## AS JOHNNY SEES IT

Touching indeed was the farewell party given for student publication Big-wigs Murray, Wadhams, Clayton and Lynch as that quartette left for a convention in Chicago. Present at the affair was a girl named Mary of Chi Omega who, with a young man engaged in instructing university students, succeeded in getting two tickets away from the none-to-steady Murray and Wadhams and were all set for a pleasure trip to Chi. As train time neared, the boys of the Nebraska were tearing thru their pockets for the necessary ducats. The instructor and the young Chi O, however, returned the tickets in time for the boys to make a flying dive at those high backless stools which are so convenient in modern streamliners.

Harris Andrews, to whom we give the title "neatest looking football player," got wise with the Athletic Business Managers office the other day. Andy marched into the office and announced his intention to reserve seats for next year's football season. Very explicitly he was told that tickets for next year could be reserved by mail. In the mail next morning came a postcard. Not an ordinary postcard, mind you, but one about two feet by four feet, addressed to John K. Selleck, asking that seats be reserved for Harris Andrews. They tell me that Andy looked exceedingly sheepish next day when he walked into Selleck's office to see if everything was in order.

The set-to betwixt Sigma Nu Jack Bingenheimer and D. G. Betty Davidson continues but I think it ain't bona fide. It seems she is hovering between seven or eight Beta's and the lone Sigma Nu. I definitely think the affair resembles that of the 10,000 Swedes running thru the woods pursued by one lone Norwegian. Bing is way out ahead, say insiders.

## AS MARY ANN SEES IT

Your date book will look more like a telephone directory this season if the deluge of house parties continues as it is this week-end. Perhaps it would be easier for me to tell you who isn't entertaining than to try to include them all, but here goes.

## A GOOD BEGINNING.

The initial party of the week is at the Beta house Friday night, so it looks like we're off to a good start. Then Saturday, the Tri Deltas are having open house following the game—an opportunity to drop in for food and dancing.

## DOING THE ROUNDS.

We just must give Oklahoma a good run for their money and then some because everyone has been counting on celebrating. You might stop in at the Acacia house Saturday night. They're having a circus with peanuts and pop corn and even pink lemonade.

## NEXT ON THE PROGRAM.

The Phi Mu I've heard will have plenty of punch at their shindig. Anyhow, haven't you been just dying to see their house since it's been redecorated?

## WE CAN'T MISS THIS.

There's nothing more fun than a D. U. house party. Everyone of them last year was something extra special. This Saturday is just the opening number on their season's schedule.

## NEAR FAME.

An evening at the Delta house party would be something to remember. Just think, you might even see such stars as Johnny Howell, and Paul Amen (with all apologies to Paul).

## RAM, RAM, COLLEGE.

The Sig Alphas have gone exclusive and are having a closed party Saturday night, but then of course they have to accommodate the chaper first. The party will be very much suggestive of our "good ole alma mater" with decorations of scarlet and cream. Incidentally everyone's dressing very informally.

## HALLOWEEN.

Raymond hall, at their house party Saturday are using pumpkins and cornstalks for decorations. Mrs. Viola Erickson will chaperon the affair. It from 9 to 12 and is open.

## AND DON'T FORGET.

The Phi Mu and Sigma Kappa parties at their respective chapter houses. Both are at 9 p. m. and ought to be most exciting.

## AND ON SUNDAY.

The A. T. O.'s are winding up the week end with a buffet supper at the house. I do hope you don't try to take in every party, because well, I'd just hate to see you Monday if you did. Time was when you could turn out for almost everything, but those days are gone forever, I guess.

"There is little to be attained in thumbing a ride in the rumble seat of a college curriculum," warns Dean Guy Stanton Ford, acting president of the University of Minnesota. "It is not the business of a university to educate its students against their will. What you get out of college and out of life will be a measure of what you put in it."
