AS JOHNNY SEES IT.

Your last chances for a fling at long dress, bib and tucker parties before allegedly indulging in deep study come this week-end. On Friday evening Phi Gam and Phi Mu will provide the entertainment and on Saturday Alpha Xi Delta and Carrie Belle Raymond formals will be the places to go.

Three of the more handsome men on the campus took steps about two weeks ago to mar their classic profiles. Charley "Robert Taylor" Brock, Harris "Clark Gable" Andrews and Harwin "Tyronne Power" Dawson decided about a fortnight ago that it was high time they were putting an end to all the feminine attention they are getting. They decided that there couldn't be a better way to squelch the "dames" than to stage a beard-growing contest. Well, nearly two weeks have passed now and aside from a little blond peach fuzz at the point of the chin I can't see how they can tell who is going to win the contest. It seems about as futile as Dagwood's attempt to raise a mustache in the comic strip "Blondie."

Subject of many a debate in sorority houses Tuesday and Wed-

nesday was whether Paul Amen's injured knee would affect the beauty of his legs. Rest easy, I'm sure that it won't. I sympathize with Paul, however, for having to lie in the infirmary.

I've been scouting around, interviewing this and that girl trying to find out just what the average Nebraska coed expects to marry. The consensus is that he must have brains, character, adequate income and a "nice" sense of humor. Note: Nebraska law forbids bigamy.

Classes at Teachers college and coking sessions at the Campus Inn and the Uni. Drug were disrupted Tuesday when two youngsters started a battle in the street. The scrap lasted for about 15 minutes before one of the many students looking on decided that it was his obligation to society to stop it.

I've been expecting a boom in business at the drug and know that it has imported a feminine waitress which is its first as far as we know.

I believe I've discovered the subtle purpose of the stop signs at 14th and S sts. It's for the protection of those femmes who are

want to stretch their neck in an attempt at sophistication.

In case anyone was wondering, Floyd Ebaugh and Inez Haynie are still very much that way. In fact, more so than ever.

Phi Gamma Delta announces the pledging of two new students, Herbert Hillman of Kearney and Milton Benjamin, McCook.

SEEN ON AG CAMPUS

GLENN KLINGMAN driving LOREE ROSS, Sigma Kappa, car around. It was alright tho, because LOREE was with him.

JAMES HANEY, Kappa Sigma, tipped over his chair in Dairy 1. Sleeping with your chair tipped back is comfortable but it isn't safe.

PROFESSOR CROWE came into Dairy class limping the other day. Going to throw those skates away, Prof?

TED DOYLE, among other A. G. R.'s, was trying to hitch-hike home from the corner of 17th and Vine last night. What happened to the "WHATSET" Ted?

MARION STARLIN and ARNOLD REED must be getting along pretty well after all. Anyway ARNOLD is taking MARION to the Phi Mu formal.

VIVIAN BROWN is having a terrible time. She has been asked to go places with ART SMITH, ALVIN REIMER, and CARL MANKE and DAYTON KLINGMAN this coming week end. Must be awful to be so popular.

Or is it? HELEN TRIMBLE was paged all over the campus the other morning.

VIRGINIA McGRATH has been seen going places with BRUCE CLAUSEN, the football player, here of late. And Virginia has been wearing a diamond since she came

back from Christmas vacation. Do we see a romance in the offing?

FRANK QUANTE walked out of Baughn's drug store with four boxes of chocolates last night. They'll have to start hiding the punch boards when ever they see him coming or go bankrupt.

DENVER GRAY looking for a room at 3417 Holdrege. It is strictly a girls rooming house. But, it'll be nice work if you can get it, DENVER.

MARIE KOTOUK SPEAKS BEFORE FROSH A.W.S.

W.A.A. President Describes Purposes of Women's Organization.

"All freshman girls automatically become members of the W. A. A.," explained Marie Kotouk yesterday when speaking to the freshman A. W. S. group which met in Ellen Smith hall at 5 o'clock.

Miss Kotouk stated the purposes of W. A. A. as: First, to allow student women to pursue their favorite recreational sports, and second, to promote acquaintance between the organized houses on the campus.

"Intramurals are the most widely known activity of the W. A. A.,"

Miss Kotouk said, "and are developed along the idea of competitive sports between organized houses. Plaques and cups are awarded for outstanding performance."

Other groups sponsored by the W. A. A. are the clubs which are organized for special sports, and follow them for a longer period than the intramurals do. The W. A. A. also sponsors a party for freshmen at the beginning of the school year, and Sports Nights thru the year. Scholarships are given to worthy individuals who are partially self-supporting, and have shown an interest in W. A. A.

"Coke dates" during working hours are a privilege of the coeds who work in a shop near the University of Oklahoma campus. That is, as long as the shop is not busy. Their employer thinks they come back to the job more alert and ready for work.

STILL "TOPS"... after 31 Years As a Tobacco Auctioneer

Veteran Jim Edwards tells why tobacco experts prefer Luckies 2 to 1...

"I recently sold 489,000 pounds of tobacco in one 6½ hour day," says Mr. J. N. Edwards of Farmville, North Carolina.

"There was a buyer, naturally, for every one of those 489,000 pounds... But there was as much difference between the best grades and the inferior, as between a pretty girl and a homely one.

"At auction after auction, I've seen Lucky Strike go after the prettiest lots of tobacco. It's no wonder Luckies taste so good. I've smoked them since 1917.

"And another thing... even after yelling out tobacco bids

all during a seven hour day, Luckies are still just as easy as ever on my throat."

Only Lucky Strike offers you the finest tobacco plus the throat-protection of the exclusive process "It's Toasted". This process takes out certain irritants found in all tobacco—even the finest.

Men who know tobacco from A to Z—experts like Mr. Edwards—are surely good judges of cigarettes... Sworn records show that, among independent tobacco experts, Luckies have twice as many exclusive smokers as have all the other cigarettes combined.
