning, university officials announced.

Freshmen and transfer students totaling 1,098 completed their registration Wednesday as compared with 1,055 of 1936. Present figures point to a slight decrease in total enrollment for the 1937-38 school year, officials said.

Registration attendants are anticipating nearly 300 students who will have to pay late registration fees, approximately 400 graduate students who have until October 2 to complete their registration, 335 medical students at the Omaha medical school and 105 students in the school of nursing.

This would bring the total enrollment to nearly 6,530, as compared with a total of 6,546 for last year.

REPORTERS MEETING TO BE HELD TOMORROW IN U HALL BASEMENT

Murray Urges Freshmen to Report Early for Work on Paper.

A meeting for aspiring reporters will be held Saturday at 2 p. m. in the Nebraska offices in the basement of University hall, when newspaper possibilities on the campus will be discussed and assignments designated.

All students, including freshman, who have any inclination toward journalism are urged to attend and take advantage of the practical instruction which presents itself to those who work on the campus daily.

Starting reporters will have a chance at covering different types of news stories to find out for which they are best suited.

Editor Ed Murray of the Nebraskan encourages freshmen to attend the initial as well as the following reporter's gatherings, saying that working on the campus daily offers an opportunity to see college in addition to going to college. He considers this work of primary importance to the budding journalist as well as to those students further advanced.

PANHellenic TO REVISE SUMMER RUSHING PLANS

Muriel White Announces Probable Return to Former System.

Summer rushing for the coming year will undergo a complete change, according to Muriel White, student president of Panhellenic, governing body of the sororities on the campus.

"The system of individual rushing during August did not work out successfully this year," Miss White stated, "and in 1938 we will probably return to the system of allowing each house a stated number of large rush parties."

Miss White admitted that she intended to try to abolish summer rushing completely, but did not believe it possible. The quota system, she said, in use on so many camps, will be thoroughly studied by Panhellenic members this year, although it will probably not be adopted.

WAA Distributes Blotters to Gain Interest in Club

In cooperation with registration for women's physical education, the W. A. A. council has distributed several hundred Nebraska blotters.

The blotters, which carry a program of women's athletics and a 1937 football schedule, are being distributed to interest women in the W. A. A.

The new setup in the Awgwan offices, with the intention of bringing the magazine of western interest into eastern prestige, has already brought letters of commendation from the Philip Morris company. In the letter, the Awgwan was listed in a select group of top-ranking college magazines as rated according to the magazine's cosmopolitan content and interest in reading material.

Dean Pohlenz was forbidden by the committee to pledge any fraternity before the beginning of the second semester because of failure to keep a rush date. Both fraternities were exonerated when blame for the violation was assumed by the rushee.

For failure to turn in a list of their pledges at the proper time, Sigma Nu was fined \$10. Sigma Nu social activities were not suspended as they did not submit a list for unauthorized publication.

Members of the Inter-Fraternity judiciary committee are as follows: Prof. E. F. Schramm, Col. C. J. Frankforter, Dean W. C. Harper, Web Mills, president of the council; Charles A. Jelsack, council vice-president; Martin Geirlich, treasurer; and John Bishop, secretary.
