

**POLICE PROMISE RIGID TRAFFIC REGULATION**

**Drivers Will Obtain New State Licenses at Court House.**

Stricter enforcement of traffic and parking rules will be put into effect during the coming school year, according to report from Sgt. L. C. Regler of the campus police. Renewed emphasis will be placed on the giving of warning signals by the driver.

Parking spaces reserved for faculty members are the spaces be-

hind the School of Music and Chemistry buildings and between 12th and 14th on the south half of the mall. Students are warned not to park their cars within those spaces nor on red lines. Warning tags will be issued for first offense. Second offenders will be subject to arrest. Speed limit for campus driving has been placed at 18 miles per hour.

Cautions have also been issued against double parking at football or basketball games, and pedestrians are warned against jaywalking and walking against the red light. Several fines have been placed on such charges. State drivers' licenses, which must be obtained before Oct. 1, are being issued at the office of the county treasurer at the courthouse. Applicants must successfully pass a visual examination before obtaining a license. A fee of \$1.00 has been set for new licenses. Renewals may be obtained for 75 cents.

At the University of Manitoba they used coeds to separate reluctant collegians from their nickels and dimes, in soliciting community chest funds. A group of "beautiful freshettes" went around the campus giving any and all men the well known, shakedown. Quoth a scribe on the Manitoban, "These gals may know little about baking bread, but they do know plenty about getting dough."

Wealth is more equitably distributed among married men than among bachelors, says a recent survey.

**Johnny Howell Blossoms Out as Daily Nebraskan Society Editor**

**As Johnny Sees It**

The correspondent taking his teacup in hand and accepting his new duties is rather at loss as to where to begin. Right now I am apologizing for all the journalistic mistakes that will be made in this column and want to beg the coeds' pardon for all the bare truths that will be presented here. As this is my first attempt at presenting for your approval the masculine attitude on all social activities on the campus, it is as much of a surprise to me as it is to you.

Inasmuch as the chancellor's reception has been cancelled on account of Poliomyelitis, the social whirl has gone into a temporary slump; football practice continues as usual.

You can't tell me that girls aren't vain even in the face of such a serious disease. It seems that a local photographer wanted a picture of the house where the university girls are in quarantine and before he could complete his photos all the coeds in the house had appeared on the front porch, more than anxious to be photographed. These Women!

As far as I've gone I think these journalists are greatly underpaid

**As Mary Anna Sees It**

After all the years of martyrdom at teas and such, feminine society editors are being given a bit of a run for their money by our gallant gridster who is about to add his own individual touch to brighten our column. Perhaps Johnny is just another tea bound with a nose for news and a definite flair for journalism, but we always liked him best in his jersey and cleated shoes.

Anyhow I'm willing to bet that my masculine rival won't let you in on a little of the Delt rush talk, but one of their best lines last week was that every year the Deltas move two blocks nearer the campus.

Is Jean Doty really back in school or does she just hang out at the Drug all the time because she's lonesome for Ted? Which reminds me that Dow Wilson is not looking too awfully lost without Charlene Omen this year, but then she was engaged to someone back home all the time that she was wearing his Delt pin.

Pastures in Omaha must seem greener to Helen Hoffmark and Jessica Mutz—it's a Princeton and a Washington and Lee man respectively. They've been the promoters of some exciting week ends in the "big city."

Pi Phi sisters of former Nebraska Sweetheart, Sancha Kilbourn, haven't quite gotten used to the idea that little Sanch will soon be saying "I do" with Lieut. Dale Garvey of Blair. The announcement came as a complete surprise at a dinner given in Omaha.

Excitement at the Chi O house preference night was enhanced when Eleanor Clizbe passed the candy with Clyde White, Farm House. Rumors run that Ellie has

turned down offers for jobs in the east, just to be near Sioux City.

Vera Mac Peterson and her journalistic fiancé, Eddie Yinger, will soon be dashing frantically between Hydraulic and South Fannie sts., in Wichita, trying to decide where to deposit their baggage.

Jo Marsden, D. G., has set the date with that attractive Sig Alph from Oregon, Leon Perry, October 9 is the day, more details later.

**CAMPUS COP NABS FRATERNITY ROW SUMMMER THIEVES**

(Continued from Page 1.)

The ransacking of the Pi Kappa Alpha house, 1201 J street, on August 16. Similar report came from the Sigma Nu house, 625 North 16th, on August 16, and from the Delta Delta Delta and Alpha Xi Delta sororities on August 19. Examination of the Alpha Xi Delta house disclosed two mantel radios and a brief case, swamped in newspapers, lying in a basement window. Believing that the marauder would return for the radios, officers stationed themselves in the basement about 5 o'clock on the evening of August 19. About 1 o'clock in the morning soon after Sergeant Regler had returned to the office, Officer Strawn arrived with two boys whom he had arrested upon their return to the Alpha Xi Delta house and who confessed that in company with a group of other boys they had broken into the four houses. The boys were brought before juvenile court, where all were paroled to their parents except the oldest one, age 18, who was released on \$1,000 bond, to appear before district court.

Twenty out of 57 universities and colleges recently questioned report that they maintain motion picture services for about 5,000 other schools.

Master of 53 tongues, Prof. Watson Kirk Connell of Wesley college, Winnipeg, says Basque is the most difficult language in the world.

**PALLADIANS WILL HOLD FIRST MEETING FRIDAY**

**Barb Social Group Will Invite Unaffiliated Students To Open Program.**

First open meeting of the Palladian Literary Society is scheduled for Friday, Sept. 24, at the Palladian hall on the third floor of the Temple theater. All unaffiliated men and women students interested in membership in the society are invited to attend.

The Palladian Literary Society is the oldest student organization on the Nebraska campus, having been organized only a short time after the opening of the university in 1871. Its purpose is primarily to furnish social life to unaffiliated men and women, encourage high scholarship, and provide an opportunity for its members to develop in various lines.

Closed Meeting Monday.

Closed business meetings are held Monday evenings thruout the school year, with open program meetings each Friday evening in Palladian hall on the third floor of the Temple to which all students, both men and women are invited. A variety of

entertainment is planned for the year, members sometimes furnishing the program, while at other times men and women from outside the organization are invited to appear before the group. Parties, banquets, picnics, and other events also are on the year's schedule.

Officers for the first semester are Jeanette Osborn, president; Louis Lundstrom, vice-president; Robert Holland, treasurer; Gladys Swift, program secretary, and Faith Medlar, corresponding secretary.

**Dr. Morton Speaks on Teaching Profession**

Dr. W. H. Morton, principal of the teachers college high school, was the featured speaker at a meeting of student teachers held Thursday.

The purpose of the meeting was to acquaint practice teachers with their duties and outline the aims and ideals of the profession.
